## **GRIPS MAY GIVE** MURDER CLUE

Suitcases of Italian Slain Near Hamilton Found in Guelph Station.

C. P. R. Officials State Luggage Was "Checked" About One Month Ago.

Special to London Advertiser. GUELPH, May 28.—That Jimmy Loria, the young Italian who was brutally murdered near Hamilton a week ago and whose body was found in Beverley swamp, had visited Guelph quite recently, is evidenced by the fact that two sultcases owned by the deceased were discovered by Provincial Officer Strachan of Toconto, who came to Guelph with two keys found on the dead man's per-

The number on the keys indicated that they were secured at the Guelph station. It was in this way that the authorities were aware that Loria had left some of his belongings here.

When opened at the local police headquarters the grips were found to contain a number of articles of clothing belonging to the murdered Italian, and several photos, which were identified by Guelph Italians as having been taken at Welland,

After examining the contents of the guitcases and securing whatever in-formation he could in the local Italon colony, Officer Strachan left last night for Hamilton with the two grips. It is possible that the finding of the luggage may lead to new develop ments in the case.

According to the officials at the P. R. depot, the grips had been placed in the lockers in the waiting-room of the depot about one month ago.

## EARL FRENCH IS TORONTO GUEST

British Field Marshal To Be Given Reception in Queen City.

Will Guard Against Contentious Remarks in Address.

TORONTO. May 28.-Feld Marshal Earl French, commander-inchief of the British forces in France in the early days of the war, who will be tendered a public reception at the city hall, Toronto, and later will address the Empire Club, reach-ed the city today from New York. He was accompanied by Colonel Arthur F. Cousins, his aide-de-camp, and was met at the Union Station by a few personal friends.

Lord French's visit to this continent, he said, was strictly private, and he was not permitted to talk on political affairs or subjects of a contentious nature.

"I am just a sort of globe-trotter just now," he said. "I have been on his continent for three weeks, but I felt I must pay a visit to Canada pefore returning to England, which I shall do at the end of this week." His chief object in coming to Toconto was to express his most hearty

# They Want what they read about

The Merchant re-orders by Long Distance

The standards of living for the average family in Canada grow higher each year. The luxuries of yesterday are the necessities of to-day. People in the smaller towns and on farms want the newer things they read about.

Dry Goods Stores, Grocers, Shoe, Hardware and Paint Stores, in the smaller towns, all find they can show the newest things by carrying small stocks of them and re-ordering by Long Distance. The jobber or manufacturer's warehouse is at their elbow - their order departments are alert for telephone trade!

Shipments are often made the same day. Up-to-dateness of merchandise is no longer confined to the big city stores-and large sums are not locked up in stock.

Try it. Have a big store in a small town. "Use the Bell to Sell" — and to Buy. Most of your calls can probably be made at the lower Station-to-Station rate.
