Alleged Capture of a Chinese Dynamiter at Victoria, B. C.—A Trip-Triggered Explosion.

VICTORIA, B. C., Nov. 19.—This city has been in a state of great excitement. Owing to information received a close watch has been kept on all arrivals at this port for emissaries of O'Donovan Rossa. Not that anything terrible was expected to happen, but warnings had been received and the customs officers had special instructions to keep a sharp look-out. On Saturday the steamer North Pacific arrived here. Among the passengers was a quiet, insignificant Chinaman carrying an unpretentious carpet bag. Usually those people are allowed to go through with little if any examination, as it is very rarely indeed that anything contraband is found on them.

But this allowed-eyed stranger appeared in a hurry. As he came off the gang, he was bumped to push through the crowd, but the customs man halted him and demanded to know the contents of the bag. The Chinaman at once replied, "Welly good, but I do not know." He then placed the bag in the hands of the customs officer, at the same time placing one hand on the fellow's shoulder, and the other on his own breast. He then spread the blanket of the packet, tore open the bag and shook out the contents. "Dynamite cartridges and capped, by Jupiter!" shouted the keen-eyed official; when those who looked on, very quickly, and nearly as if by magic, were scattered. The Chinaman and the cartridges were at once secured and conveyed to a place of safety. It is rumored that the owner of the bag is a fanatic in disguise.
