A breezy and lively confab followed over a resolution introduced by Mr. Scully, setting forth that the chairman and other members of the board interfered with the officials of the library, and providing that the practice be stopped. The motion was evidently directed against Chairman Hallam and Mr. Mills and Mr. Knowlton. On one occasion, it was stated, Mr. Hallam and Mr. Mills were seen behind the counter of the library with their coats off serving out books to the public. Two or three amendments were moved to the motion, nearly all being the same.

being the same.

Mayor Boswell took strong objection to the spirit of the motions, and said it would be a remarkable thing to put a motion on record prohibiting the chairman of the public library board from using recognized authority. He did not, however, think that the chairman or any of the members should "interfere" with any of the officials or any of the attendants in the discharge of their duty. The motion was only

The Great and Only Ernest Albert. Macdonald, which his front name is Ernest Albert, continues to make himself very busy with affairs in St. Matthew's ward At his instance Justice Rose yesterday granted an injunction restraining the public school board from consummating the purchase of a school site in the ward, on the ground that the price was excessive. Upon his application also the master in chambers granted a writ of quo warranto to contest the election of W. J. Smith, returned as alderman for the ward, the reason being that he has not sufficient property to qualify. It would be interesting to know how Ernest Albert stands on this point himself. A third case in which Macdonald figured in an entirely different light ways to be sufficient to the sufficient with the worker ways. light was up in the police court, that worthy being charged by P. C. Allan with having obtained \$10 from him on a worthcheck. It was adjourned to give him a cha te to exp ain.

Goldstein et al, is to recover damages for alleged in-juries sustained by Mrs. Hyman Bender at the hands of Abraham Goldstein, George Armstrong and Robert Ritchie. Over a year ago Goldstein and the other defend-ands took away from the slope of the ands took away from the shop of the plaintiff's husband a set of scales on which he had a claim. Mrs. Bender opposed the removal of the scales, and claims to have been hurt by them. Goldstein says he had a right to recover his scales because two instalments on them were over-due, and Armstrong and Ritchie plead their right to take the scales by force as Gold-

A Public Servant's Sudden Death.

Samuel Ross, who has for some months past been caretaker of the newspaper reading room in the legislative buildings, was found dead in his bed yesterday morning in his boarding house on D'Arcy street. Ross was a retired merchant, whose former place of business was in Belleville. He was well up in years and in poor health, his lungs being very weak. He was known to all frequenters of the reading room as a quiet, gentlemanly and obliging public servant, and he will be much missed y them, as well as by his associates in the civil service, with whom he was deservedly popular.

should "interfere" with any of the efficials or any of the attendants in the discharge of their duty. The motion was only humiliating the board.

Mr. Knowlton said it was a motion of want of confidence in themselves, and Chairman Hallam gave it several lively stabs.

Messrs. Scully, Mason, Taylor and Dr. Wright favored such a motion. Mr. Scully withdrew his and Mr. Taylor offered the following: "That no member of the board shall assume any of the duties of the librarian or any of the assistants without the sanction of the board." The yeas and nays were called for with the following result: Yeas—Scully, Wright, Mason, Taylor—4. Nays—Mayor Boswell, Chairman Hallam, Knowlton, Mills—4. The chairman said it was a tie, which negatived the motion. The board then rose, and Mr. Hallam and Dr. Wright had a lively bout as to whether there will be any trouble at the toll gate to-morrow or not. A big row will take place there inside of a week though. I am sure of it. No use talking, that toll gate will have to go. We are right on our side, and we are determined to make Mr. Waddell take his gate out of the city limits. He is out of the city limits. He is out of the only compromise we want is the total abolition of that gate. I am not the leader of the farmers. I am only one of a number who have submitted to a rank, glaring injustice for years back and who have determine to put up with this outrageous imposition no longer. Waddell can have all the men he likes out there and he can keep them all armed with revolvers. The men he has out there now arry firearms. But the gate must go."

It is understood that a meeting of the farmers will be held to-morrow night to consider the matter. There has been no disturbance at the gate to-morrow or not. A big row

Out of 2000 patients treated during the basis months, fully ninety per cent. have been cured of this stubborn malady. This is now the ess startling when it is remembered than of five per cent. of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure a other advertised cures never record a cure. benefitied, while the patent neutrines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on catarrh.—Montreal Star. 26

and those who are responsible for the welfare of young ladies. First, a young lady should be taught in all the branches of the English language; she should be taught to play the piano; she should be taught housework that she may be an honored and profitable wife; she should also be taught all the accomplishments that are required to make her a perfect lady.

BUT THAT WHICH IS HER ALL AND MOST IMPORTANT

should not be forgotten, and that is she should be taught a trade that is sure to be self-sus-taining, and as there is but one such trade for a lady we desire to say that you as a father, mother or a guardian are responsible for every girl you raise, if she ever comes to ruin, because she is not able to earn her, own living. You WILL NO DOUBT ADMIT THAT THE FOLLOWING STATEMENTS CAN-

NOT BE DISPUTED. First, we desire to say that though your wealth may be great, yet the waves of adversity are many and you know not the day when the adversities that befall thousands every day may some on you; we warn you not to wait for the storm to come before you prepare a shelter, but prepare yourself for the worst while you have an opportunity. Not wishing to take up your valuable tim we will simply ask you if

DRESS-MAKING is not the only sure support that can be depended on by over seventy-five per cent. of the ladies who, in laterdays of their life, find they must seek employment to support themselves and probably several children. You must admit that you can look to your right or left and see many a refined lady who has not long ago been the commander of her thousands, and to-day fehe is left without a dollar and probably a house full of dear little children who must get their bread and butter from the earnings of their mother's hands.
