# THE COALERS ADMITTED.

*CRANTON, PA., TO FILL OSWEGO'S PLACE IN THE LEAGUE.*

**Lockport and London the Other Applicants—Racing in England and the States—A Budget of Lacrosse News—The Protests Against Two of the Brantfords.**

At 10.30 yesterday morning Sheriff Frank Gilbert, President of the International Baseball League, called a special gathering of that organization to order in one of the parlors of the Genesee House at Buffalo. The meeting had been called by telegraph, after it had become officially known that the Oswego club had disbanded after a season of disaster, so far as it went.

These clubs of the league were represented: Rochester, Wilson Soule; Syracuse, W. S. Miller; Utica, Dave A. Dischler; Binghamton, John P. Clark and W. G. Phelps; Toronto, E. S. Cox; Hamilton, William Stroud; Newark, J. H. Shoemaker; Jersey City, P. T. Powers; Buffalo, the President and C. W. Cashman, Secretary C. D. White of Utica was also present.

The business of finding a successor to Oswego occupied but a short time. There were but three applicants—Scranton, Pa., Lockport, N.Y., and London, Ont. In behalf of of the former J. J. Flanagan and C. R. Fuller addressed the meeting. They laid bare the advantages of the coal town from which they came as a ball-admiring centre; about 90,000 inhabitants, all live people, and a large proportion of them base ball enthusiasts. Scranton is now a member of the Pennsylvania State League, and, as in 1886, is at the head of the procession. The city is about seventy miles south of Binghamton, and is reached from that point by the Delaware and Lackawanna Railroad. Mr. Flanagan said his club was anxious to gain admission to the International League and would pay any reasonable sum for such admission. Mr. Flanagan said the average attendance at the games of the State League in Scranton was 2000; the international game, however, he ventured to say, would draw much larger crowds.

W. H. Hawes, J. H. Stasts and E. M. Ansley appeared for Lockport. These gentlemen pointed out the geographical advantage of Lockport over the coal town down in Pennsylvania, but in the matter of population and possible attendance at games could not make any rosy promises as the gentlemen from Scranton.

There was no one present on behalf of London. A telegram was received from Barny McCann stating that the Forest City would join the league and live up to all its conditions provided a guarantee was given that the club would be retained as a member next year. This was decided upon at a meeting held in London Thursday evening at which Geo. S. Birrell, Geo. A. Gilbert, T. C. Hewitt, Wm. Gunn, A. M. Smart, C. H. Hunter, Geo. H. Merritt, and other prominent citizens were present.

The meeting then amended Sec. 7 of the constitution so as to admit whatever club was taken in on a permanent instead of a temporary basis. It was also decided that the new club should deposit a guarantee with the secretary and should pay in one-ninth of the present assets of the league to place it on the same footing as the other clubs.

There was almost a unanimous expression of opinion that Scranton was the most desirable of the three applicants, from a business point of view, and a motion that she be admitted was carried without opposition. It was also decided that Scranton should pay in an admission fee of $300 to the guarantee fund and that she should start playing from Monday next, the second scheduled games. Three hundred dollars of Scranton's $600 goes to reimburse Utica for losses on the disbandment of the Oswegos. The international treasury has now $1500 and the Scrantons will have a one-tenth interest in the effects of the league.

The gentleman from Scranton at once telegraphed the directors of their club of the league's decision and in less than an hour a telegram of acceptance was received. The $500 was forwarded by telegraph.

The league held an afternoon session and transacted some minor business. It was decided to allow the Canadian clubs to play any exhibition games they saw fit on off days.

When the league finally adjourned President Gilbert and Mr. C. W. Cashman of Buffalo invited the members to a carriage drive. They were taken to the Buffalo Club, in the beautiful thoroughfare of Delaware-avenue, and entertained. President Cleveland is a member of this club, as was also Vice-President Fillmore; oil portraits of both these gentlemen adorn the walls. The party then drove to Olympic Park, and it was their privilege to witness one of the finest games of ball played this season between Jersey City and Buffalo. Playing at both clubs was almost perfect, and the Bisons beat the Jerseymen out by a score of 3 to 2.

HOW THE CHANGE AFFECTS THE LEAGUE.

The dropping out of Oswego and the admission of Scranton will make some important changes in the standing of the league. Buffalo and Newark have now 10 games each, with a lead of 4 for Newark and 5 for Buffalo. The standing of the clubs up to last night is:

| | Won. | Lost. | Games to play. |
|---|---|---|---|
| Newark | 13 | 4 | 80 |
| Buffalo | 13 | 5 | 81 |
| Rochester | 14 | 10 | 85 |

**Dust from the Diamond.**

Oldfield, who has just signed with Toronto, was not in the Southern League last season, but with the Washington club.

Felcher has sold 600 tickets for the excursion to Hamilton this afternoon. The train leaves at 1.40 p.m., and runs directly to the ball grounds.

In future all the Manufacturers' League games will be played on the Goodersham & Worts' grounds.

The Oaklands Baseball Club would like to receive challenges from any club whose members are not over 15 years of age. Address it Armstrong, 249 Huron-street, city.

The following will compose C. M. Taylor & Co.'s baseball team to play against Clark & Co.'s to-day, on the Exhibition grounds: R. Routh, G. F. Anderson, [illegible] Cox, T. Winterberry, [illegible], R. Lewis, E. Bryson, C. J. Cox.

The Jersey City team had a bitter dose yesterday. Parsons, the Rochester twirler, has not pitched against them this season.

Buffalo has a chance for the pennant. Clark blames the umpire for his defeats.

Utica has strengthened its team by the recent changes.

The statement that Syracuse's salary list amounts to $22,500 won't go down.

Jantzen, who was suspended by "Ice-Water-Joe" Simmons, has been reinstated.

Toronto was lucky that it did not have any scheduled games this week, as the grounds could not have been used.

When they are practising it is a question whether Faatz or Decker looks more like a fisherman.

The Continentals are prepared to receive challenges from any club under 15. Address John MacLean, Secretary, 181½ Bleecker-street.

The local Rob Lows will try conclusions with the White Oaks to-day at 3.30 on the Jarvis-street grounds.

Calihan, the Buffalo catcher, has been fined and indefinitely suspended. He was given a brief vacation, but remained away till it suited his convenience to return, which entailed double work upon Purvis.

Gooderham & Worts' team will play the Athletics at 2 o'clock to-day on the former's grounds on Eastern-avenue, and as the former are the champions of the Manufacturers' League a good game may be expected. The G. & W. team will be: Harris, Woods, Reynolds, Powers, Adams, Gooderham, O'Regan, Griffith, Youens.

President Wilson Soule of the Rochester Club sat masticating a juicy beefsteak in the cafe of the Genesee House, Buffalo, yesterday after the meeting of the International League. President Cox of Toronto was his vis-a-viz. Said Mr. Soule in answer to a question about the race for the pennant: "Well, I don't think Rochester can offer our club declare a dividend of 10 per cent. than win the pennant." This is the practical and solid side of baseball, and it goes straight to the directors' pocket.

*SOME LACROSSE PROTESTS.*

**The Brantfords Try to Evade the Orillias' Charges of Professionalism.**

Lacrosse circles are agitated over the question of professionalism which, although the Canadian Lacrosse Association is trying to squelch, seems to be taking a regretfully strong hold, so strong that there will have to be some wholesome wiping out or there must be some arrangement for allowing a certain proportion of professionals on a team, or an understanding that a club may play just whatever men it chooses.

Just now the Brantford Lacrosse Club are the chief offenders and their conduct, in view of the rules and constitution of the C. L. A., is certainly most reprehensible. In their match with the Orillias on May 27 they played Fred Westbrook and "Darby" Hall. The Orillias protested the playing of these men on the ground that Westbrook is a well known professional who has for years earned money by his bicycle, and that Hall has more than once taken money for playing lacrosse. If these contentions are true, and there is no doubt in the minds of the Orillias' friends that they are, Mr. Douglas Baird's b.f. Briar-Root, by Springfield—Eglentyne ..... 1

Westbrook's case, the playing of these men in an amateur team is clearly a breach of the rules of the C. L. A. and both should be sat upon.

The C.L.A.'s constitution says that any club wishing to make a complaint to the Association's Judicial Committee shall do so within two days after the date of the alleged offence. The Brantford-Orillia match was played on May 24; the Orillias protested against Westbrook and Hull on May 26 by registered letter, but the telegraphic despatch from Secretary Cox of the decision of this the Brantfords, instead of entering a defence, seek to crawl out of the difficulty by a miserable quibble about the date of the protest.

Association President R. B. Hamilton and Secretary H. Gerry and the Brantford players' committee of four complained. The Brantfords have a week's time from the date of the receipt of the complaint in which to enter their defence. The time expires yesterday. On Thursday Mr. Hamilton received this letter:

BRANTFORD, May 31, 1887.

*To the Judicial Committee of the Canadian Lacrosse Association:*

The Brantford Lacrosse Club, in reply to the complaints of the Orillia Lacrosse Club, which complaint was received by the Secretary of the Brantford Lacrosse Club on May 30, beg to state as follows:

The complaint not having been mailed until May 27, as shown by the post-mark on the registered envelope enclosing such complaint, is of no effect, May 27 being more than two days from the time at which the matter of such complaint took place.

The Brantford Lacrosse Club therefore claim that the matter cannot now be enquired into and that they are not called upon to make a defence.

On behalf of the Brantford Lacrosse Club.

R. A. ORCHARD, Sec.

President Hamilton has replied to this to the effect that the question of the date of the mailing of the Orillias' letter is out of place at present, although it may be adduced in evidence before the Judicial Committee, and that this is no reason why the Brantfords should be excused from putting in their defence against the complaint that has been entered. The time has elapsed that the time for receiving a Brantford defence will be extended until next Tuesday.

As will be noticed in a Brantford despatch both Westbrook and Hull played there yesterday, and the Beavers of Woodstock entered a protest against the Brantford players. Further protests will be entered, however, on their heads. There promises to be lots of work for the Judicial Committee.

**The T.L.C.'s Team for To-day.**

The Toronto Lacrosse Club's team which is to cross sticks with the Niagaras to-day will leave at 7 o'clock by train. This will be the team:

Goal, Ross Eckhardt; point, J. Dynan; cover point, Archibald Mackenzie; defence flags, F. Carmichael, E. Boxall and L. Boyd; centre field, W. J. Johnston; home field, H. Davis, T. Price and F. Schofield; outside home, P. Carmichael; inside home, H.E.Sweit; captain, J. S. Garvin.

As will be seen this is not by any means the Toronto's regular first twelve. The committee have wisely decided to give the colts a show, and the colts on this team are Messrs. Campbell, Boyd, Davis and the two Carmichaels. F. Carmichael, however, played in the recent match against the Ontarios; and Archie Mackenzie, the brother of the invincible Ross, played with the first twelve in part of the two seasons of '83 and '84.

On invitation of the Detroit Lacrosse Club the Toronto's journey is named Saturday, June 18, for a visit to that city. Mr. H. H. McCaul, an old Toronto boy, is one of the Detroits.

**Brantfords, 4; Beavers, 3.**

BRANTFORD, June 3.—A lacrosse match between the Brantfords of this city and the Beavers of Woodstock was played here this afternoon. The personnel of the home team was as follows, their positions ranging from goal:

Brantfords: D. Sager, A. Martin, Edmonson, D. Hall, Grant, Dowling, Gallaher, Bonnell, Ford, W. Sefton, Gibson and Hill; R. M. Orchard, Field Captain.

Beavers: McLoughlin, W. Bonnell, Hood, P. Kelly, R. Blair, Newton, McCallum, Scarff, Charleston, Fraser and Laidlaw; E. W. Nesbitt, Field Captain.

The Beavers protested against Westbrook, Gibson, Skye and Hill, of the Brantfords, the three latter being Indians. The Brantfords played four Indians on their team. Seven games were played and there was intense excitement throughout the match. The Beavers played a splendid team game, and had a magnificent defence. The Brantfords were much heavier than their opponents physically. The first game lasted 32 minutes, and was won by the Beavers, McCallum putting it through by a pretty shot from the centre field. The Brantfords won the second game, Gibson swiping it through in 5½ minutes. Foley put it through for the Brantfords in the third game after the play had been one minute.

The excitement grew to fever pitch, and considerable betting was indulged in. Laidlaw won the fourth game for Woodstock after 23½ minutes' play, and Fraser scored the fifth game for the same team in 40 seconds' play. The sixth and seventh games were won by Dexter for the Brantfords in 4½ and 18½ minutes respectively.

When the 2½ hours' limit had expired the honors were even, necessitating two extra half-hour's play. The game was one of the best that was ever played in Brantford. The referee was Charles Robinson, and the umpires, Messrs. Clark and Adams, all of Paris.

**The Orillias Beat the Young Canadians.**

RICHMOND HILL, June 3.—A lacrosse match, one of the championship series, was played here to-day between the Young Canadians of this place and the Orillias, the time occupied being 2½ hours. It was won by the Orillias, who secured the three first and the last game, the Canadians taking the fourth and fifth.

ORILLIA, June 3.—The match at Richmond Hill to-day having resulted in the third successive victory of the Orillias over the Young Canadians, the Citizen's Band and a large assemblage of Orillians met the boys at the station and marched through the principal streets to the Orillia House, where congratulatory speeches were made by Mr. T. H. Robinson, Rev. J. B. Armstrong and Dr. A. H. Beaton. Responses were made on behalf of the club by President Geo. Thomson.

**Tecumsehs v. Young Torontos To-day.**

These teams of the above clubs will cross sticks in the Moss Park Rink at 3 o'clock to-day:

Tecumsehs—A. Lawson, goal; B. Robinson, C. Dixon, E. Langley, D. Furness, D. Cassels, F. McBrine, G. Keith, H. Willis, J. Walker, W. Morrison, W. Dawson; spare men, S. McGuire and H. Pearson; field captain, A. D. Brown.

Young Torontos—Maguire, goal; McMichael, Anderson, Gundy, Parks, Curran, McCleary, Robertson, Rennie, Milne, McQuillan; field captain, [illegible] Little.

The Young Torontos' regular point and home players, A. Smythe and H. Laylor respectively, will go to Hamilton to-day to arrange a match with that city's leading club.

**For the Southern Lacrosse Championship.**

BRIGHT, June 3.—The Beavers of Paris played the Stars of Bright here to-day for the Southern Championship. The Beavers took the second game in 34 mins., and the Stars the third in 28, 5.6 and 6 mins. It was a good game, with no roughness.

Both winners are owned and bred by Mr. Baird, and are full brother and sister, being by Springfield out of Eglentyne, which makes the victories the more popular.

**Turf Talk.**

A remarkable incident regarding the Juvenile Stake at Jerome Park is that the winners for the last three years have been owned by Dwyers, ridden by McLaughlin and sired by Virgil.

On the last day at Clifton the owner of Young Duke refused to start him in the fourth race, and both owner and horse were suspended. The judges also declared all bets off made up to 3.50.

Dr. R. Craik of Montreal has sold to Andrew Allan for the Northwest Cattle Company, the bay stallion Terror, by Alarm, dam Lady Walenstein, by Lexington.

Canavan, the well-known steeplechase jockey, has severed his engagement with W. C. Daly and has gone to St. Louis, where he will ride some races for Mr. Corrigan.

A "jubilee" purse will be given at the Province of Quebec Turf Association meeting, which will be held on June 23 and 25. In the race for the Queen's Plate, a purse to go to the second horse will be added, and the value of the other races will also be increased.

The Dwyer "cripples" arrived a few days ago from Runnymede farm in Kentucky, where they were turned out since last fall, and are now quartered at Sheepshead Bay. They include Barnes, Pontiac, Joe Cotton, Winfred, Inspector B and Tom Martin. They will be put in active training next week.

Blaylock, the jockey, attempted to assault a tout named Lorillard Thompson just before one of the races at Latonia a few days ago. Another tout told him that Thompson had been circulating the report around the course in the morning that he was drunk the night previous. Blaylock met Thompson and took him to task. Words followed, and Thompson and Blaylock, quick as a flash, reversed a whip he held in his hand and attempted to hit Thompson on the head. A policeman anticipated the move and jumped between the men. The blow took effect on Thompson's shoulder.

**Running is Injurious.**

A correspondent says: "After many years' experience of out-door sports, and watching the result of the whole of them on the human apparatus, I am satisfied that running, though the most natural exertion to which an athlete can be trained, is in its consequences the most fatal. I have known an immense number of men, fast runners in their youth, go off in middle life of heart, liver or kidney disease. One town has lost two recently. John Forbes and L. Burgess of Woodstock were both sprinters. The best method of destroying your vitals is by Canadian whisky. I am sorry to say that training for running and rowing tends to weaken and shorten the heart beat destroyer of the vital organs. It is quite exceptional for runners or rowers who have been long in training to attain old age. Everybody's heart, everybody's weak spot. Undue exertion hastens its development. The conservation of strength is in fact more conducive to long life than the waste of it, though reasonable exercise is essential to bodily health."

**Jubilee Sports at Port Perry.**

The following program will be submitted by the management at the Ontario Central Agricultural and Live Stock Association jubilee celebration on their beautiful grounds at Port Perry on June 21, 1887:

"Last Farmers' Picnic."

Bicycle races: ¼ mile, 1 mile and 2 miles; amateurs only; 1st and 2d prizes in each race: gold and silver medals.

Foot races: 220 yds., 440 yds., and ½ mile; amateurs only; 1st and 2d prizes in each race: gold and silver medals.

Speeding in horse ring: 2.45 trot, purse $75, divided. Free-for-all trot, purse $100, divided. Running handicap; mile heats, best 2 in 3; top weight 125 lbs., for purse of $100; $75 to 1st and $25 to 2d.

Canadian Association rules to govern. 4 to enter, 3 to start, entrance fee 10 per cent. Entries close June 15.

The official program will be mailed on application to H. Gordon, Secretary.

**Kilrain to Get the Champion Belt.**

NEW YORK, June 3.—Jake Kilrain's backer R. K. Fox, says he will deliver his diamond champion belt to Kilrain at the Monumental Theatre, Baltimore, to-morrow night. **He Found It Out.**

—"I like the mild air," said a city Deacon as he sat down on the squire's porch floor for a friendly chat. "How fresh it makes everything seem. Do you know of anything fresher than the gentle Zephyr?" Yes, I do, replied the squire. It is that roast you're sitting on. Taint been on the floor more than an hour, and another thing I have found out that there is no cigars equal to the General Middleton and Our Brave Boys brands, made by W. E. Dobson, Toronto. 246x

**A Tip to the Public.**

—When you go to buy dry goods go to a dry goods store. When you go to buy a pair of boots go to a boot and shoe store. When you go to leave your order for a good fitting suit certainly go to tailors who understand that branch of business. Reason teaches that no man can be perfect in many trades. Gibson & Coulter are practical tailors. They keep a full stock of woollens to select from; their prices are moderate, and their fit, style and workmanship are right. You will find them at 249 Yonge-street, and only there. Call and see them. 246

—The Accident Insurance Company of North America is represented by Mollard & Jones, who are also agents for the British fire companies, the Norwich Union Fire Insurance Society of England, and the Scottish Union and National Insurance Company of Edinburgh. Insurers should call on them at their office, Equity Chambers, entrance Victoria-st. 246 before going elsewhere.

**Why it So?**

—Because a live house should never ask an unreasonable profit? because McKendry & Co. will more ladies' and childrens' hats than six millinery stores put together, and because the Waterloo House must keep up the reputation it has made for being the cheapest store in Canada. These are the reasons why McKendry's prices for millinery are away below every other store. 246

**Breakfast Hour.**

A ball of hair was recently found in the stomach of a Kansas cow. This accounts for the hair in the butter.

Boston authors have a new racket. If the people will not read their productions they get up charity entertainments and read their own works while audiences charitably hear them.

"Look at the rabbit, ina," said little Tot, as she curiously watched the peculiar "twinkle" of the animal's features; "every time he stops to smell anything he seems to stutter with his nose."

A Chicago man was arrested a few days ago because he became infatuated with Gail Hamilton and followed her about the streets.

An English gravestone maker was ordered to cut on a stone the words: "A Virtuous Woman is a Crown to her Husband." The stone, however, being small, he engraved on it: "A Virtuous woman is be to Her Husband."

Old minister (to young minister)—Paul was a wonderful man, my dear young brother, a wonderful man; and thousands upon thousands flocked to hear him preach. Young minister—Yes, if Paul were alive to-day he would only have to name the salary he wanted.

"I see," remarked Atoms, "the new gunboats will be built of steel." "So will the new summer residences of the contractors," replied Molecule, but Atoms replied, with the air of a man just aching for the nomination, that he was out of politics, and didn't care to discuss any political questions.

Two little boys were put to bed for the night, and one, feeling more lively than the other, was called by the latter: "If you don't keep still I will ask God to tie your feet." The power being doubted, the little one replied: "Well, He stuck you all together once; guess it's easy enough to tie your feet if he wants to."

A woman who was house-hunting informed her husband at supper time that she had secured a house on a certain street, which she named. "H'm!" began the man, "seems t'me it's a long way out. I don't like i' locality." "Locality's nothin'," said his wife, decidedly; "most every place is a good ways from somewhere."

It is related of Bernhardt that when she was invited the other day to write a sentiment in the autograph album of a St. Louis girl, she eagerly jotted down: "You have my profoundest sympathy, because you live in St. Louis." And the gentle girl turned away and wept. This sympathy from an entire stranger struck her to the heart.

**Comely Alaskan Maids.**
*From the Omaha Republic.*

A girl becomes a woman at the age of 12 or 13 years in Alaska, and I have seen some such girls who were really quite pretty. The best looking of the young Alaskan girls are Indians who are found along the Sticken River valley, or the Maidah girls of the Prince of Wales Island. Here is a picture of Julia, a Stickeen River girl. She is dressed in a plain cotton garment and she has a Turkish bath towel wound around her head for ornament. There is a ring in her nose, and she has a pair of very soft, beautiful eyes. Julia like all Indian girls here, dresses in a long plain cotton undergarment when at home, but when she goes out she has a gayly-colored blanket which she throws about her shoulders. The Haidah girls have relatively fair skins, soft, dove-like eyes, very small, symmetrical hands and small feet, and their insteps are so high that the water can run under them without touching the sole. They are very passionate and hot-blooded, and they would be graceful were it not for their pigeon-toed gait. Some of them have a delicate peach-bloom blush of blood mantling upon their cheeks, and their complexion is that of a very dark brunette.

**She Bears With an Orchestra of Her Own.**
*From the Buffalo Courier.*

"The most singular case of deafness I've ever had anything to do with," said the family physician, "is that of a woman up on Fremont-place. She has such a frightful noise in her head that she can't hear a thing except when she's in a herdic, when the rattle of the vehicle sort of drowns the noise in her head, and she can then hear as well as ever. She observed this peculiarity of her affliction, what did she do the other night but bring home a watchman's rattle and a pair of cymbals. She didn't say anything until her husband came home and sat down to dinner. He began to ask the blessing, and she, wishing to hear his remarks, began to bang away on the cymbals. He stopped right in the middle of his devotions and asked her mournfully if she was crazy, to which she responded by whooping it up a little louder, whereupon he rushed over to my house and said his wife was a raving lunatic. I went back with him to try and fix up matters, but just as soon as I opened my mouth to let fly with the watchman's rattle. The outcome of it is that my friend gets all his meals down town and spends his evenings at the city club, while his wife, armed with her orchestra, goes calling on her neighbors on Allen-street and feels the children into believing that the circus has come again."

**All in a Day's Work.**
*From the Omaha World.*

Fashionable Iowa Dame (in Iowa): "Dear me! It did not occur to me until this moment that you always have wine at dinner at home." Distinguished Englishman: "Do not bother about that, madame." "Oh, it won't take but a moment. Marie, has the footman come back?" Marie: "Yes, madame." "Tell him to go right to his room and get sick, then send for the doctor and tell William to take the prescription and a demijohn to the nearest drug store."

**Business More Important.**
*From the New York Sun.*

"Mr. Officer," cried an excited citizen on Sunday, "there's a terrible fight going on round the corner." "I haven't got time to attend to it," replied the officer; "don't you hear that Dutchman singing the 'Wacht am Rhein' behind the bar?"
