LOCAL OR OTHERWISE.
 THE age limit of frequenters of billiard
 rooms has been raised from 16 to 18
 years.
 The examinations for Junior and
 Senior Teachers, Commercial Specialists,
 and Art Specialists, will begin on July
 2nd.

THE price of wheat and flour in Win-
 nipeg has advanced during the past few
 days on the expectation of a short crop
 owing to the late season.
 "CATCH anything?" asked the boy of
 his schoolmate, who had played truant
 to fishing. "Naw," replied the truant,
 in disgust, but I will when I get home.
 It is stated that when the assessment
 rolls are returned this week by Assessor
 McCart, Sarnia's population will show an
 increase of between three and four hun-
 dred.

THE wool market will open at 25 to 26
 cents per pound, which is several cents
 higher than last season. It is very
 probable that the market will remain
 very firm.
 "MAY," remarked the sentimental
 maid, "is my favorite Month. I wish it
 would never end." "Same here," re-
 joined the practical young man. "I have
 a note coming due the first of June."

THE big flour mills of the west have
 advanced the price of flour 20 cents a
 barrel. The millers claim they have been
 forced to boost the price on account of
 the soaring price of wheat. The local
 market has not been affected by the
 raise. Further advances are looked for in
 the near future.

A NEWLY imported Norwegian girl
 who had been sent upstairs to inform the
 master of the house that dinner was wait-
 ing, discovered that gentleman in the act
 of brushing his teeth. "How soon will
 Mr. — be down?" the mistress inquired,
 when Karen returned to the dining
 room. "Right away," answered Karen;
 "he is just sharpening his teeth."

Loose papers have been blowing
 around town quite freely the past few
 days. They constitute a menace to the
 safety of people driving spirited horses
 and are a nuisance generally. It should
 be remembered that throwing of papers
 on the streets and alleys constitute a
 breach of the law punishable by fine or
 imprisonment.

SOME calculations—One man in 208 is
 over six feet; one woman in 100 carries
 life insurance; one man succeeds in busi-
 ness to eight who go bankrupt; there is
 one sudden death among women to eight
 among men; one cold is taken out of
 doors where nine are taken indoors; one
 in each 1,000 couples live to celebrate
 their golden wedding.

THERE are two ways of spending a dol-
 lar. You can spend it at home, gain an
 easy conscience, make another friend and
 perhaps get the dollar back to-morrow,
 or you can send it to some departmental
 store in Toronto, feel that you have sin-
 nered, offend the home merchant and farm-
 er, lose the dollar and the blessed influ-
 ence for good to yourself and neighbors.

IN future people had better keep off
 the Grand Trunk property. Detective
 Tisdale says that his company will in
 future arrest all trespassers. The com-
 pany are after those who make a practice
 of frequenting the depots, and they will
 be kept away. Of course those who
 go down to see their friends away will
 not be molested, but it is the loafers they
 are after.

It is understood that at the next ses-
 sion of parliament the postmaster-general
 will propose a revision of the existing
 domestic rates on newspapers and peri-
 odicals. At present these pay a quarter
 of a cent a pound within a radius of 300
 miles of the office of publication and half
 a cent a pound to more distant parts of
 the Dominion. This will probably be re-
 placed by a flat rate so as to remove what
 has been objected to as a tax on provincial-
 ism.

A GENTLEMAN of Hebraic ancestry
 possessed a small sailing boat, and invited
 a boon companion to venture upon the
 ocean for a short sail. During one of
 these expeditions a squall suddenly came
 on and the proprietor, while attempting
 to run the course of the craft was pitched
 overboard. As he was struggling in the
 water his friend peered out anxiously over
 the side of the boat and ejaculated: "I
 thav, I key, old man, if you don't come
 up for the third time, can I have the
 boat?"

A FOND mother allowed her son to hire
 out to a farmer in the vicinity of Sunfield
 for the summer, as the boy had expressed
 a liking for farm work. The first letter
 she received from him follows: "I got
 here all right, but forgot to write before.
 A fellow and I went in a boat and the
 boat tipped over and the man got me out.
 I was so full of water that I didn't know
 anything for a long time. The other boy
 had to be buried after they found him.
 His mother came and buried all the time.
 A horse kicked me over, and I've got to
 have some money for fixin' my head. We
 are going to see a barn on fire tonight and
 should laugh if we don't have some fun.
 I shall bring home a ferret if I can get
 him in my trunk."

THE CRICK IN THE BACK.—"One touch of
 nature makes the whole world kin," sings
 the poet. But what about the touch of
 rheumatism and lumbago, which is so com-
 mon now? There is no poetry in that
 touch, for it renders life miserable. Yet
 how delighted is the sense of relief when an
 application of Dr. Thomas' Electric Oil
 drives pain away. There is nothing equals
 it.

There passed away at the home of her
 son in law, R. Carey, of Detroit, on Sat-
 urday last, Mrs. Oliver, relict of Wm.
 Oliver. The remains were taken to Flor-
 ence on Sunday, and interred in the Dres-
 den cemetery on Monday.

**A MAGISTRATE INVESTIGATES
 ZAM-BUK.**
 Says it is a Wonderful Healer And
 Does More Than is Claimed
 for it.

Probably no household remedy in
 existence has won such glowing tributes
 from people in high places as has Zam-
 buk. Mr. Roger F. Perry, Justice of the
 Peace for British Columbia, recently test-
 ed this famous balm, and this is what he
 says of it:
 "The Pavilion,
 "Gladfields, B. C."
 "To the Zam-Buk Co.,
 "Gentlemen—After a very fair trial I
 have proved Zam-Buk eminently satis-
 factory. In my case it cured a skin rash
 of five years standing which no doctor
 had ever been able to do any good for.
 "It would certainly encourage any
 person to keep Zam-Buk in their home.
 It truly does even more than you claim
 for it. For my own part I would not now
 be without it in the house. Yours very
 truly,
 (Signed) "Roger F. Perry,
 "Justice of the Peace for B. C."

Zam-Buk differs from ordinary salves
 and embrocations, while these mostly
 contain animal oils and fat Zam-Buk is
 purely herbal. It closes and heals cuts,
 festering sores, ulcers eruptions, boils,
 eczema, chafing sores etc. In the house-
 hold it is the handiest possible remedy for
 burns, scalds, children's injuries. It
 instantly cleanses any wound to which it
 is applied; prevents festering, inflam-
 mation or blood poisoning. It cures piles,
 varicose, ulcers, and fistula. All drug-
 gists and stores sell at 50 cents a box, or
 from the Zam-Buk Co., Toronto, for price,
 6 boxes for \$2.50.

**AN INSANE FARMER KILLS
 WIFE CHILDREN AND SELF.**
 Four Dead as the Result of Awful
 Tragedy on Farm Near Gananoque.

Gananoque, Ont., May 13.—William
 Waldie, aged 38, a farmer living two
 miles east of Gananoque, killed his wife
 and two children with a hammer this morn-
 ing, knocking their brains out while they
 slept. The children were aged 1 and
 4. He then went downstairs and wrote a
 note, which he left on the table, then
 went up stairs, and cut his throat from
 ear to ear. He told the farmer, Ship-
 man, who went to the factory, if he did
 not see him when he came back he go up
 stairs and he would find him. Not find-
 ing him on his return Shipman went as
 requested, when the horrible sight was
 before him.

In front of the looking-glass is where
 Waldie had stood, while cutting his
 throat, and then laid himself alongside
 his wife on the bed. He is supposed to
 have awakened early, as he had been a
 great sufferer from nervous affection,
 came downstairs, secured a hammer, and
 returned to the bedroom. He tried on
 Saturday last to sell his farm to a neigh-
 bor. He was highly respected by all the
 residents.

Mrs. Waldie is a daughter of Noah
 Peck, deputy reeve of Leeds and Lans-
 downe. Waldie was always very fond of
 his wife and children.
 The following is a copy of the note:
 "Upstairs will be found the work of a
 mental and physical wreck, a mania for
 the last two years unknown to anyone
 but myself. Would to God I had never
 been born. I have killed the dearest
 woman and unborn baby, and the two
 sweetest of children. I had intended to
 kill only myself, but I could not at the
 last leave them to the scuff of the world.
 I have been hoodwinked by those who
 should have been my friends, and can
 see no future, as I am utterly unable to
 manage myself or to accomplish my work."
 —(Signed)—William Waldie.

Why Spring Brings Weakness
 Winter Weakens the System and Al-
 lows Disease Germs to Enter.

Great epidemics, such as fevers, infec-
 tious skin diseases and pestilence break out
 in the spring.
 Winter shuts out fresh air from many
 homes, and only a few get even a little sun-
 shine. The blood naturally grows thin,
 colorless, and diseased—we tire easily,
 sleep poorly and have headaches. In this
 condition we are easy prey to sickness and
 fill the hospitals and graveyards.
 You must create resistance and strength.
 The blood must be purified, must be given
 power to expel the seeds of spring fever.
 Ferrozone is the only remedy: It calls
 back vim and energy, fills the body with
 vitality, makes every fibre sing with new
 found life and health.

That gnawing tiredness leaves you—
 Ferrozone drives it away. Sleepless nights
 are turned into periods of rest, and you
 pick up fast. Day by day your appetite
 improves,—this means more food is trans-
 formed in nutriment that will build and
 energize weak organs. The inclination to
 worry passes away because Ferrozone im-
 parts nerve—tone and bodily strength that
 prevents depression.
 Think it over—Ferrozone is a wonderful
 tonic, in fact it is more because it estab-
 lishes health that lasts. Thousands use it
 in the spring and thereby cleanse and restore
 the entire system to a perfect condition.
 You'll feel the uplifting power of Ferrozone
 in a week.—it's bound to help you if you
 only give it the chance. Sold by all deal-
 ers 50c. a box or six bottles for \$2.50; be
 sure of the name FERROZONE.

His Death Was Sudden.
 Port Huron, Mich., May 15.—While on
 his way to attend the marriage ceremony
 of his son, Walter Stevens, to Miss Zada
 Stephenson, last evening, ex-Judge Her-
 man W. Stevens, one of Port Huron's
 best known and wealthiest men, was
 stricken with paralysis. At 11 o'clock
 this morning he died. Those celebrat-
 ing the nuptials did not know that the
 groom's father was breathing his last.
