A DELIGHTFUL AND REFRESHING HAIR DRESSING

People who desire to preserve the hair can gain some valuable information from the following.
Have your own brush and comb at home and at hair dressers.
Never use a brush or comb in public places, they are usually covered with dandruff germs.
Wash your hair brush once a week with soap and warm water to which is added a disinfectant.
Shampoo the hair once a week with pure soap and water.
Use **PARISIAN SAGE** every day, rubbing thoroughly into scalp.
PARISIAN SAGE is guaranteed by T. B. Taylor & Son to destroy dandruff germs and abolish dandruff or money back.
To stop hair from falling and scalp from itching, or money back.
To put life and beauty into dull faded hair, or money back. Price 50 cents.

The N.B. Howden Est.

"Laziest Man on Earth."
In all probability the laziest man on earth has been discovered by sea-faring men who had occasion to stop at the Solomon Islands of the East Indies not long ago. These islands are inhabited by tribes of black men known to the sailors as Kanakas.
The ruler over the islands of Choise and Caristoval is one of these Kanakas, known as Chief Sonoa. The Kanakas are almost invariably short and very heavily built, but Chief Sonoa is the shortest and fattest one of the bunch, weighing in the neighborhood of 365 pounds. He is not only the blackest, fattest and laziest, but he has more wives than any other chief in that neighborhood.
One of the sailors who visited these islands said that "his majesty would lie in the sands of the beach while his favorite wife would sit beside him and smoke. She would draw a mouth full of the smoke into her lungs. The chief would open his mouth, the favorite would blow the smoke into it and he would inhale it into his lungs, after which he would let it pass out his nose. Time after time would the wife chosen for this job blow the smoke into her chief's mouth, and time after time he would take it into his lungs to let it pass out his nose. The tobacco used was the strongest that could be had and with it was rolled some kind of leaf that would bring on sleep. A truly, luxurious being is this dusky king."

The Japanese Juggler.
A man who has traveled in Japan says of the feats of a native juggler: "He took an ordinary boy's top and spun it in the air, then threw the end of the string back toward it with such accuracy that it was caught up and wound itself all ready for the second cast. By the time it had done this it had reached his hand and was ready for another spin." The paper butterflies he made by help of a fan to alight wherever he wished. The spectator requested that one might be made to settle on each ear of the juggler. "Gentle undulations of the fan waved them slowly to the required point and there left them comfortably settled."

LIFE NOT WORTH LIVING

is the way Miss Alta Abel of West Baden, Ind., summed up her existence after having sought in vain for health. She writes: "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed.
"Vinol, your delicious cod liver and iron tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee this testimonial to be genuine.)
What Vinol did for Miss Abel, we know it will do for every nervous, run-down, overworked, tired, thin and discouraged woman in this vicinity.
Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

TERRIBLE RESULT OF BLOOD POISON.

After Three Operations Zam-Buk was Tried and Proved Successful.

If people would only use Zam-Buk for chronic sores, blood-poison, etc., BEFORE permitting an operation, scores of limbs would be saved.

Mr. Robert Patterson, of North Pelham, Welland Co., Ont., writes: "My daughter, Annie, had blood-poison in her finger. The doctor operated twice on the finger, but did not obtain the desired result, and a third operation was considered necessary."

"Three doctors were present at this operation, but after it had been performed the wound did not heal. Try as we would we could not get anything to close the wound."

"We at last tried Zam-Buk, and it was really wonderful to watch how this balm healed the wound. Each day there was a marked improvement. First the wound in the palm of the hand closed and then the finger which had been bad so long began to heal. The diseased flesh seemed to rise out of the wound and then drop off, and new, healthy flesh formed from below, pushing off the diseased tissue. In a short time the wound was healed. Had we applied Zam-Buk at first we might have saved the finger."

"We had another proof of Zam-Buk's power in the case of my son. When two years old he had his hand badly mangled. One finger had to be amputated and it left a running sore for some months. This wound, also, was finally healed by Zam-Buk."

For chronic sores, blood-poison, ulcers, abscesses, scalp sores, piles, eruptions, itchy sores, eczema, cuts, burns, bruises, and all skin injuries and diseases Zam-Buk is without equal. 50c. box all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Have you tried Zam-Buk Soap? 25c. tablet.

Mr. J. M. Fowler probably holds the championship for walking. Mr. Fowler has for thirty-three years walked from his home to his office, two miles distance, and returned again in the evening. Allowing for 300 working days a year, Mr. Fowler has during the thirty-three years he has been in Petrolia, covered between house and office, 39,600 miles.

SOMETHING THAT SHOULD BE RUBBED IN.—Whenever pain is felt in the limbs or back, take Dr. Thomas' Electric Oil; pour a little in the hand, and applying it to the surface beneath which the pain lies, rub briskly. If the first application does not afford relief, which is not usually the case, keep rubbing. The Oil will gradually penetrate to the affected part and relief will come.

Rattlesnake venom has been used successfully as a cure for tuberculosis, according to a report to the Maryland State Board of Health. Dr. Joseph H. Thompson, of Hyattsville, Md., claims to have freed himself entirely from the bacilli of the disease by injections of snake venom, brought in tabloid form from South America.

SOUR RISINGS FROM STOMACH

Those Who Experience Fullness and Pain After Meals, Stomach Disorders, and Indigestion, Should Read Below.

"When I was working around the farm last winter I had an attack of inflammation," writes Mr. E. P. Dawkins, of Port Richmond. "I was weak for a long time, but well enough to work until spring. But something went wrong with my bowels, for I had to use salts or physic all the time. My stomach kept sour, and always after eating there was pain and fullness, and all the symptoms of intestinal indigestion. Nothing helped me until I used Dr. Hamilton's Pills. Instead of hurting, like other pills, they acted very mildly, and seemed to heal the bowels. I did not require large doses to get results with Dr. Hamilton's Pills, and feel so glad that I have found a mild yet certain remedy. Today I am well—no pain, no sour stomach, a good appetite, able to digest anything. This is a whole lot of good for one medicine to do, and I can say Dr. Hamilton's Pills are the best pills, and my letter, I am sure, proves it." Refuse a substitute for Dr. Hamilton's Pills of Mandrake and Butter-nut, sold in yellow boxes, 25c. All dealers, or The Catarrhose Co., Kingston, Ont.

When a farmer opens his first bag of cement

he has taken a long step in the march of Progress, which leads to Prosperity.
After he uses that bag—if only for a hitching-block or a porch step—he has learned some profitable lessons.
He knows that it doesn't take an expert to use concrete successfully.
He knows that he has added a permanent improvement to his property, something that will last as long as the farm itself.
He knows that he has added convenience, and therefore profit, to his home.
He knows that it didn't cost him more, in money or time, than if he had used an inferior material at made a temporary improvement.
He knows that he wants to read the book.

"What the Farmer Can Do With Concrete"

to find out how he can apply these lessons to other places on his farm.
This advertisement is to tell him that his copy of this profusely illustrated book is ready to be mailed as soon as he sends in his name and address. It makes no difference whether he has yet used that first bag of cement or not. If he hasn't, the book will tell him how to use it to the best advantage. And in any case it's

ABSOLUTELY FREE

A hundred and sixty pages of plain description, telling how other farmers have used concrete, with photographs to illustrate every paragraph in the text.
Just send your name and address on a postal, in a letter, or use the coupon, and the book will be sent by mail.
