CATARRH: A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with MESSRS. A. H. DIXON & SON, 305 King Street, west, Toronto, Canada and enclose amp for their treatise on Catarrh.—*Montreal Star*

BILIOUSNESS.

Bilious symptoms invariably arise from indigestion, such as furred tongue, vomiting of bile, giddiness, sick headache, irregular bowels. The liver secretes the bile and acts like a filter or sieve, to cleanse impurities of the blood. By irregularity in its action or suspensions of its functions, the bile is liable to overflow into the blood, causing jaundice, sallow complexion, yellow eyes, bilious diarrhoea, a languid, weary feeling, and many other distressing symptoms. Biliousness may be properly termed an affection of the liver, and can be thoroughly cured by the grand regulator of the liver and biliary organs, Burdock Blood Bitters. Act upon the stomach, bowels and liver, making healthy bile and pure blood, and opens the culverts and sluiceways for the outlet of disease. Sold everywhere and guaranteed to cure.

Scientific and Useful.

If nutmegs are good, when picked with a pin oil will instantly ooze out.
 No kitchen should be without scales to test the integrity of things purchased by weight, and to measure the quantities of various recipes.

NUT CANDY.—Boil two pounds of brown sugar, half a pint of water, and one gill of molasses until it will harden when cold; then add the meats of the nuts, and allow to cool and harden on flat plates.

SURE CURE FOR RHEUMATISM.—If the system is properly cleansed by some medicine that acts upon the bowels, kidneys and skin, such as Burdock Blood Bitters, and the sufferer will use Hagyard's Yellow Oil according to directions, there are few cases of rheumatism, however bad, but will yield promptly to the treatment.

CRULLERS.—Two coffee-cups of sugar, one coffee-cup of milk, four eggs, six tablespoonfuls of lard, two teaspoonfuls of cream tartar, one teaspoonful of soda, flour to make stiff enough to roll; spice to suit the taste. Fry in boiling lard.

ANGEL FOOD CAKE.—Ten eggs beaten to a stiff froth, one goblet and a half of granulated sugar, one goblet of flour, one teaspoonful of cream tartar. Mix all three, and run it through a sieve three times. Stir this in the eggs very slowly. Begin with slow fire and increase as is needed.

TRUE MERIT APPRECIATED.—BROWN'S BRONCHIAL TROCHES are world-renowned as a simple yet effective remedy for Coughs and Throat Troubles.

In a letter from HON. MRS. PERY, Castle Grey, Limerick, Ireland, they are thus referred to:
 "Having brought your 'BRONCHIAL TROCHES' with me when I came to reside here, I found that, after I had given them away to those I considered required them, the poor people will walk for miles to get a few."

SPICE CAKE.—Two cups of brown sugar, three cups of flour, half cup of butter, one cup of sour cream, one teaspoonful of soda, yolks of five eggs, one wine-glass of brandy or water, two teaspoonfuls of cloves, three of cinnamon, two of allspice, one of ginger, and one nutmeg. Bake in layers with icing between.

"SUDDEN COLDS."—At the commencement of a cold take a teaspoonful of Perry Davis' Pain-Killer, in a little milk and sugar, and the cure is more sudden than the cold.

NAPOLEON CAKE.—*Black part:* One cup of brown sugar, half a cup of molasses, half a cup of strong coffee, two cups and a half of flour, one cup and a half of stoned raisins, chopped fine, one teaspoonful of soda, one of cinnamon, one of allspice, one of cloves. *White part:* one cup and a third of sugar, half a cup of butter, one cup of milk, two cups of flour, one cup of corn starch, whites of four eggs, three teaspoonfuls of baking powder; flavour with lemon. Bake in layers. Place the light and dark layers alternately, with icing between.

AN OBSTINATE CASE.—"In the spring of '83 I was nearly dead, as everybody around my neighbourhood knows. My trouble was caused by obstinate constipation. One bottle of Burdock Blood Bitters cured me entirely." This statement is made by Walter Stinson, of Gorrie, Ont.

CHOCOLATE CAKE.—Two cupfuls sugar, one tablespoonful butter, two teaspoonfuls baking powder, and a little salt mixed with three cupfuls flour, five eggs, and flavouring of any kind. Bake in six shallow tins. The chocolate between the layers may be prepared as follows: One pint milk, one cupful sugar, three tablespoonfuls grated chocolate, a piece of butter the size of a small walnut, one tablespoonful corn-starch dissolved in a little cold milk; place the mixture over the fire and stir until it thickens. These quantities will make two cakes of three layers each. Ribbon cake may be made of the same mixture of dough. Divide it into thirds; into one-third stir two tablespoonfuls pink sugar; into another third stir one cupful chopped raisins, one-half cup of currants, a little citron and spice, dredging the fruit with flour before putting it into the dough; bake the other third as it is. Bake all in six shallow tins, and make into two cakes of three layers each, placing the fruit between the pink and white, or at the bottom as fancy dictates, putting icing between them.

Highly Commended" at the Toronto Exhibition, 1885.

Is quickly and easily attached to the heads of Cattle, Hogs, etc., and retained there by Steel Springs; a smart blow given it instantaneously and painlessly deprives the animal of sensibility. The "Stunner" is the only instrument that can be attached to the head of Stock for slaughtering purposes. It enables the FARMER and PIG-KEEPER to kill his own Cattle and Hogs humanely, safely, speedily and quietly. Humanitarians should use and advocate the use of the "Stunner."
