RICHARD WHITE,Man. Dir. GAZETTE PRINTING CO.,
MONTREAL.**MERCHANT'S GARGLING OIL AS A FAMILY MEDICINE.**

We are now, and have been for some years, preparing the Oil free from stain, to be used as a common liniment for human flesh, extracting the coloring ingredient which has heretofore rendered it objectionable. This Oil possesses all the medicinal properties of that prepared with the dark tinge for horses and cattle, and will be found one of the best remedies for all purposes where a liniment is required that has ever been manufactured.

From J. K. FISHER, Uniontown, Pa., Jan. 31, 1857:—"Your Gargling Oil is doing much better here than formerly, since its virtues have become known and the bottles put up for family use, without stain, are much sought for."

The Gargling Oil called "Family Oil," although prepared intentionally for human flesh, answers as well for horses, vice versa, the dark Oil answers as well for human flesh, only it will stain and discolor the skin, but not permanently. Yellow wrapper for animal and white for human flesh.

GARGLING OIL LINIMENT AS AN INTERNAL REMEDY.

Merchant's Gargling Oil is a diffusible stimulant and carminative. It can be taken internally when such a remedy is indicated, and is a good substitute for pain killers, cordials and anodynes. For Cramps or Spasms of the Stomach, Colic, Asthma, or Internal Pain, the dose may be from fifteen to twenty drops, on sugar, or mixed with syrup in any convenient form, and repeated at intervals of three to six hours. Yellow wrapper for animal and white for human flesh.

MERCHANT'S GARGLING OIL is the Standard Liniment of the United States. Established 1833. Large size, \$1.00, medium, 50c., small, 25c. Small size for family use, 25c. Manufactured at Lockport, N.Y., M. G. O. Co., and sold by all druggists.

245 ST. JAMES STREET,
MONTREAL.**COUNTERACTING A TENDENCY TO CONSUMPTION.**

It is well understood by medical pathologists that a tendency to consumption may be transmitted from parent to child. To overcome this tendency is a task to which the ordinary resources of medical science too frequently prove inadequate. There is, however, a means of counteracting it, to the reliability of which physicians themselves have repeatedly borne testimony. Not only has it been demonstrated by results there is no disputing, that

Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda

is a prompt and thorough means of relief when the lungs are already affected, but the proofs are equally positive that it imparts a degree of vigor to the breathing organs, which is the best guarantee against their becoming diseased. The constituents, phosphorus, lime and soda, are important elements in the physical structure, and these it supplies in a harmonious and easily assimilated form. A speedy gain in strength and flesh follows its use in all cases where the lungs are not hopelessly diseased. Sold by all druggists at 50 cents and \$1.00 per bottle. Prepared only by
