ALTHOUGH this Society has mainly in view the intention of enabling members of the Church of England to contribute, by the payment of small periodical sums, towards either the endowment of a Church of England University, (in accordance with the recommendation of His Lordship the Bishop in his recent Pastoral Letter,) or the building and endowment of Churches, Parsonage Houses, and School Houses, in connexion with the Church of England—the Society, nevertheless does not contemplate restricting its operations to those objects only. On the contrary, like other Building Societies, the advantages of the Church of England and Metropolitan Building Society will be fully open to all parties, without distinction, who may choose to take Stock therein, either for investment—the acquisition of freehold or leasehold estate—the removal of incumbrances or liabilities upon property—or the privilege of borrowing the amount of their shares in advance, upon furnishing approved mortgage security.  
Printed copies of the By-Laws and Regulations can be obtained from the undersigned, at the Offices of the Society, Albany Chambers; and it is requested that all Communications be post paid.

A REMEDY THAT CURES.

Various remedies have been offered and puffed into notice for the cure of diseases of the lungs, and some have been found, no doubt, very useful; but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed its effects, that none has proved so successful as DR. WISTAR'S BALSAM OF WILD CHERRY. For asthma, shortness of breath, and similar affections, it may be pronounced a positive cure. It has cured asthma in many cases ten and twenty years' standing, after physicians had declared the case beyond the reach of medicine.

The genuine is signed I. BUTTS.
