

TO THE .....

## .. Municipal Councillors and Officers of Ontario ..

---

**T**HE MUNICIPAL WORLD refers each month to the duties required to be performed by councillors and officials. A calendar of dates shows when each step should be taken to carry on the business of municipalities. It considers questions directly affecting every citizen. Its editorials deal with live municipal topics.

### THE ENGINEERING DEPARTMENT

Is in itself sufficient to recommend THE WORLD to all. Every branch of municipal engineering receives attention in articles devoid of technical expressions, and is calculated in every way to assist in the intelligent control of this most important branch of municipal work.

### THE LEGAL DEPARTMENT

Considers the immense interests involved in the administration of municipal law which require the greatest circumspection on the part of municipal officers. It assists in supplying information which ought to be known by all municipal officers. To meet this, legal decisions, compiled from reliable information, are published each month.

### THE QUESTION DRAWER

Answers all municipal questions submitted by subscribers.

### SUBSCRIPTION.

The price of THE WORLD brings it within the reach of all councils. Single copies, \$1 ; 6 copies, council and clerk, \$5. Additional copies for other members or officers of the council, 75 cents each.

Address

**THE MUNICIPAL WORLD,**  
**ST. THOMAS, ONT**

---

*The contents of Volume VI., published during 1896, will give further information relative to the value of THE WORLD to municipal councils and officials.*
