UNIVERSITY COLLEGE

The first of the year "At-Homes" will be held next Saturday by the fourth year. This is rather earlier than usual, but if not held then, no date will be available until the middle of November.

We regret to report that Mr. Stewart, B.A. of '11 has had to undergo an operation for appendicitis. However he is now progressing favorably.

The fourth year executive was elected on Monday afternoon. The following were chosen: President, T. Gordon; vice-pres., Miss M. H. Russell; secretary, L. R. Johnson; treasurer, R. O. Daly; musical directress, Miss Hawkey; critic, E. S. Farr; first historian, Miss Keith; second historian, Mr. Gollop; lady councillor, Miss McCannell; gentleman councillor, N. J. McLean.

While Meds and School attend their theatre night on Friday, after the games, University College will turn out to the first "regular" meeting of the Literary Society in the Student's Union of the gym. The feature of the evening will be a hot party debate over the speech from the Throne. This has been prepared by the Old Lit government. Our men will save their money and celebrate right royally next Wednesday night at the Annual Stag Night in the gym. There is going to be no monopoly of the speaking in the Lit on the part of the leaders this year and every member is going to have an equal chance in the discussion. Hither to those who were not on the executive have had little encouragement. This year it is proposed that the leaders explain their arguments in a party caucus held during the week so that their supporters will get a few suggestions and come prepared to speak with assurance. In this way the benefits derived from public speaking will not be restricted to the few. The Old Lit party are having such a meeting this afternoon and urge all their men who care to speak Friday night to turn out.

TRINITY COLLEGE

The actual date for the regular fall dance given by Trinity College is not yet fixed, but will probably be soon after the 20th of November. The following committee has been chosen to make arrangements for this popular function. Bishop Boddy, Dykes, Orde and Willis.

At a college meeting held on Wednesday last H. S. Hayes '14 was elected to represent Trinity in the Parliament of the Undergraduates.

KNOX COLLEGE

The silent hours that usually follow after midnight were rudely disturbed around the college halls last Friday. For a few minutes the sound of cannon-firecrackers, the glare of Roman candles, the blare of trumpets led the freshmen to think that the siege of Tripoli had been transferred to Knox, while the clang of the cowbell, made them think of the "dear old farm". Not a few began to throw their personal belongings out of the windows and one gentleman in his haste to escape from his room came out by way of the fanlight inquiring for the fire. Several of the gentlemen were duly drafted for the navy but not by the sprinkling method. Later in the morning it was found that a freshman in theology could eat biscuits more quickly than one in arts and duly carried off the grapes.

An elementary Greek class has been opened for University students. Sessions being held on Monday and Thursday at 4 p.m. The class is conducted by Mr. Duff, B.A. of St. Andrew's College.

The first regular meeting of the Theological and Literary Society will be held on Tuesday next when the subject for

discussion will be "The Creeds of Canada" It is desired so far as is possible to make the meetings of this year less formal, and more practical than they have been formerly. As an aid to this end the subjects for discussion will be largely such as do not call for special preparation but those which rise from the practical issues of student life. Much of the routine business it is to be hoped will be left in the hands of the Executive and thus the meetings will be relieved of the tedium of prolonged discussion.

**FACULTY OF APPLIED
SCIENCE**

M. H. Murphy '11 is back with us again. Harry has just recovered from a severe illness which confined him to bed for some time.

The first meeting of the Engineering Society takes place on Wednesday at 4.15 in Room 22, Chemistry and Mining building. Dean Galbraith will address the meeting and then elections will be held to fill the following offices: 1st. vice-president, Eng. Soc.; Junior Varsity Rep.: 1st year rep. Representatives for the Student's Parliament will also be elected—2 from III year, 2 from II year, 1 from 1st year. There will be good music. School men turn out.

WYCLIFFE COLLEGE

The Annual meeting of the Canadian Church Missionary Society was held in the Convocation Hall on Friday evening. There was a very large attendance. Dr. Hoyle presided. Addresses were given by The Lord Bishop of Yukon on "A Perilous winter trip in the Mountains of Alaska," Rev. J. Cooper Robinson on "The present opportunity for the Canadian Church in Japan" and the Lord Bishop of Athabasca on "A Second North West discovered—the present opening in Grande Prairie". An urgent call for men was made. Will Wycliffe respond?

An echo of the note of appreciation which appeared in our last issue was heard when the Alumni Association on Friday presented Miss Rogers with a beautiful silver mounted handbag as a token of their recognition of the capable manner in which the inner man was provided for by our housekeeper and her staff during the past week. The Alumni selected two eligible bachelors (not necessarily of Arts) to make the presentation. Curiously enough it happened to be Miss Roger's Birthday. The unlucky 13th does not always happen to be an unfortunate date.

Welcome back, Shirley! Belated though you are you were in time to answer "Adsum" at the "Lit". Only please don't use Quinine capsules!

Eight Mission Study Classes commence this week. The following are the subjects and leaders:—

The Moslem World, leader, L. H. Dixon, B.A.

The Foreign Missionary, leader J. H. Barnes.

Africa, leader, G. W. Tebbs.

South America, leader N. L. Barclay.

India, leader, G. R. Bracken.

China, leader, C. S. Ferguson.

Japan, leader, J. L. Cotton, B.A.

Esquimaux and Indians, leader, A. L. Fleming.

Patterson looked very worried at the Missionary meeting. The windows, the collection, and his Order of Ushers bothered him. But now he is comforted, for on Friday Jonathan returned to his David.

Ask Morris what happened when he tried to jump the creek when out with his scouts, recently. Smile and whistle, Morris!

Somebody says Randall is Canadian Agent for the "Calgary Eye-opener." It is presumed Calgary is beyond the pale of our civilization. At all events its literature is. Wycliffe so decrees it.

We want some really new and modern College songs. Who will be our Poet Laureate? Perhaps Abbott, at this juncture! It is too late to ask Bytrel.

AUTUMN TEA

**Large Attendance at Annual
Function of Women's Lit.**

The Autumn Tea, given by the Women's Literary Society, Saturday, October the fourteenth, in the East and West Halls, was throughout a great success. Over three hundred were present, including many wives of the Faculty. The speeches were delightful, and such an enjoyable time was spent that there is no doubt that all the ladies of '15 will become enthusiastic members of the Lit. The first meeting will be held in the Gym, Saturday

Don't Grow Old Too Fast!!

"A man is as old as his arteries." Old age is merely a hardening of the arteries—and hardening of the arteries comes from excessive eating of high-protein food such as meat and eggs. Cut down the high-protein diet for awhile and eat Shredded Wheat. It supplies all the body building material in the whole wheat prepared in a digestible form. Of course

Shredded Wheat Biscuit

will not "cure" appendicitis—nor will any other cereal food. The excessive eating of indigestible foods, however, gradually brings on stomach and bowel disorders—and these can be prevented by a daily diet of thoroughly cooked cereals. Shredded Wheat is best for this purpose because it is steam-cooked, shredded and twice baked, retaining the bran coat, which is so valuable in keeping the bowels healthy and active.

Heat the Biscuit in the oven to restore crispness and serve with hot or cold milk and a little cream, adding salt or sugar to suit the taste. It also makes delicious combinations with stewed or preserved fruits. Two Shredded Wheat biscuits with stewed fruit makes a wholesome nourishing meal.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese, or marmalades. Always toast it in the oven before serving.

The Royal Military College of Canada

THERE are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution, designed primarily for the purpose of giving instruction in all branches of military science to cadets and officers of the Canadian Militia. In fact it corresponds to Woolwich and Sandhurst.

The Commandant and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive a practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and, in addition, the constant practice of gymnastics, drills, and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent Force are offered annually.

The diploma of graduation, is considered by the authorities conducting the examination for Dominion Land Surveyor to be equivalent to a university degree, and by the Regulations of the Law Society of Ontario, it obtains the same examinations as a B.A. degree.

The length of the course is three years, in three terms of 9½ months each.

The total cost of the course, including board, uniform, instructional material, and all extras, is about \$800.

The annual competitive examination for admission to the College, takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont.; or to the Commandant, Royal Military College, Kingston, Ont.
