

Maintenance of Records

- 9.(1) Every person who manufactures chlorofluorocarbon or imports or exports chlorofluorocarbon in bulk in any control period commencing after the calendar year 1988, shall keep, for the period specified in subsection (2) records containing the information specified in Schedule 111.
- (2) A record referred to in subsection (1) shall be kept for a period of 5 years after the record is made.

Amendment of the List of Toxic Substances in Schedule I to the Act

10. Column II of the List of Toxic Substances in Schedule I to the Act is amended by adding thereto, for items 10 to 14 inclusive of that List, the following description of the type of regulation applicable to those items:

"Quantities that may be manufactured or imported".
