HOUSE OF COMMONS

TRIBUTE TO PAGE STAFF

Mr. Speaker: Order, please. Today, sadly, we must say goodbye to a special part of the parliamentary family, our Pages. Bright, personable, dedicated, they are that and much more. They have seen us at our best and otherwise. They tell me that they feel privileged to have spent this year here. Little do they know that the privilege is all ours, the privilege of having their enthusiasm and their intelligence pushing us daily to live up their expectations of us.

I am certain that we would want to thank these extraordinary and exemplary young Canadians most sincerely and to wish them Godspeed and every possible good fortune.

Some Hon. Members: Hear, hear!

POINTS OF ORDER

ALLEGED MISATTRIBUTION

Right Hon. John N. Turner (Leader of the Opposition): Mr. Speaker, during Question Period the Prime Minister (Mr. Mulroney) purported to recite something about the Foreign Investment Review Act from a document that he tried to attribute to me. I would like to say to him and the House that those were not my words.

Right Hon. Brian Mulroney (Prime Minister): Mr. Speaker, I indicated that it was from a McMillan Binch newsletter—

Some Hon. Members: Oh, oh!

Mr. Mulroney: That is exactly what the record will reflect. At that time I believe my right hon. friend was a partner with a willing pen.

Some Hon. Members: Hear, hear!

Mr. Speaker: Order, please. Order.

ALLEGED MISSTATEMENT

Hon. Warren Allmand (Notre-Dame-de-Grâce—Lachine East): Mr. Speaker, during Question Period, the Minister of Employment and Immigration (Miss MacDonald) said, in reference to a statement that I made yesterday during

Point of Order—Mr. Allmand

Question Period that the PC Fund was funded by the Challenge '86 Program, that she checked and found that it was completely false. I must tell her that before I raised the question yesterday I called her Department to find out if the information that was given to me was correct. I asked for a list of the Challenge '86 funded programs in Ottawa. Her Department refused to give me this information. If the Minister would make public a list of all the programs in Canada that are funded under that program, we would never find ourselves with this kind of problem. If she were more open and would make known—

Some Hon. Members: Oh, oh!

Mr. Speaker: Order.

Miss MacDonald: Mr. Speaker, on the same point of order—

Mr. Speaker: Order, please. Hon. Members know that this is what happens when a point of order is raised that is not a point of order. The Hon. Minister seeks to reply but it is not a point of order. I think she has already had her comment.

Miss MacDonald: Well, it may not be, but on the same point of order that was raised by the Hon. Member—

Mr. Speaker: Order, please. There is no point of order.

Some Hon. Members: Oh, oh!

Mr. Speaker: Order, please. The Chair cannot hear because of the noise coming from the government side.

POINT OF ORDER

REQUEST THAT A MESSAGE FROM THE SENATE BE PRINTED IN THE DEBATES OF THE HOUSE

Mr. Jean-Robert Gauthier (Ottawa—Vanier): Mr. Speaker, yesterday the Senate sent a message to the House of Commons concerning Bill C-62, along with another message which was not read in the House because there was no Royal Assent and, for reasons which I fail to understand, this does not appear either in yesterday's *Votes and Proceedings*.

As it must be done, I would like the Chair to make public both the message and the observations of the Senate concerning Bill C-62. I think this should be included in *Hansard* because I think it is important that the House be aware of them and know that the Senate have made an important comment on a Bill which has not yet been given Royal Assent, but which will necessarily go through this process later today, I think.

I urge the Chair to give every consideration to my request because I think it is serious. A very important message has
