[*English*]

Mr. Dingwall: Mr. Speaker, I rise on a point of order.

For the benefit in particular of the chief government Whip, I want to indicate to him and to the President of the Treasury Board that the Official Opposition was not given notice verbally or otherwise of the tabling of the supplementary estimates, which is a tradition around this institution.

I am sure the minister is aware that a vote could have been ordered concerning this particular motion of reference to the committees.

I would like the House to know that once again members of the opposition, notwithstanding the breaking of the traditions which seems to happen from time to time by members opposite, are attempting to co-operate with the government at every opportunity so that we can have a full and extensive debate on various subject matters which will come before this House.
