BUSINESS ABOUT AS WAS EXPECTED

Fair Demand for Stocks on Standard Exchange Yesterday.

Another day of business on the Standard Exchange brought out nothing of an adverse character. The floor resembled very much the same appearance as prevailed prior to the closing. Business was not very brisk. The price limit set by the exchange has a governing effect.

What stocks were wanted were bought. Brokers seemed not to mind telling the limits they could go. Everything moved along entirely in accordance with what was expected by those who advocated the opening.

Some stocks were in demand, others were not as popular. Dome Extension was early wanted at 5. It eventually sold at the figure. Timiskaming was also wanted. In reply to the demand, it sold first at 7½ and later at 7¾. More was enquired for at the price. Conlaga was asked for at 675. There was none on the market. Peterson Lake brought 23¼ and 23. Hollinger sold at 16.50.

MANITOBA WHEAT SOLD BY CABLE

First Business of This Kind at Montreal Since Opening of War.

Canadian Press Despatch.

MONTREAL, Aug. 26.—There were a few loads of Manitoba spring wheat sold over the cable today, this being the first business reported since war was declared. The enquiry for oats from London and Glasgow is fair, but owing to the small supplies now available on spot and in the west, little business can be done. The local market is firm with a steady demand for car lots. In flour the feeling is strong owing to the further sharp advance in prices for wheat in the west but prices show no change. A number of cars of American winter wheat flour have been imported and sold, duty paid, at $5.75 to $6 per barrel in jute, ex-track. Demand for millfeed is fair. Rolled oats were strong and 45c per bag higher. Baled hay was active with prices tending upward. Butter is quiet but firm. The demand for cheese is good and a fair trade was done over the cable.
