FROM THE DAILY COLONIST, Oct. 27.

THE CITY.

The 23rd of November proximo has been proclaimed a day of general thanksgiving throughout the Canadian Dominion.

KASLO's first City Council is announced in the Gazette of yesterday as: Mayor, Robert F. Green; Aldermen, Thomas E. Devlin, Adam McKay, Samuel H. Green, David P. Kane and Alfred Cameron.

FRANCIS G. POWELL, of Mayne Island, has been gazetted as judge of the Court of Revision and Appeal for Mayne, Tumbo, Cabbage, Parker, Samuel, Galiano, Reid, Gosip, Pender, Narrow, Sheep, Prevost, Secretary and Saanich Islands, vice Arthur R. Spalding, resigned.

MESSRS. Wm. L. Fagan and James Shaw, of Vancouver, and Stephen Hinchliffe, of Port Guelph, are the first trustees of a new incorporation known as The Fisherman's Canning Co., Ltd.; the principal place of business is Port Guelph, and the capital stock is \$40,000, in \$100 shares.

LEE FOK BOY, the Chinaman arrested in San Francisco for alleged to have been committed at Seattle, is now at Tacoma. While on the way North, between San Francisco and Sacramento, Lee Fok Boy attempted to commit suicide, the officers frustrating the attempt.

ASSASSINS are notified in the Gazette that the time for the completion of their rolls must be extended to the 15th of November, to the 15th December, by which date all rolls must be prepared. The duties of all Courts of Revision and Appeal are to be completed and the rolls finally revised and completed by December 30.

HARVEST festival services were held last evening at the pretty little church of St. Luke's, Cedar Hill, the Bishop presiding, and a large congregation attending. After the services the congregation, including many city visitors, were hospitably entertained by the ladies of the parish, refreshments being served in the school room.

FRANK GOODRICH, who was supposed to be "Capt. Seymour's" confederate in the theft of the little steamer La Palma, wrecked near Gordon Head last Sunday, has bobbed up alive and well in Tacoma, and repudiates all connection with the deed. The house of the La Palma, which was washed ashore Sunday, is said to be a great success as a chicken coop.

THE Fairview mines, operated by the Strathairn Mining Company, are well maintaining their high reputation. Mr. W. T. Thompson, who has recently come from Fairview, and is spending a few days at Dallas, says the stamp mills at Fairview are now working night and day on ore from the Morning Star, which is running much richer than that from the Victoria, which gave in gold from \$30 to \$40 a ton. For appreciate the importance of these mines, because they have been so quietly opened, but the quantities of rich ore in sight is something almost incredible.

THE outcome of the meetings which have been held in the Cathedral schoolroom, under the presidency of the Lord Bishop of Columbia, is the formation of the "Diocesan Literary and Scientific Society," under the management of the Bishop, as president, and a council of the following eight gentlemen: G. E. Redfern (chairman), John Collett, W. Ridgeway Wilson, Dr. S. M. Wade, Beaumont Boggs, E. J. Eyles, H. Litchfield and A. H. Scott, honorary secretary-treasurer. The council are already energetically at work drawing up programmes and enlisting performers for the nine entertainments which it is intended to give during the season, November, 1893, to March, 1894. The new society should enjoy every possible success. Its objects are excellent and it is in able hands as regards management.

MEMBERS of the Anglican church in this city must regard with satisfaction the signs of progress and increased energy amongst the laity, which were demonstrated last evening in a meeting held at Christ Church Cathedral school for the establishment of a Victoria of a branch of the Canadian Church Union, with the primary object: "To unite communions of the Anglican church in Canada for the restoration of the full use of the book of common prayer." The new branch has started under most favorable circumstances, the following clergy being elected president, Canon P. H. Marshall, Schofield, Rev. J. E. Eyles, Rev. S. C. W. H. P. Arden, and Rev. E. F. Lippcombe, and over thirty five communicants signing the roll. Hon. Colonel Baker was elected president, and P. H. Marshall vice-president. Under the guidance of such capable officers, there is every reason to believe that the Canadian Church Union will be the means of materially strengthening and upholding the Anglican church in this diocese. The Secretary, Mr. H. O. Litchfield, will be pleased to give every information to any member of the church desirous of joining.

A FALSE REPORT CONTRADICTION.

TO THE EDITOR: I see an article in last week's Times headed "Election." In which it is alleged that the Attorney-General, while in Cariboo, did a good deal of quiet canvassing for Mr. Murphy. I do not know where the Times gets its information, but in Cariboo I know better than to credit any such allegation. I, for one, asked Mr. Davis at Soda Creek what he thought of the candidates. He said he thought it would be a pretty close thing; and that they were all Government supporters. Knowing that I was a supporter of Mr. Murphy, for I made no secret of it, he said he had no leaning in his favor. But if he had favored Murphy, there probably would have been another result. On my way home from Soda Creek I met Mr. Murphy coming down, and had a long talk with him. Mr. Murphy asked me if I did not think Mr. Davis was favoring Adams. I said no, and told him the conversation I had had with Mr. Davis. This may be the winter of Mr. Murphy's discontent, but we, his supporters, yet expect to see it made glorious.

NEW YORK, Oct. 26.—A Valparaiso cable says: The volcano on Mount Albuco has again become active. The streets of Orono are filled with piles of ashes which have been thrown up from the crater. Traffic is almost stopped by them on the roads near by. Great alarm exists among the residents lest the eruption should assume more dangerous proportions.

NEW YORK, Oct. 26.—A cable from Managua, Nicaragua, says: The political volcano is on the eve of an eruption. The canal question will be one of the most vital in the pending revolution. It is reported that several persons have been shot here and in the city of Leon, which is the headquarters of conservatives.

THE LACROSSE SOUVENIRS

Presented Before a Large Gathering of the Appreciative Victoria Public.

Compliments From Lieutenant-Governor and Mayor—An Excellent Concert Programme.

Happier auspices than those under which the Victoria lacrosse team appeared last evening could not have been desired. The Victoria theatre was well filled in every part by their enthusiastic admirers, glad of the opportunity to participate in a public recognition of the honors the expert and hardy players had won for Victoria in the Province and in the Dominion. A good concert programme had been provided, and was thoroughly enjoyed, but the presentation of the souvenirs so well won was the event which main interest centered. It took place in an intermission in the musical programme, when the raising of the curtain disclosed the players, the president, officers and committee of the club grouped in a semi-circle on the stage, with His Honor Lieutenant-Governor and Mayor in the center.

Major Heaven in the pose of honor within the circle. In the background, there was a tasteful drapery of flags, artistically set, and the players, each with his acceptance on the condition that the club deposit a \$10,000 guarantee for the contest to come off. As Mitchell has expressed a desire to have the contest at an earlier date, Corbett urged that the day for the fight be set for either the latter part of November or the early part of December, making it more desirable to have the contest at an earlier date. Corbett said: "The purse is smaller than I fought Sullivan for, but no matter, Mitchell must not be disappointed."

THE RING.
NEW ORLEANS GETS IT.
ASBURY PARK, Oct. 26.—Champion James J. Corbett received word this evening from the Olympic club at New Orleans that they would hang up a purse of \$25,000 for the contest, and Corbett would fight at an earlier date. Corbett urged that the day for the fight be set for either the latter part of November or the early part of December, making it more desirable to have the contest at an earlier date. Corbett said: "The purse is smaller than I fought Sullivan for, but no matter, Mitchell must not be disappointed."

THE RIFLE.
A FLAGSHIP VICTORY.
A rifle match took place on the 24th of October, on the Naval range at Esquimalt, between teams of the Royal Marines from H. M. ships Royal Arthur and Garnet. After a close match it resulted in a win for the flagship by 13 points only. The score:

FOOTBALL.

WESTMINSTER'S ENGAGEMENT CANCELLED.
NEW WESTMINSTER, Oct. 26.—(Special.)—The Rugby football match between New Westminster and the officers of H. M. S. Royal Arthur, which should be played Saturday at Esquimalt, has been declared off, the Royal City players being unable to get a fifteen together.

THE TEE.

PROMISE OF A GREAT MEETING.
SAN FRANCISCO, Oct. 26.—The fall meeting of the Pacific Coast Athletic Association, which opens at the Bay District track on Saturday next, gives promise of being the greatest in the history of the association. Hundreds of spectators are expected, such as they never were before, and to-day there are over 600 of them at the track. Clinton Riley, who is to be presiding judge of the meeting, arrived from Chicago yesterday. He is very confident of the success of the meeting, and predicts that the meeting will be successful, both financially and from a racing point of view. He says that many more Eastern stables are on their way here.

MARINE MOVEMENTS.

Already another steamer has been chartered by the Canadian-Australian Steamship Company to replace the stranded Miwara. The new vessel, which is named the Arava, is a finer and larger vessel than the Miwara, her tonnage being 5,028 tons gross and 3,268 tons net. She is 436 feet long, 46 feet beam and her engines are 800 nominal horse power. She is finely fitted up, is lit with electric lights and has all the modern improvements. The Arava was built in 1894 at Dunbarton, Scotland, and cost £100,000 at Lloyd's. Only one schedule trip will be by the Miwara's mishap, as the Arava will leave Sydney November 18. One great advantage of the new vessel is her cargo room for 50,000 ounces of mutton.

PACIFIC COAST COMPANY BUSINESS.
Owing to the increase of trade between California and British Columbia, the Pacific Coast Steamship Company will keep their steamers—City of Puebla, Walla Walla and Umatilla—running throughout the winter season, something which they seldom, if ever, in former years found business enough to justify. The Walla Walla, which has been in the San Francisco dock for the past month receiving a general overhauling, takes her old place on the run this week, and the Umatilla will replace her on the stocks. The Umatilla will continue in service until the 10th of November, when she will be replaced by the Walla Walla. On Monday next the company's steamer Alki will leave Port Townsend en route to Alaska.

THE MUSIC.
The concert programme could hardly have been more acceptably carried out than was the case, and for the smoothness of the proceedings much credit is due to the manager, Mr. Charles W. Rhodes. A variation had to be made from the order of the programme, on account of the late arrival of the steamer bringing Mr. Brownlee from Westminster, and accordingly Mr. C. W. Rhodes opened with the solo "Good Night," sung in a fine voice and very heartily received. Mr. Ernest Wolff, L.C.M., played on the violin the two difficult selections, Ungarie Tante No. 5 and a Sonata, by J. Joachim. A vocal selection by Miss M. B. Sharp was rewarded by liberal applause and the presentation of a handsome bouquet, and in response to an encore she sang "Kil-larney." Mrs. Clement Rowlands was heard to great advantage in the pathetic "Daddy," and received a well-merited recall. Mr. J. G. Brown's vocal solo, "Down They Go to the Sea in Ships," proved highly popular, and this closed the first part of the entertainment. After the presentation, Mr. W. Ralph Higgins resumed the musical programme, rendering "When the boys come home" in fine voice and with good effect, his adaptation of the closing words to the concert being in response to a recall imperative. Then Mesdames Janion and Rowlands and Messrs. Wolff and Rowlands sang the merry quartet, "There was an old woman who lived

in a shoe," and they were vociferously applauded and recalled. Mr. W. Edgar Back sang with great expression the old favorite, "Hearts of Oak," and Miss Duffie followed, singing "In all Eternity" in a manner which left little to be desired. Then the duet which had been omitted at the opening was sung by Mrs. Rowlands and Mr. Brownlee, whose selection was "The Crookit Baboon," and the applause which followed which it was received showed that this number would not willingly have been missed. The duet "Morning," by Mrs. Janion and Miss Rhodes followed, and proved one of the sweetest pieces of the evening. Mr. Clement Rowlands sang "Mona" in fine voice and manner. Another vocal selection, the "Legende," of H. Wieniawski, by Ernest Wolff, L.C.M., closed the programme, and the orchestra played "God Save the Queen" to an audience as well contented with the evening's entertainment as could be desired. Having brought together for a long time in this city.

Mention should be made of the Bantley family orchestra, who supplied the music at the intervals in the programme. The piano used by the accompanists was a Decker, supplied from the ware rooms of Walts & Co.

SUPREME COURT OF B. C.

DIVISIONAL COURT.

(Before Crease and Walkem, J.J.)

October 27, 1893.

POWELL v. LOWENBERG, HARRIS & Co., Appeal from an order of Deane J. Condon, striking out the counter claim of Defendant Harris.

Plaintiff's claim stated that he paid the defendant \$16,500, as his agents, being the purchase money of certain lands bought by him through them, but that it was in fact an overpayment of \$350, as the purchase money was only \$16,150, and he claimed to recover the \$350.

The defendants denied the receipt of the \$16,500 by defendants' firm, alleging that it was received by Defendant Harris only, as vendor of the lands to the plaintiff for that sum.

Defendant Harris set up by way of counter claim that, at the time of the purchase of the lands from him by the plaintiff for the \$16,500, it was agreed between the plaintiff and himself that they should be partners in the lands and share any profits upon the resale thereof, after deducting the amount which the plaintiff should expend in improvements, and interest at 10 per cent. per annum thereon and on the \$16,500 advanced by the plaintiff, charging that the plaintiff had re-sold the lands for \$40,000, and claimed: (1) An account of the money received; (2) An account of the money expended by the plaintiff in improving the lands; (3) Payment of the balance, after deducting interest computed as above.

Casidy, for the plaintiff, moved in Chambers, under rule 24, to exclude the counter claim on the ground that it could not be conveniently disposed of in this action, and would delay the recovery of judgment upon the plaintiff's claim by the taking of long accounts on the counter claim.
