PRESS NOTICES.

"His work rises at once to an eminent place among studies of great nations and their institutions. It is, so far as America goes, a work unique in scope, spirit, and knowledge. There is nothing like it anywhere extant, nothing that approaches it. . . . Without exaggeration it may be called the most considerable and gratifying tribute that has yet been bestowed upon us by an Englishman, and perhaps by even England herself. . . . One despairs in an attempt to give, in a single newspaper article, an adequate account of a work so infused with knowledge and sparkling with suggestion. . . . Every thoughtful American will read it and will long hold in grateful remembrance its author's name."—*The New York Times*.

"Written with full knowledge by a distinguished Englishman to dispel vulgar prejudices and to help kindred people to understand each other better, Professor Bryce's work is in a sense an embassy of peace, a message of good-will from one nation to another."—*The Times*, London.

"This work will be invaluable . . . to the American citizen who wishes something more than a superficial knowledge of the political system under which he lives and of the differences between it and those of other countries. . . . The fact is that no writer has ever attempted to present so comprehensive an account of our political system, founded upon such length of observation, enriched with so great a mass of detail, and so thoroughly practical in its character. . . . We have here a storehouse of political information regarding America such as no other writer, American or other, has ever provided in one work. . . . It will remain a standard even for the American reader."—*New York Tribune*.

"The book should be known by every American who wishes to understand his own country. . . . It is by far the most able, sincere, candid, and impartial study of the condition of the United States that has ever appeared since De Tocqueville's memorable work."—*Boston Beacon*.
