

# Yacht "Ugoigo" Badly Damaged as Result of Explosion—Yes- terday's Fires.

Toronto will have to have a fire boat to protect its bay.

Numerous instances have been recorded of incipient fires, but last night the fire department was given its first opportunity to extinguish a blazing yacht when an alarm sent from box 10, at the foot of the York-street bridge, at 7:15 p.m. brought out all the hose, truck and engine companies from Portland-street to Wilton-avenue.

The Bay-street chemical and some Babcock extinguishers were alone required, but the trim 35-foot gasoliner "Ugoigo" was badly charred before the fire was extinguished.

The boat is the property of O. J. McGregor of Borden-street. It was moored at a gasoline tank in the slip between the city wharf and the yacht clubs. While being towed to the wharf, a hose wagon running to the fire along King-street almost collided with the trolley which was crossing at Yonge-street, and the driver had to make a quick turn south to avert disaster.

Similarly good driving prevented an accident to hose 7 while responding to an alarm from box 31 at 4:30 a.m. going along Queen-street, near Mutual, a milk wagon, which was on the car tracks, turned off to the side, the driver apparently taking it for granted that the firemen were coming along the track. A sharp aware averted the situation.

There was also an alarm during the afternoon from box 51 for a cellar fire in a Church-street residence; damage \$5. Chief Thompson and an escort will meet a party of one hundred members of the volunteer fire department and band of Tor., N.Y., at the Yonge-street wharf when they arrive at 1:15 this afternoon to spend a day in the city, and will conduct them to the Arlington for lunch. At 3 o'clock the visitors are to be taken on a trolley ride around the city for a couple of hours as guests of the Toronto fire department, and the driver had to be welcomed officially at the city hall. They go to Buffalo by the 9 o'clock boat to-morrow morning en route to Jamestown, N.Y., where there is a firemen's tournament.

## SULTAN NAMES SUCCESSOR.

Paris, Aug. 21.—A communication emanating from the reform party at Constantinople will appear here to-morrow, asserting that the health of the Sultan of Turkey is gradually improving, and that a fatal result shortly may be expected.

It is added that Abdul Hamid is fully aware of his condition, and desires to secure a successor who will follow out his policy. He is said to have named his presumptive heir, his brother, Mohammed Reuchard, to be too liberal, which view is supported by his majesty's entourage.

The communication also says that a plot is going on in the palace in which the chiefs of the Mohammedans are conspiring at the instigation of the Sultan, who will be declared incompetent by illness from succeding to the throne, and the sultanate thereafter will proclaim his seventh son, Mohammed Burhan-Edine, who was born in 1885, to be his successor.

It is pointed out that the latter is in complete accord with his father's policy, which is to continue the present regime of terror and massacre.

## WHERE, OH WHERE, ARE THEY?

Chairman Leitch and Secretary Small Are Not on Duty.

PRESENT—Messrs. Ingram and Kittson.

ABSENT—Chairman Leitch and Secretary Small.

WHY?—Presumably, holidays.

There was no formal meeting of the railway and municipal board yesterday, but Vice-Chairman Ingram and Commissioner Kittson were at the rooms assigned to the board during the day.

They declined to give any information as to whether the various electric railways throughout the province had filed their tariffs as provided by law, or as to any action taken by the board in the premises.

To a query: "Where is Chairman Leitch and when will he return?" Mr. Ingram made the somewhat undignified reply: "It is none of your business!"

He then explained that under the regulations adopted by the board, July and August were vacation months.

Both commissioners present deprecated any criticism of the board as calculated to weaken its influence. They also resented any comment respecting the absence of the secretary.

It is understood that Chairman Leitch is on his holidays and has been away for over four weeks. He has been back once within that time and only for a few hours. He is said to be at Caledonia Springs.

Where Secretary Small is nobody seems to know, or at least nobody is willing to tell.

However, the salaries of Chairman Leitch and Secretary Small go on just the same.

# Canadian Gives "Lone Widow" Engagement Ring, But After That She Was "Out."

New York, Aug. 21.—Revelations regarding the widows "widows" at No. 323 West 52nd-street, made yesterday by Assistant District Attorney Carmody, indicated that the fair Mrs. Vermaut and her companion, Mrs. Isella Brown, had eched New York mer-chaunts out of goods aggregating \$100,000 in value.

The goods, it is said, were obtained on the installment plan, still payment being made in delivery under contract that the balance be made good in monthly installments. These were never paid. It is charged, and yet a scheme was engineered so ingeniously that the losers never were aware of it upon the goods.

The means of the federal government lightened even more easily about Mrs. Vermaut's "widows" than it did about the "widows" themselves. When another alleged victim of her matrimonial scheme was interviewed, she is said to be a prominent official of the Northwestern Life Insurance Company.

Snider is a Canadian, and came to New York about two years ago from Toronto, Ont. He too, was attracted by the scheme, and he had to be rescued from the clutches of the "widows" by the police.

# BRILLIANT ASSEMBLAGE

Continued From Page 1.

Barnes and Mayor Coatsworth, and Dr. Roddick received several compliments as standing for an idea and an ideal—university registration.

President Reeve's address, a masterly summary of the leading phases of thought and activity in the medical world, Dr. Reeve welcomed the many strangers from abroad in beginning his remarks:

"Our conferees from United States, England, France, Germany, Italy, Russia, and the British of Britons here today in their respect for the great men of the British school from Harvey to Lister, who have laid the world's debt to medicine in turn to the names of Lister, Koch, and Ehrlich."

Dr. Reeve, in reviewing the history of the association, complimented the British Medical Journal as forming a strong bond of union among the members.

The editor may well felicitate himself upon the weight of its influence in moulding public opinion and in safeguarding the interests of the profession.

# Convention's Social Side

The social features of the great convention have been arranged on an elaborate scale. Invitations to receptions and lawn parties, as distributed, number nine. Of these two brilliant functions were held yesterday.

The afternoon garden party at the government house was attended by nearly all the visiting ladies and gentlemen, and a large number of Toronto physicians and ladies.

Governor and Mrs. and Miss Clark, who were the guests at the entrance to the garden. Many of the ladies' gowns were very beautiful and attracted much admiration.

Mrs. Clark, wife of Lieutenant-Governor Clark, wore a mauve gown. Miss Clark was charmingly gowned in white. Miss Elsie Clark wore an embroidered Swiss dress with black and white plumes.

Mrs. (Dr.) Giles, London, Eng., was attractively gowned in white lace. Mrs. (Dr.) Gordon, Toronto, wore a handsome gown in green and gold, with black hat and white plumes.

Mrs. (Dr.) Nicol, Paris, France, looked lovely in a pink and white gown, with a black hat and white plumes. Mrs. (Dr.) Dellese, also of Paris, was gowned in a becoming brown silk.

Mrs. (Dr.) C. H. Hodgetts, Toronto, wore a pink and white gown, with a black hat and white plumes. Mrs. (Dr.) Gordon, Toronto, wore a handsome gown in green and gold, with black hat and white plumes.

Mrs. (Dr.) Nicol, Paris, France, looked lovely in a pink and white gown, with a black hat and white plumes. Mrs. (Dr.) Dellese, also of Paris, was gowned in a becoming brown silk.
