until end of year

Henry A. King & Co., 12 King-street east, received the following despatch to-day from New York?

The securities market broke the record for the eve of a Christmas holiday. Government bonds reached record prices and many stocks and bonds went above previous quotations of the year. The activity in all departments was well sustained, also the morning rise was followed in late afternoon by a sharp break in Federal Steel issues, which led to a reaction in many other stocks. There were, however, many independent movements of importance. Minneapolis and Sf. Louis common and second preferred enjoyed a sensational advance on semi-official assurances of changes in ownership and final plans, which involve the cancellation of the first preferred issue. There were sharn advances in Tobacco, Sugar, Glucose, B. S. G., Man, Mo. Pacific, T. C. I., U. S. Leather stocks, B. R. T. and L. & N. The market closed active and generally strong. New York Gossip.
