are a sure Cure for Constipation.

"I have used Ayer's Pills for liver complaint and have found them to be the best thing I ever tried. I cannot do

my work when I stop taking them, but by using just a few of them I am able to enjoy the best of health."—E. N.

"For more than ten years I had stomach trouble in its

worst form. I could not retain all my food at any time.

I had hemorrhages from the stomach and suffered terri-

bly. I then began taking Ayer's Pills. They stopped

the fermenting of my food, aided the action of my liver,

and strengthened my stomach. Soon I was well, and I feel extremely grateful for what they have done for me."

- JOHN GOOD, proprietor of Washington House, Washing-

"The very first medicine I sold when I went into

the drug business in 1865 was a box of Ayer's Pills. I

have kept Ayer's remedies ever since, and their sales have steadily increased all the time."—WM. H. MACY, Towonda, Ill., March 9, 1900.

"I am now 77 years of age and cannot say too much in praise of your pills. They have done great good to me,

and have been very useful in my family. They are like a

equal to them for sick headache and biliousness and for a

diarrhea. If they are taken in small doses, they are a

sure cure." - Mrs. Julia Brown, St. Louis, Mo., April

"I rely upon Ayer's Pills. I always keep them in the

house. I have known of them and used them for forty

years."-Mrs. Mary J. Young, Clifford, N. Y., March

"I have used Ayer's Pills and can praise them above all other Pills I have ever used. I cannot get along without

them." - Mrs. W. H. CREASON, Alta Vista, Mo., May 5,

"I have taken Ayer's Pills regularly for six months. They have cured me of a severe headache, and I can now

walk from two to four miles without getting tired or out of

breath, something I have not been able to do for many years. Ayer's Pills have not injured or troubled me in

any way."-S. E. Walwork, Salem, Mass., Jan. 13, 1900.

And Now He Sends a Lawyer's Letter to the Judge About the Delay in the Lansdowne-Ave. Case.

DOVERCOURT - ROAD PAVEMENT.

poes Ald, Lamb Intend That the Board of Works Shall Investi-

The Mayor yesterday informed Ald. Bowman that Mr. Fullerton had written Judge Meredith about the delay in the Lansdawn-avenue case, but no reply had yet been received.

Discussing the matter, one of the aldermen wondered how prompt a reply the Mayor expected to his letter thru Mr. Fullerton. His Worship had, in the first place, shied a brick at the judge in the form of a message to Council, and had then asked that a courteous professional letter be sent, The letter should have gone before the brick. The Mayor's methods are irrational.

Ald. Graham has received from the secretary of the Works Committee a letter conveying a notification from Chairman the first still an air of doubt about it all. There is still an air of doubt about it all. There is still an air of doubt about it all.

ald. Graham said yesterday that he does not think Ald, Lamb means that the Works Committee shall conduct the proposed investigation. He is of the opinion that the committee will merely take up the matter of arranging for a proper investiga-

Result of Hasty Action.

Act in haste and undo at leisure, is the motto of the Board of Control.

On Thursday afternoon a resolution, moved by Ald. Spence, for the dismissal of Engineer Dickson, in charge of the City Hall machinery, was carried, on a division. Then the board thought it might have acted hastily, and agreed to suspend its decision until it was known whether or not Engineer McRae, in charge of the plant at the pumping station, could take over Dickson's responsibility. Yesterday morning it was found that McRae has enough responsibility already, and when Aid. Spence moved again for Dickson's dismissal the resolution was not carried.

The board seemed to have come up against a great difficulty because McRae failed them. But there are hundreds of efficient men in Toronto, who should be available, but are not, because they will not crawl and canvass among the aldermen for a job in the City Hall. This is the real and only difficuity.

The board will meet again on Tuesday next, at 10.30 a.m., when there will be more talk, and probably abortive decisions about the machinery, and the cases of Architects Siddall and Lennox. Councit will meet on the 13th,

McRae Cannot Come.

The city, examining teachers certificate working overtime in order to finish by Saturday afternoon. Then it is hoped the results of the form I. examination. Then it is hoped the results of the form I. examination will be completed. They will be published a week later.

Just in this connection The World was informed by several teachers that the system of conducting departmental examination of the satisfaction thru the province. For years the High schools teachers of Ontario have been clamoring for a simplification of the curriculum of the schools.

The board seemed to have come up against a great difficulty because McRae failed them. But there are hundreds of efficient men in Toronto, who should be available, but are not, because they will not crawl and canvass among the aldermen for a job in the City Hall. This is the results of the for Result of Hasty Action.

Act in haste and undo at leisure, is the motto of the Board of Control.

Architects Siddall and Lennox. Council will meet on the 13th.

MeRae Cannot Come.

The Mayor, when the board met, said the City Engineer had waited upon him and had informed him that if the Board of Control desired to secure the services of Mr. McRae as chief engineer of the City Hall machinery, and mechanical superintendent, it would be necessary to detach him from his present charge of the waterworks plant.

EX-PREMIER SCHREINER

Wants Martial Law Abolished in Some Districts—He Explains

His Attitude.

Cape Town, Aug. 2.—Mr. W. P. Schreintendent, it would be necessary to detach him from his present charge of the waterworks plant.

of the day to superintend the City Hall machinery, in addition to keeping his job at the waterworks.

Engineer Rust saw a great deal of objection to Aad, Spence's plans for appointing Mr. McRae mechanical superintendent of the city. Mr. McRae would have more than he could do in attending to the main pumping station. If the controllers wanted a competent man for the City Hall, let them get one independently of Mr. McRae.

Ald, Spence asked Mr. Rust if he would take charge of the machinery in the City Hall, Mr. Hust: You seem to want to load everything onto the Engineer. If you put it upon me, I must take it, I suppose.

Dickson Not Dismissed.

Ald. Spence: I think Mr. Dickson should be given notice that his services will be dispensed with immediately. The Mayor: Is that your pleasure? Ald. Spence and the Mayor voted for the dismissal of Mr. Dickson, and Ald. Frames and Bowman voted against. The, motion was, therefore, lost.

The whole matter then dropped.

Unsightly Telephone Poles.

A petition of Euclid-avenue ratepayers protested against the erection of telephone poles on the street. They suggested that the poles be put up in the lances and back yards, as is done in Montreal, and in some cases in Toronto. The Engineer will bensked for a report as to whether the Council can act in compliance with the petition.

Notes.

Ald, Graham and Crane accompanied the Medical Health Officer to Hamilton on

receits, unsafe sidewalks, gratings and injury caused to boulevards by careless persons who "cut corners."

For My Lady's Comfort.

When our buyer was in Berlin and Paris recently he selected two very special little lots of boas that are a charmingly well adapted comfort for ladies of a cool evening or aboard the boat." And when the ling or aboard the boat." And when the ling or aboard the boat." And when the ling or aboard they were he was directed to a very handsome line of Ostrich Boas in white, grey and black, and another lot of feather boas in black and white and pretty feather boas in black and rich appearing things for any lady to wear. The firm extend a welcome to you to see them in the trimmed hats and furs departments—\$6 to \$12 for the feather sort and \$12 to \$25 for the ostrich.

By the way, you might take a look through your furs, and if there is anything needs your furs,

Mr. Thomas S. Robertson Thinks the Prince of Wales' Donation Went Into the University Funds, The article in Thursday's World relating to the Prince of Wales' donation of £200 to the Toronto Model Grammar School has

to the Toronto Model Grammar School has
set some persons thinking. The following
letter speaks for itself:
Editor World: My attention has been
called to an article in to-day's World, headed "Where is this \$1000?" My memory is
that this sum wak-not given to the Model
Grammar School at all, but to the University. I was "Duz" of the Model Grammar
School for the first two years of its existence, and received a good many prizes,
but I have no recollection whatever of having heen awarded a silver inkstand or of
rece ving one.

My impression is that the amount went

There is still an air of doubt about it all. and an authoritative statement from the Education Department will be interesting.

MEANINGLESS CERTIFICATES

works plant.

Ald. Bowman: Then, Mr. McRae is out of the question.

The Mayor: I think so.

Ald. Spence: If the Council adopts the policy of having a mechanical superintendent for the city, it will not be influenced by Mr. Rust's opinion, which will not be allowed to stand in the way.

The Mayor: I don't agree with you at all as to placing all the machinery of the city under one man, unless he is a very superb being. Will we adventse for a competent person for this building?

Ald. Bowman: Do you think the inability of Mr. Dickson has been carefully enough looked into?

The Mayor: Quite established.

Ald. Bowman: If there is a chance of our being wrong, it will not help Mr. Dickson.

Could Give an Hour a Day.

Mr. McRae, in answer to a question, thought he could spare an hour or a part of the day to superintend the City Hall machinery, in addition to keeping his job at the waterworks.

Engineer Rust saw a great deal of ob-

Ald, Graham and Crane accompanied the Medical Health Officer to Hamilton on Thursday to inspect the sewage system there. The method employed is precipitation, and the doctor was not entirely satisfied with it. The aldermen found the Hamilton macadam roadways in a very satisfactory condition.

The Grand Trunk Raliway will build a brick and stone station at the railway crossing. East Queen-street, to cost \$2800.

The City Engineer is taking measures against large overhanging signs on the streets, unsafe sidewalks, gratings and injury caused to boulevards by carcless persons who "cut corners."

the case on Aug. 13.

Order Was Not Granted.

Judgment was given yesterday in the application made to commit Mrs. B. H. Inglis to jail for refusing to obey an order of the court instructing her to remove a boat house which had been built by her upon property leased by her to Mr. Knox. Mrs. Inglis had in the meantime appealed egainst the previous order. Judge Morson helds that the appeal prevents him from granting any order of commitment.

Writs Issued Yesterday.
