EAST BUFFALO, Feb. 9.-Cattle-EAST BUFFALO, Feb. 9.—Cattle-In the absence of sale cattle, the mar-ket was nominally unchanged; the feeling on good butcher cattle, export grades or other desirable kinds, was grades at late quoted figures. The steady at late quoted figures. supply of calves was light-only 35 to 10 head; fair demand, steady; choice to extra were quotable at \$7 50 to \$7 75; good to choice, \$7 to \$7 50. Sheep and lambs-The supply was light-only 10 loads; prices were strong and higher; to extra were quotable at \$5 15 to \$5 25; good to choice, \$5 to \$5 15; fair to good, \$4 90 to \$5; sheep, choice to extra, \$4 25 to \$4 50; good to choice, \$4 to \$4 25; common to fair, \$2 75 to \$3 75. Hogs-The supply was again light, only 10 loads, and with an active demand prices ruled strong and higher; Yorkers sold generally at \$4 05 to \$4 10; medium, \$4 15; pigs, \$3 80 to \$3 85; roughs, \$3 45 to \$3 50; stags, \$3 to \$3 10; the extreme cold weather gives a little better tone to the market.

MONTREAL, Feb. 9.-The receipts at the east end abattoir this morning were 500 head of cattle, 25 calves, 25 sheep and 50 lambs. The demand was not very brisk, and prices were unchanged; good cattle at 4c to 41/2c per lb; lower grades at 2c to 3c per lb; calves sold at \$2 to \$10, according to size. Sheep brought from 3c to 31/2c per lb for choice, and culls from 2c to 21/2c per lb. Lambs sold at 41/2c to 5c per lb. Hogs sold at \$4 10 to \$4 30. CHICAGO, Feb. 9.-The few cattle on sale today were taken quite readily, it being too cool for buyers and sellers to waste any time in discussing prices; fancy cattle, \$5 90 to \$6 10; choice steers, \$5 50 to \$5 85; medium steers. \$4 80 to \$5 10; beef steers, \$4 10 to \$4 75; stockers and feeders, \$3 50 to \$4 75; bulls, \$2 75 to \$4 25; cows and heifers, \$3 30 to \$4; western fed steers, \$4 15 to \$5 50; Texas steers, \$3 50 to \$5 10; calves, \$5 to \$7 25. Trade in hogs was brisk, at an average advance of 5c; fair to choice, \$3 80 to \$3 95; packing lots, \$3 to \$3 771/2; mixed, \$3 65 to \$3 85; butchers', \$3 65 to \$3 95; lights,\$3 60 to \$3 871/2; pigs, \$3 25 to \$3 65. There was a good demand for sheep, and the market ruled firm at unchanged prices; poor to prime sheep, \$2 50 to \$4 40-principally, to \$4 50; ewes, \$3 30 to \$4-chiefly \$3 60 to \$3 90; yearlings, \$4 15 to \$4 55; poor to prime lambs, \$4 to \$5-chiefly at \$4 80

27,000; sheep, 10,000. NEW YORK, Feb. 9.-Beeves-Receipts, 288; no sales; feeling steady. Cable quiet; American cattle lower, at 11c to 11½c; tops, 11¾c; refrigerator beef, 8½c per lb. No exports today. Calves-Receipts, 272; veals firm; other calves steady; three cars of westerns unsold; veals, \$5 50 to \$8 50; western, \$3 75 Sheep and lambs-Receipts, 1, 674; sheep steady; lambs firm to 5c higher; sheep, fair to prime, \$4 to \$4 50; lambs, good to prime, \$5 50 to \$5 65. Hogs-Receipts, 3,663; firm, at \$4 to \$4 30.

to \$4 95. Receipts-Cattle, 7,000; hogs,

ONE HAPPY WOMAN

Got Health and Happiness From Dodd's

Kidney Pills. London, Feb. 6.-This city can claim one of the happiest, healthiest women n Canada.

Her name is Mrs. J. Osborne. She lives at 524 Grey street, and she has ized the landing. this to say to her sisters throughout Canada: "For eight years my life was made

miserable by Female Weakness. I used many different medicines, but none did me any good till I started to take Dodd's Kidney Pills.

"The first dose of this wonderful remedy gave me relief. I grew better with every dose, till when I had taken three boxes, I was totally cured." Dodd's Kidney Pills are the only medicine on which women can confidently rely for a positive cure.

Nature is the mother and habit is

the step-mother. LIFE SAVED .- Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine. and less than haif a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good.

Medical Batteries One Dollar. Call at 434 Talbot street, next Dominion Laundry, and try them by placing the hands on the bars outsi window, one in each hand. R. M. Millar. These batteries are also for sale at F. B. Clarke's, 416 Richmond street. 14th

United States Troops Attack the Filipinos.

And Drive Them From Their Position.

Aguinaldo's Men Suffer Very Severe Loss.

Rebels Concentrating at Malabon for a Decisive Blow-Several Tons of Spanish Shells Unearthed.

Bulletin-Manila, Feb. 10-9:30 p.m.-The United States forces attacked and carried Caloocan this afternoon. The action was short and decisive, the enemy being driven out with great

10:10 a.m.-The rebels at this hour seem to have selected Malabon as the base of operation for their next encounter with the Americans, as they are concentrating a considerable force there and at Caloocan. Many small bodies of scattered rebel troops are straggling in from the right and others are undoubtedly arriving from

the north in the interior provinces. Aguinaldo is reported to have established his headquarters at Malabon for the purpose of rallying his forces

for a decisive blow. In order to cover their movements the rebels again opened fire on the outposts of the Kansas regiment. They kept up the fire from the jungle for about 20 minutes and without effect. The Americans reserved their fire until a detachment of the enemy emerged from the bamboos, when a well directed volley made the rebels scuttle back to cover.

A DENIAL.

Manila, Feb. 9-12:10 p.m.-The report that Aguinaldo has sent a representative to Manila to arrange for a cessation of hostilities, is denied at headquarters. Gen. Otis says that no accredited representative has as yet entered the lines.

A GREAT FIND. Beyond this there was quiet along entering the river. the entire line. Some soldiers belong-ing to the 14th infantry have unearth-

several tons of Spanish shells, evidently stolen from the arsenal at Cavite and hidden by the rebels in the vicinity of Paranque. Fifteen carloads of shells have been brought in here. The troops also found a modern naval gun and part of its mount, which had undoubtedly been stolen from one of the sunken Spanish warships.

Manila, Feb. 10, 7:30 p.m.-Los Angeles, Cal., Feb. 10 .- A special cablegram to the Times from Manila says: Brigadier-Gen. H. G. Otis holds the extreme left of the American line from the bay near Caloocan. The regiments on the line and in support are the Twentieth Kansas, Col. Funston, eleven Fresh Slides in Colorado-Railway companies; First Montana, Col. Kerster, nine companies; Third Artillery, Major Kobbe, four batteries of infantry, and the Tenth Pennsylvania, Col. Harkins, four companies. Two companies of the Tenth Pennsylvania are behind the walls of the De la Loma Church yard. Across the ravine from the Montana regiment is Capt. Jensen's company, holding the stone fort, supporting Grant's battery of four Utah guns; a fifth gun is to the left, and on the railroad, supporting the Kansas troops.

BRILLIANT COMBATS

To reach its present position the brigade has advanced four times since Saturday, in a series of brilliant combats on different parts of the line of action, especially so on the 4th, 5th and The last advance was the most sanguinary, the American loss being one killed and six wounded; while the Filipinos suffered a loss of 44 killed, and were literally routed. The brigade has lost to date 6 killed and 55 wounded.

The Filipinos lost 130. All the dead were buried. Several bayonet charges were made on the 7th during the advance of the right and center. The taking of the Chinese cemetery on the 5th by the Montana and Pennsylvania regiments was a superb piece of work. A brilliantly executed advance up the slope in the open made a battle picture that would delight any veteran

A HOT TIME. The American troops are beginning to feel the heat at midday in the open, and they are also anxious to proceed. The soldiers are impatient of restraint while in sight of the enemy. The natives, fearing the Americans were about to make an attack on or bombard the town of San Roque, set fire to it. Telegraph operators are now worth

their weight in gold, and the members and day.

MUST QUIT ILOILO. Probably within a few hours, Gen. Miller will have begun the attempt to occupy Iloilo, on the Island of Panay. It was his known intention to make this important movement as soon as he felt that conditions warranted it, and statements contained in the press reports from Manila convince the of-

MORE MEN NEEDEL.

ficials here that Gen. Otis has author-

Washington, Feb. 10 .- Gen. Miles, before the senate military committee, suggested that, if the army reorganization bill cannot be passed by the present congress, a temporary stitute be pushed through continuing the present establishment until the next session. He declared that we need 25,000 men in the Philippines, 15,000 in Cuba, 5,000 in Porto Rico, and 30,000 in this country for reserve.

SITUATION AT ILOILO. Hong Kong Mail advices describe

the situation at Iloilo, when it was first expected that Gen. Miller's troops be landed, as follows: "For days armed natives have been coming into town in a steady stream, and fully 2,000 soldiers, armed with Remingtons and Mausers, have taken possession of the churches and government buildings. Ammunition is being brought in from Malo, and an apparently stout resistance is being provided for any landing attempted by

This is clearing-up time. The profits-if any-of various stocks are frequently locked up in remnants. We want to realize-we want to see what there's in the past season's selling-hence goes Mr. Remnant.

Dress Goods Ends

A specially fine lot of Black and Colored Dress Goods in lengths from 2 to 4½ yards, a capital lot, suitable for skirts and children's dresses. Prices here would searcely give an idea of how we are selling them. Suffice to say, in many cases less than one half regular is all we are asking.

Ends of Table Linens, Towelings, Sheetings, Cottons

Special lot of mill ends of White Cotton. ODD LOTS

of Corsets, Gloves, etc. 25 dozen of Ringwood Gloves at 25c, were 35c to 50c. See the lot.

A table of Dress Trimmings; your choice of lot for 5c-Jets, Braids, Gimps, etc. A veritable snap.

ATTEND THIS REMNANT SALE.

the Americans. Stores and banks are closed and the excitement is intense. Outside of the city are nearly 10,000 mixed natives, armed with knives and

"In Negros, a near-by island, it is reported that some 20,000 men are in arms awaiting the call. Several schooners loaded with men are daily

"Fully 2,500 men with rifles are in the city."

Weather All Over the Country.

Tracks Blokaded-The Gas Belt Suffers for Lack of Fuel-Many Deaths Reported.

St. Paul, Minn., Feb. 10 .- The temperature yesterday reached the record figures of 1892-33° below zero.

This is not only one of the coldest, but the longest uninterrupted cold spells known in the Northwest. Train service has been generally hampered, all trains being from one to four hours late. Business has not been affected. but some places have been closed because of inability to heat the buildings. All points in Kansas show temperatures below zero. Atchison reports 22°

below. Leavenworth 20°. Reports from Eastern Colorado, Nebraska and Wyoming state that high winds have drifted the snow, clearing the prairies in places sufficient to furnish some feed for both cattle and sheep. Indications are that the heaviest losses will be in the south, the cattle of the north and west being in better condition to withstand the cold weather, and having more feed. TEMPERATURE TOOK ANOTHER

DROP. Boston, Mass., Feb. 10.-The cold wave which reached this section yesterday increased in severity during the night, and this morning the thermome-

ter stood at 2° below zero at the weather bureau, and from 4° to 10° below at various points in and about Boston. MORE DEATHS. New York, Feb. 10 .- Yesterday's cold weather was not only continued today, but the temperature took another drop.

The lowest point today was reached at 7 o'clock, when the thermometer registered 7° below zero. A number of persons were found by the police in the streets overcome by the cold and sent to various hospitals.

At least two deaths from freezing are known to have occurred. A. V. Nolan, tugboat fireman, of Brooklyn, and Charles Sailor, a laborer, were found frozen to death at Coney Island today. FUEL SHORT.

Indianapolis, Feb. 10.-Advices from many towns in the gas belt indicate serious results from the cold. In Anderson the gas flow is at the ebb, and factories find it difficult to secure sufficient steam. In Lafayette the mercury yesterday fell to 24° below zero, schools were dismissed, and business interests suffered. Considerable snow has fallen

throughout the state. Duluth, Feb. 9.-Last night was the coldest for several years, the thermometer dropping to 34° below zero. wind has ranged from 20 up to 36 miles an hour throughout the cold snap, making it doubly severe. Chicago, Feb. 9.-Today was the cold-

est day here in 26 years, and there is no record of a February day so cold. DEATHS.

Nine deaths from freezing are reported from Illinois and neighboring states. FRESH SNOWSLIDES.

Denver, Col., Feb. 10.-Yesterday was the sixteenth day's great snowstorm in the mountains. The wind is blowing a gale, filling railroad cuts with snow. Fresh slides occurred, covering the tracks with great piles of snow, rocks and fallen timber at various points. The outlook is more serious than at any time since the storm began. The Den-ver and Rio Grande Railroad is now open only between Denver and Salida. Two eastbound trains are stalled at Minturn. The passengers are being cared for by the railroad company. The Colorado Midland is blockaded east and west of Leadville.

DRESS GOODS

At greatly reduced prices. Best values offered in black and colored goods.

CORSETS.

POISONING OF MRS. ADAMS

Inquest Begun at New York by the Coroner-Testimony Given by Cornish Not Entirely Satisfactory.

New York, Feb. 10 .- The inquiry into the death of Mrs. Kate J. Adams, who died after taking bromo seltzer containing cyanide of mercury, which had been sent through the mails to Harry S. Cornish, physical director of the Knickerbocker A. C., was begun by Coroner Hart yesterday. Crowds to wreck the board's finances. If the of people, who gathered early in the board of 1898 ever has a monument it corridors of the criminal court building, were refused admission to the coroner's court, where there were present those only intimately connected with the case or interested in a

public capacity. Little difficulty was experienced in securing a jury, and then Harry Cornish was put on the stand. The taking of the testimony occupied the entire day. According to District Attorney Gardiner, who was himself present at the inquiry for a brief period, and who was represented by Assistant District Attorney Osborne, the testimony given by Cornish was not entirely satisfactory, nor, the district attorney asserted, was it as complete as had been expected. Ronald B. Molineaux's name was brought into the case at the start and Cornish's relations with Molineaux were gone into thoroughly.

During the early part of the examination Cornish was very self-possessed and gave his answers quickly. To-wards the end of the examination he gave his answers with much deliberation and sometimes after a careful consideration. A large amount of the time was taken up in retelling the story of the receipt of the packet through the mail and the giving of the poison to Mrs. Adams, details that have been frequently published.

GIRL'S BRAVE ACT

Saved a Little Pupil from Being Cremated.

Wayne, Mich., Feb. 10 .- The life of one of the pupils of the primary de-partment of the Wayne schools was saved yesterday morning by an act of heroism on the part of the teacher, Miss Nora D. Jacox, Little Emma Martin was standing near the stove, when her clothing took fire, and the teacher, perceiving it, threw her skirts about the little one, and smothered the flames. The child was not seriously hurt, but the teacher's hands and arms were badly burned. She is the heroine of the town, but modestly considers

"YANKEE DOODLE DANDY"

her action only one of duty.

Splendid Performance at the Grand Rich Scenery and Costuming-A Clever Company.

"Yankee Doodle Dandy," an extrava-

ganza, was presented at the Grand last

night, before a large and delighted audience. The cast was one of the largest seen upon the stage in this city, and every member is up in the business. There is no attempt at a plot. Tableaux, dances, and funny work are loose strung together on the tiniest thread of a love story. The beautiful and realistic scenery and handsome costuming tickled the eye. The first scene introduced was from the late Spanish-American war, showing the Spanish neet at anchor in the New Navai reserves, Rouga York harbor. Riders, West Point and Annapolis cagets, also figured prominently. The naval cadets were pretty young women, richly costumed. Catchy songs and music are introduced. Among the the finest stage enects were Printing House Square, New York, at night, all ablaze with light, and the latest war

bulletins on all sides; and the Capitol at Washington, at dawn. The Anglo- der in the Casino by Col. Anderson, of American colonial ballet, by pretty young ladies, in national dress, was a rich conception, and the audience heartily applauded John Bull and Uncle Sam hand-in-hand. The collegiate ballet was also very effective, the dancers being attired in the colors of the different colleges. The fun-making was in the hands of Walter Jones and Louis Wesley. They are certainly very clever comedians, and kept their end of the piece well up. Miss Gertrude Zella made a charming stucco girl, and Miss Zella Frank, a chic little Teddy Two-Shoes, a naval lieutenant. Mr. Harold Blake made a hit in his rendition of "One Heart Divine." "Yankee Doodle Dandy" will always be assured of a

warm welcome in this city. The Grand Trunk is building six tenwheel passenger engines and six mo-

guls for freight service. A Comfort Sometimes.

When health is far gone in Consumption, then sometimes only ease and comfort can be secured from the use of Scott's Emulsion. What is much better is to take this medicine in time to save your healt

ON THE ROCKS

One Reason Why the Board of Works Was Stranded.

It Ran on a Stone Pile-Brilliant Economy-City Hall Notes.

The board of works was "on the rocks" last year, or, to use a more accurate expression, it was "on the stonepile." It was the stone-pile that helped ought to be a stone-pile, because the city stone-pile is a standing memorial of the board's genius for economy.

In 1897 there were 1,350 cords delivered at the city stone crusher, and it was all broken at a cost of \$2 12 per cord. In 1898 there were 7661/4 cords of stone

delivered at the city stone crusher, and 360 cords were broken at a cost of \$5 11 per cord! Two dollars and twelve cents per cord in 1897, and \$5 11 per cord in 1898!

Is it any wonder the poard's finances were rocky? In 1897 stone for crushing cost \$258 per cord. In 1898 the price was \$2 50. It cost 90 cents per cord in each year for delivery at the stone crusher. Yet the total cost of purchasing, delivering and crushing stone was \$8.51 per cord in 1898, and \$5 60 in 1897. Is it any wonder that a city council which went behind that much on a stone-pile got head over heels in debt on a brick-pile,

in the shape of a hospital? Some of the aldermen have been trying to find out what caused the difference of \$2.99 per cord. So far they

haven't received any satisfaction. With the prospect of a soaring taxrate in 1899, would it not be well for the board of works to find this out, so as to keep off the rocks this year?

Ald. Wilkey and Mr. John M. Moore, C.E., inspected the city hall this morn-They will report tomorrow, Ald. Wilkey said. Some repairs will be recommended. Nothing seriously wrong was discovered. An inexperienced person would not have noticed anything out of the way.

As a result of the cold snap, the office of Relief Officer Bell has been besieged with applications from the poor of the city for fuel and provisions.

All work on the Victoria Hospital has been stopped for the past two days on account of the severe weather.

City Clerk Kingston expects to leave for California Saturday week. Mrs. Kingston will accompany him.

QUESTIONS ANSWERED.

M. McNEILL (Walkers).-The endless chain scheme is an old fake, which has been exposed time and again. We know nothing of the particular case mentioned, but the record of endless chain schemes in general is not such as to invite confidence.

SHAREHOLDER.—Can the directors of a cheese factory cut a shareholder off the end of a route? He has sent milk to that factory for over ten years, and it don't cost any more per gallon than the other routes. Ans.-Yes, it is within their power. 2. Can the president of a factory, in letting the milk routes, bid on said routes, whether he is in a position to draw said routes or

not? Ans.-No. LINE FENCE.—There are a quantity of trees growing along the line fence between A's and B's farms. A wants to cut his down. Can A remove B's fence while felling them, if B refuses to let him, and if the trees fall across and damage the fence, who is responsible? Ans .- A cannot lawfully remove the line fence without permission of B, and A is responsible for and must make good all damage to the fence or otherwise, caused by the falling of the trees, in any event, and for that purpose has a right to enter upon the premises of B, who should, therefore, as a responsible man, give his permission for the removal of this fence, while

the trees are being cut down. "GOD BLESS THE BRITISH."

Tampa, Fla., Feb. 9.-The National Military Convention was called to or-Governor Bloxham's staff. Bloxham, in welcoming the Canadian Cadets, said British soldiers had not set foot on Florida's soil since 1812, but their welcome was none the less certain. His expression of "God bless the British," brought forth tremendous applause on the part of the delegates and spectators.

Robbed the Grave.

A startling incident, of which Mr.

John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetitegradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters'; and to my great joy and surprise the first bottle made decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cents a bottle, every bottle guaranteed. For sale by W. T. Strong & Co.
