TALKS ON HEALTH

BY WILLIAM BRADY, M. D., Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Save the Wrapper. 17—Perspiration.

SAVE THE WRAPPER. PERSPIRATION.

Probably every species of animal, including the species that suffers so much from the heat of the tropics, has its characteristic odor, whether the odor is appreciable to the feeble olfactory man or not. Explorers speak of rather striking odors about various savage races that go practically naked. Possibly these same savages are unaware of their own odor and potentially aware of the peculiar odor associated with the well-known white man.

The chief cause of any disagreeable odor from the body is perspiration. The best remedy for foul perspiration is cleanliness. If you can't go entirely naked, as the Creator intended, then so as naked as you can or go naked whenever you can. Going barefoot, for instance, will cure bromidrosis (foul sweating) of the feet in a few days. Clothing retains perspiration and permits fermentation or putrefaction of the decomposition being in part noxious. A micro-organism (Bacterium fetidum) has been recognized as a probable cause of the offensive odor in some cases of bromidrosis. Soldiers in the tropics wear their feet in sandals and suffer from this trouble; while soldiers wearing stockings and shoes often do, at least early in their military training.

Probably the most satisfactory local remedy for foul sweating is formaldehyde solution. This is sold in a standard 40 per cent solution, known as formalin. It may be used for sweating feet or for sweating of the body or for any part of the skin once a day in the strength of one ounce in a pint of water. When the skin has dried after this sprinkling, it is advisable to sprinkle it freely with finely powdered boracic acid.

Of course the clothing becomes permeated with the foul perspiration and must be frequently washed. The stockings or bathing suit should be changed once a day in the strength of one ounce in a pint of water. When the skin has dried after this sprinkling, it is advisable to sprinkle it freely with finely powdered boracic acid.

It was thought first that there were two kinds of vitamins, but most recent authorities give three. A fat soluble vitamin, found in fresh milk, fish, eggs, fresh butter, carrots, leaves; a water soluble vitamin, found in fresh vegetables, especially carrots, potatoes, and spinach, in cereal grains, especially wheat germ, which are retained in Graham flour, and such animal tissue as heart, liver and kidney.

And Still More.

Kindly peruse the daily health column what articular rheumatism is and whether it is better for one who has to go to a warmer climate, is the same treatment as that given for syphilis a cure for articular rheumatism.

Answer—Articular means of joints. Rheumatism means nothing and everything, depending on the cause. Pain, stiffness or swelling. Usually the patient who complains of rheumatism has some infection which must be sought out by his physician and eradicated before irreparable damage is done to the system. In a few cases the infection is syphilis, and anti-syphilitic treatment clears up the rheumatism readily in such cases. I can not see any advantage in changing climate for such a disease.

What is lumps tachycardia, cause and cure? The children were examined at school and one of them had tachycardia. Please answer as soon as possible. (Don't print my name.)

Answer—Tachycardia means rapid heart action from any cause. I never print or divulge in any way a correspondent's name.

MRS. E. B. SMITH IS THE NEW PRESIDENT OF WOMEN'S COUNCIL

Takes Office On Resignation of Mrs. Boomer.

THE ANNUAL MEETING

Reports of Affiliated Societies Show Big Year's Work.

The annual meeting of the Local Council of Women held yesterday afternoon was touched with sadness because it was the occasion of the resignation from office of Mrs. H. A. Boomer, president, and Mrs. Yarker, corresponding secretary, after both had put in a term of over 20 years' service. An address of appreciation for the work of these women in the local council was given by Mrs. E. B. Smith, in referring to Mrs. Boomer she said:

"It is hardly necessary to remind London women what Mrs. Boomer has done for the city—the first woman school trustee, the first to advocate technical training in the schools, among the first to ask for the franchise for women, the pioneer in Red Cross work during the Boer War and her gifts and efforts in the reorganized Red Cross Society for London in 1914—all these honors and many more are hers."

In Every Project. "Indeed it is not oversteating the case to say that Mrs. Boomer has been the local council, but in every project launched in this city for the benefit of humanity, Mrs. Boomer's name is mentioned and her spirit of optimism and belief in the future of the city has been a source of inspiration to the women of Canada."

Mrs. Boomer spoke a few words to the meeting on her resignation, asking that as a last request Mrs. Yarker and herself be permitted to nominate the local officers for the new year. Mrs. E. B. Smith as president, Miss S. Macdonald as corresponding secretary, Miss MacDonald as assistant secretary, Mrs. John Rose as recording secretary and Mrs. R. M. Graham as treasurer. These nominations were accepted unanimously by the meeting, which still looks upon Mrs. Boomer as honorary advisory president.

No. 4 Nursing Division. Mrs. J. F. Thompson reported for No. 4 Nursing Division. She referred to the bungalow built at Fort Stanley two years ago for emergency work there, 373 patients being handled during the summer of 1919. Fifty-one cases were handled in the soldiers' hospital in June, 171 patients during the Western Fair and other large gatherings, and 20 cases at the school picnic.

Lord Kitchener Nursing Division. Miss Ella Davis read the report of the Lord Kitchener Nursing Division, showing that the division has been active during the year, that 1,150 investigations have been made by the division on such occasions as the return of the First Division and the Princess Pats, as well as visiting hospitals.

Children's Aid. Mrs. P. R. Hardie spoke for the Children's Aid, reporting that 16 children had come under the care of this institution during the year, that 1,150 investigations have been made by the division on such occasions as the return of the First Division and the Princess Pats, as well as visiting hospitals.

Women's Canadian Club. Mrs. Harry Coleman reported for the Women's Canadian Club, which has reached the end of its ninth year of existence. The project which this club is undertaking at the present time is the erection of a memorial tower, a rough stone at Springbank, in which

winsome Nelly O'Brien

was a famous English beauty and a favorite study of that prince of portrait painters, Sir Joshua Reynolds. Pearl White, noted movie star, poses as the famous Nelly O'Brien in her series of "stills" from famous paintings. These poses are so wonderfully portrayed that they can hardly be told from the original paintings. Among them are included "Delia in the Country," "Cumean Sybil," "Joan of Arc," "Mme. de Recamier," and an especially significant portrayal of "Temperance."

Movie fans of the beautiful Pearl White will delight in this exclusive feature appearing in the April issue of

Women Teachers' Guild. According to the report of Miss Bertha Graham, the Women Teachers' Guild is working for the establishment of auxiliary classes in the public schools for mentally deficient children, and the principle of equal pay for equal work, the outcome of which is a federation of teaching bodies in the city.

Girls' Friendly Society. Miss Matthews reported for this organization, a branch of a world-wide organization, mentioning their scheme for the better accommodation of girls in the way of housing and social life.

Girl Guides. Mrs. P. P. Betts' report showed that there are 290 girl guides in London in seven flourishing companies, who will hold a big rally in June.

Victorian Order. Miss Margaret MacDonald gave the report of the Victorian Order of Nurses, showing 65 pre-natal visits in 1918 and none in 1919, which the order attributes to the instruction of the nurses.

Sanatorium Aid. Mrs. B. C. McCann's report showed over 3,600 visits paid by the nurses during the year, and a very successful Rose Day raising \$2,835.58 for the cause.

Mental Defectives. Miss Bessie Evans declared that everything possible was being done in this line of work, but that some super-super place should be secured where such people would be under watch to prevent crime.

Y. W. C. A. Mrs. Alexander Henderson spoke of the recreational center needed badly for that institution and how the members were on the outlook for such a place in the city.

Other Reports. Other reports read were as follows: Mothers' Union by Mrs. E. B. Smith; King's Daughters by Mrs. E. B. Smith; Convalescent Home by Mrs. E. B. Smith; Women's Christian Association by Mrs. E. B. Smith; Protestant Orphans' Home by Mrs. E. B. Smith; Victoria Graduate Nurses' Association by Mrs. E. B. Smith; Humane Society by Miss Jamie Elliott; and London Art Club by Miss Elliott.

A Stylish Combination.

Illustrating a pleasing dress made from Blouse Pattern 331 and Skirt Pattern 283. Printed georgette and taffeta are here combined. This is a very pretty style for crepe de chine, chiffon, net and georgette, and also nice for linen, batiste or voile. The Blouse is cut in six sizes, 34, 36, 38, 40, 42 and 44 inches, bust measure. The skirt in seven sizes, 22, 24, 26, 28, 30, 32 and 34 inches, waist measure. To make the dress for a medium size will require about 6 yards of 20-inch material, with 1 1/2 yards for the overskirt. The skirt measures about 1 1/2 yards at the lower edge.

This charming dress for TWO separate patterns, which will be mailed to any address on receipt of 15 cents FOR EACH pattern, in silver or stamp.

ANOTHER VERY FINE MUSIC CLUB RECITAL AT THE AUDITORIUM

Mrs. Chas. E. Percy Is Conventor of Miscellaneous Program.

Last night saw another successful Music Club recital in the Y. M. C. A. Auditorium, the very excellent program being under the convensorship of Mrs. Charles E. Percy. From the opening number by the Conservatory String Ensemble, under the direction of P. L. Willgoose, to the very last note of the great Weber Concerto, Opus 79, brilliantly played by Miss Jessie Kerr, the wind parts being played on a second piano by Charles Percy, there was not a let-down in the quality of the performance. Miss Kerr was the popular artist, and her violin numbers captivated those who had the privilege of hearing her.

"The Bell Song" from "Lakme" by Delibes, sung by Miss Edna Kennedy, soprano, was another delightful feature of the program, while the contralto numbers by Miss Frances Cullis, "Sister Miss You," by Clay Smith, and "Gay Butterfly," by Anne A. Hawley, were received with great enthusiasm.

Mrs. Charles E. Percy, Jun., always is a popular artist, and her violin numbers last evening were rendered with her usual brilliance and finish. She played the first of the Goldmark's "Serenade" by Moszkowski-Reidhead.

The Conservatory String Ensemble, under the able direction of P. L. Willgoose, was in fine form last evening, rendering the opening number of the evening, "Woodland Suite" by Camille Saint-Saens, with precision and feeling.

Their accompaniment of the Weber Concerto was also very fine. Mrs. V. Cooke and Charles E. Percy were other accompaniments of the evening.

Miss Marjorie White is in Sarnia.

Mrs. Eberhard has returned from Toronto.

Mr. and Mrs. T. H. Baker will return from Bermuda shortly.

Mr. and Mrs. John S. Moore will sail for Bermuda on Saturday.

Miss Wanda Ashwell is visiting in New York and Atlantic City.

Rev. Lake Wiseman is the guest of Dr. and Mrs. G. P. Pever while in the city.

Mr. James Hart of Cornwall, Ont., is visiting his sisters, Mrs. T. Flynn and Mrs. John Scott of Hamilton road.

Mr. and Mrs. Hugh H. Renelle, 467 Highland street, announced the engagement of their daughter Gertrude to Mr. Hubert V. Eckert of this city, son of Mr. and Mrs. R. C. Eckert, Queen's street, Galt. After a wedding trip to Hamilton, Mr. and Mrs. Renelle will reside in Detroit.

McCREERY-HAY.

William H. McCreery of Windsor was quietly married in Galt on April 14 to Miss Isabel Hay, daughter of Mrs. Peter Hay, Rev. Dr. J. K. Fraser officiating. Mr. and Mrs. McCreery will reside in Windsor.

McNAIR-DOUGLAS.

A very quiet wedding was solemnized on April 7 at Vanneck manse, when Florence A. McNaire, daughter of Mr. and Mrs. John Douglas, was united in marriage to Clark McNaire, eldest son of Mr. and Mrs. James McNaire, Queen's street, Galt. After a wedding trip to Hamilton, Mr. and Mrs. McNaire will reside in Detroit.

PAYNE-WATT.

The marriage was solemnized at Galt on April 14 of Miss Margaret Watt, youngest daughter of Mrs. John Watt, Chapman street, and Fred Payne of Detroit, son of Mrs. Payne, St. Andrew street, Galt. After a wedding trip to Hamilton, Mr. and Mrs. Payne will reside in Detroit.

YAKE-KELSEY.

The wedding was solemnized at Durham on Saturday, April 10, of Miss Susie Kelsey, second daughter of Mr. and Mrs. Fred Kelsey, of Mr. W. A. Yake of South Westport, Rev. S. W. Whaley was the officiating minister. The bride had been teaching in Saskatchewan up to last Christmas.
