### Hungarian Orchestra A Unique Band

Music-lovers who have not yet heard the Royal Hungarian Orchestra, now playing daily at McConkey's, have in store a right royal treat—and one unique and unrivaled in excellent tone art.  
 If it were for no other reason than to hear the wonder Hungarian "piano," or, technically, the "cymbalum," no one who pretends to musical culture should miss the chance to listen to this melodious and sonorous instrument, so like a piano and yet so different, and to watch the performers' engaging technical accomplishments in tone, rhythms and arpeggios.  
 The orchestra, composed of seven artists, the instruments are violins, violas, clarinet, double bass and the cymbalum. It was due to the enterprising management of George S. McConkey that this unique and really artistic band was brought to the city, for an indefinite period, one at noon, one at dinner, and a third in mid-evening, from 9 to 11 o'clock. The programs embrace classical as well as the better popular compositions. But whichever style is essayed, the music itself is so strangely beautiful that it attracts and charms irresistibly. And through it all are heard the wonderful tones of the cymbalum, knitting the instruments together into a harmonic and majestic music. As these instruments are of metal, those by the Royal Hungarian Orchestra at McConkey's are truly novel and delightful. J. D. L.

### THE SERENADERS

**The Importance of Playing the Lute With Some Expression.**  
 Troubadours in the older days made a specialty of playing the lute under the windows of the girls they loved. About this sort of thing, serenaders seem so poetical, though they must have been a deal of nuisance to show that the sighing swains were really lute-players, still they were successful generally in inducing the fair castles and towers to climb down ladders and take part in the hunt for maid in the woods, the technical side of the thing, which did the trick. The artistic temperament is the vital power of music. It is because temperament can be expressed on the lute that this marvelous instrument stands at the head of all pneumatic piano players. Momentary changes of time and variation in the power of the tone are the means whereby great artists like Padresewski produce their emotional effect. The Angelius has a phrasing level, which can produce the one and the melody buttons which effect the other. Moreover it provides a complete and accurate technique which never fails. Any man with a love for music can produce by means of the Angelius an effect fully as artistic and compelling as can a great virtuoso. The Angelius is sold in Canada as an interior part of the Gourlay piano. The finest player is united to a device that is a phrasing level, a better matched pair in a year of June. And speaking of June, there could not be a finer wedding present for a bride of late than a Gourlay-Angelius. Go to the Young-street warehouses of Messrs. Gourlay, Winter & Leeming and hear it.  
 Tea grown at an elevation of 5000 feet is used in "Sera." It is remarkably fine flavoured and its absolute purity is guaranteed. Ask your grocer for a packet.

### THE ROBERT SIMPSON COMPANY LIMITED

### Public Amusements

#### At the Princess.

**The Devil in Yiddish.**  
 The springing up of Jewish theatres in Toronto as elsewhere within the past two or three years has drawn attention strikingly to the fact that the stage has been compelled to take cognizance of the demands of the constantly growing Yiddish population in the cities of America. It is little to be wondered at, then, that the Princess Theatre held one of the largest audiences of the season last night for the presentation in Yiddish of Franz Molnar's "The Devil" by Mr. and Mrs. Fora Thomashefsky and the excellent company. Oliver Herford's adaptation is the one followed.  
 Mr. Thomashefsky as Dr. Miller, the cynical embodiment of the spirit of evil, is of considerable merit, though he lacks the physical advantage of Edwin Stevens, and conveys less subtle suggestion of the supernatural than Gen. Arlis. Madame Thomashefsky as Olga, the wife, who proves recreant to her vows, strengthens the argument since it became evident that Berta Kalich became notable, that historic power is the general verdict will undoubtedly be that this week offers the best service yet presented at the Royal Alexandra.

#### At the Grand.

**"A Soldier of the Cross."**  
 From a scenic standpoint "A Soldier of the Cross," which Thomas E. Shea and company presented at the Grand Theatre last night, is one of the most convincing of the popular star's extensive repertoire. The singing is good and the setting handsome. It has a great close, in which ribbons of colored paper are showered upon the audience.  
 Augusta Glose has a quiet drawing-room bit of song and music which is a "diamond" in the crown of the dainties that have been here in a long while. There is plenty of acrobatics on the bill, and the Royal Heloise open the bill with a horrid bar stunt, and The Amours sisters close it with a trapeze and tumbling act, while Willy Pantzer and several other much good acrobatics.  
 Munro and Mack are funny in a lively black-face turn called "Taking the Third Degree," and Joe and Sadie Britton are a couple of coons who sing coon songs and dance coon dances as only coons can.

#### At the Star

The vaudeville and moving picture show at the Temperance-street theatre which Toronto has seen from him.  
 Last night the Grand was crowded, the occasion being the complimentary performance tendered James W. Cowan, manager of the Grand, by Mr. A. J. Small and Mr. Shea and his company.

#### At the Gayety.

This week's attraction at the Gayety is one of the most amusing that have ever been witnessed on a burlesque stage in the city this year. It is presented by Charles H. Waldron, under the title of "Troadero Burlesques," and the show is replete with catchy songs, pretty girls and good dances.  
 The first burlesque is staged under the name of "Sweeney's Finish." It is a humorous satire on the political life in the "Beethoven Sonata." On the second is a very catchy acrobatic act and a funny Jewish monolog stunt. The feature of the vaudeville is Flinkey and his company in a one-act play "A 50 to 1 Shot," and introduces a thorough Kentucky racehorse named Bayardo, who raced the Canadian circuit last year.  
 Recital at Conservatory.  
 The last miscellaneous recital for the present season was given in the Conservatory Music Hall on Saturday afternoon last, when the program included Beethoven Sonata. On the program also featured, Miss Valera Humphrey; Dubois, Grand Chorale, B flat, Miss Lillian Perry; Chamade, My Heart Sings, Miss Anna Goodman; Bradey, Thou Art Mine All, Miss Kathleen Moore; Rheinhold, Impromptu, C sharp minor, Miss Susby Anderson; Grieg, Solveig Song, Miss Emily

## LIST OF CANDIDATES WILL CONTAIN SOME REAL SURPRISES

### Names of Competitors For the \$15,000 Contest Will be Published Thursday Morning and You May Appear Among Them, Who Knows?

It is with a great deal of pleasure The World announces that it will publish the list of candidates in the big \$15,000 contest, in the Thursday morning edition of this week. The pleasure is the result of the unprecedented interest which this remarkable contest has aroused in all parts of Ontario and also of the fact that this paper will have the opportunity in the course of three or four months, of awarding the generous prizes that are now being competed for with keenness.  
 Will Be of General Interest.  
 This list, whether your name be among the others or not, will interest you. Several well-known people have been nominated, two of them being prominent in international reputations. Singers, lawyers, business men, popular young men and women and many other persons who will have a large share in the contest, whose race for the prizes will be lively.  
 It is worth while to stop and reflect for a very few minutes on the whole contest, what it means to the public, what the prizes are, how they are to be won, and the benefit received by the province as a whole. No Canadian paper has ever before offered so much money in prizes nor is any paper likely to, for \$15,000 is a sum beyond the possibilities of most newspapers in the Dominion. Hence the event has an unusual news interest and The World will endeavor to keep its readers well informed of the progress of the contest from day to day.  
 Benefits of a Lifetime.  
 The contest in brief means that this paper is prepared to give away at the close of the voting on September 15th what many shrewd men spend a lifetime in acquiring. It means that thousands of industrious, frugal people work hard for a lifetime and have not that much property saved up when they die, but that they can work for a few years for a few months, and immediately impress him with the excellence of the chance that is offered. In so doing, he distributes the money among different contestants, it

has been divided into fifty-three prizes, five of which are of particular importance, as the following indicates:  
 First grand capital prize, house and lot valued at \$4000.  
 Second grand prize, touring car valued at \$2500.  
 Third grand prize, roadster, to cost \$1000.  
 Fourth grand prize, motor boat valued at \$800.  
 Fifth grand prize, European trip, valued at \$800.  
 Besides these there are forty-eight district prizes divided as follows:  
 Twelve splendid pianos, valued at \$350 each.  
 Twelve beautiful diamond rings, \$75 each.  
 Twelve vacation trips at \$75 each.  
 Twelve solid gold watches at \$50 each.

**Open to Anyone in Ontario.**  
 Everyone in Ontario, except employes of The World, is eligible to enter this contest and in entering one person stands just as good an opportunity as the other to win any of these awards, but in order to do so two things are absolutely necessary: the voter must be a resident of Ontario, and his or her name must be on the list of candidates. The voter must be a resident of Ontario, and his or her name must be on the list of candidates. The voter must be a resident of Ontario, and his or her name must be on the list of candidates.

**How to Keep in the Lead.**  
 The way to keep ahead of your competitor is to watch his or her standing each day and when you see the number of votes, make up your mind to be ahead of it on the following morning. In so doing, you will be ahead of the vote. Nothing is won in this world without effort and all who go in to win one of the fifty-three prizes must be prepared to work a little to secure votes. A political candidate will sometimes spend six months or a year in canvassing for himself and his party, and he will be defeated at the end of that time. But in this case the man or woman with the most votes wins, irrespective of anything or anyone.

**It was a flattering testimonial to the popularity manager.**  
 "A Soldier of the Cross" having a beautiful bill and presented with a competent cast and magnificent scenic equipment, should prove one of the biggest successes of Mr. Shea's engagement. It will be presented all week, with matinees on Wednesday and Saturday.

#### At Shea's

**Romany Opera Company.**  
 The Romany Opera Company is the feature of a good bill at Shea's this week. This is an aggregation of voices, singing familiar airs of the near-classic variety. The act, which is in its second week, made a pronounced success yesterday. The singing is good and the setting handsome. It has a great close, in which ribbons of colored paper are showered upon the audience.  
 Augusta Glose has a quiet drawing-room bit of song and music which is a "diamond" in the crown of the dainties that have been here in a long while. There is plenty of acrobatics on the bill, and the Royal Heloise open the bill with a horrid bar stunt, and The Amours sisters close it with a trapeze and tumbling act, while Willy Pantzer and several other much good acrobatics.

## TELEPHONE GIRLS IN ROME WANT CHANCE TO MARRY.

ROME, May 17.—A strike movement has started among the telephone girls, who complain of the conditions of the work and the regulation forbidding them to marry. They have adopted a policy of obstruction, doing everything in their power to lessen the speed with which communications are given.  
 When the authorities noticed this the principal culprits were called before the council of discipline and were given various punishments. These may, perhaps, give rise to a more serious movement among the whole staff.  
 Canadian Labor Market.  
 OTTAWA, May 17.—(Special.)—According to the May Labor Gazette there was a marked increase in general industrial activity throughout Canada. The forwarding of men for the lumber drives and the opening of the lumber mills absorbed large numbers of work people in Ontario and the eastern provinces; in British Columbia also an improvement in this branch was reported. Railway construction gangs were considerably augmented during April.

## NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL.

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage is not clogged up. Those who have never been troubled with kidney trouble know not the misery and suffering which those afflicted undergo.  
 Doan's Kidney Pills are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus remove the poisons from the system. They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.  
 Doan's Kidney Pills are entirely vegetable, and may be safely taken by young and old.  
 Let Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you.  
 Mrs. M. Bryant, Spring Valley, P. E. I., writes: "I was troubled with my kidneys for two years. They were so bad at times I could not cross the floor for the pain. I tried a doctor but he did me no good at all. I sent to my nearest druggist and got four boxes of Doan's Kidney Pills, and I am glad to say that after taking them I have had no more trouble for nearly three years now."
