"The enemy appears to be retiring rapidly southward. His movements are greatly assisted by the Tanga railway. Numerous rivers in the area of operations have somewhat hindered our pursuit.
"Further evidence as to the severe defeat inflicted on the enemy at KI-tovo is still being received. A search of the slopes of the hills, which are covered with brush, has brought to light a great number of dead. Three machine guns and one gun, which the enemy abandoned in his retreat, were found."
