CRAPAUD & SPRINGFIELD.

Mr. Sterns reports, that during the past year the usual services at Crapaud and Springfield have been held, and the congregations have continued to attend regularly. The Sunday-schools have also been well attended, and great progress has been made by many of the scholars, who were greatly encouraged by the reward books which were distributed at Crapaud to the amount of over £5. A bible-class is also held every Thursday evening. The exterior of the Church at Crapaud has been greatly improved by two coats of white paint, but the interior still requires painting and whitewashing. At Springfield we are endeavoring to have the church painted, and to put up a fence around the burying ground. Contributions from any disposed to assist us in these good works will be thankfully received.
