THE Powerful and Valuable SAW MLL, situated at the foot of the Long Reach, on the River Saint John, immediately above Lyons?

Point, about fourteen miles from St. John, and generally known as the M'Gregor, the celebrated ed engineer, for his own use. It is built of the very best materials, and in the most substantial manner, with all the latest improvements which have been adopted in the best mills in this Province, and contains one malleable iron gate for a Gang of Saws, complete; also one single gate; two Circular Saws, two trimming Saws, &c., with all the necessary machinery for carrying on a large and profitable business.

The machinery is driven by a powerful overshot water wheel of 40 feet diameter by 5 feet wide. There is also connected with the Premises, a Blacksmiths' Shop, with all the necessary tools; and between two and three hundred acres of good Land, and also a large Dwelling House, &c. The Mill is placed in a most convenient position for purchasing Logs, as all the rafts coming down the main river and its tributaries must pass this Point on the way to the City; is of easy access, and has ample water accommodation for Booms and Ponds. The Mill is now in full operation, and can be inspected at any time by parties desirous of purchasing or renting.

Immediate possession will be given. A clear
