RESTORING SIGHT EFFORT OF SURGEON

Dr. Copeland Believes Grafting
of Living Tissue is Successful

New York, June 15.—Dr. R. S. Copeland, dean of Flower Hospital, says the conditions seem to be very favorable for the "complete" recovery of his sight by the use of a Chinese patient upon whose injured eye the oculist transposed the living tissue cut from the eye of Mrs. Oast, another patient at the hospital. The woman's eye had been injured and its removal was necessary. The Chinaman's eye was opaque from inflammation and injury.
Accordingly a part of the tissue of the cornea was transplanted to Sing Long's clouded eye, and when Dr. Copeland made an inspection of the eye Sunday afternoon he found that the grafting had been successfully accomplished and that the tissue had become perfectly transparent.
"I do not want to be too sanguine, but I believe Sing Long will see," said Dr. Copeland. "It will be necessary to enlarge the pupil back of the cornea. This operation will require about a week for the healing process."

Beware of Ointments for Catarrh that Contain Mercury

As mercury will destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good they can possibly derive from them. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by J. C. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.
Take Hall's Family Pills for constipation.

USE OF ART.
De Arte — So you found that oil painting I left behind last summer and put it to good use?
De Form — By heck, yes! I scraped all the paint off the canvas and took it around to the color and had a pair of canvas shoes made out of it, by Heck!

The Evening Chit-Chat

By RUTH CAMERON

"AREN'T people just too peculiar for anything, Ruth?" announced my artistic friend, tragically, as she climbed over the piazza steps and accepted my invitation to stop and rest for a moment.

"Very," I admitted, inwardly recalling my grandmother's oft repeated story of "All the world is a bit queer but me and thee, and sometimes I think there is a little queer." But what happened to make you think of that?"

My artistic friend sank back in an artistic pose. "My dear," she assured me. "I've just been to call on the new people. And that apartment—really, it's impossible. And yet it is evident they have plenty of money. Why need people make such a mess of things when they could have them so lovely?"

Do you think I ought to have changed the subject? For I didn't.

Instead, I took out my mental note book and spurred my artistic friend on to find all the faults she could. For you see she has very good taste, and I thought a few hints on what not to have in a house might prove valuable.

The rug came in for the first condemnation.

"The first thing I saw in the reception room," said the artistic lady, "was the rug. It was an expensive thing, but blatant, with huge scrawly figures. It just hit me in the eyes, and you know you never should see a carpet at all. You simply should be conscious of its being a part of the general harmony."

And then the chairs were all hung with tidies," she went on scathingly. "Now, on a cushion chair, I will admit a perfectly simple square of linen that keeps the cushions from musing, is permissible, but these were crocheted and ribbon affairs, and they were hung on every chair in the room, including two wicker ones, where there was absolutely no excuse for them."

"They've got the living room done in that huge mission furniture, which is absurd and out of proportion to a small apartment like theirs."

"They have absolutely no idea of picture hanging. Most people have far too many pictures, but they have fully three times too many. You know you can't hang engravings and paintings in the same room if you can avoid it, and never on the same wall, and it's much better not to have landscapes and portraits together. But they haven't a single wall in the room I saw without a combination of portraits and landscapes and paintings and engravings."

Just here I gave a quick mental scrutiny of some of my own walls and decided that a little revision wouldn't be a bad thing.

But what was the last offense of the new people I never knew. For suddenly there appeared trotting up our garden two so adorable little kiddies as I ever saw. My artistic friend gasped in artistic ecstasy. "Whose are they?" she inquired.

"Mother said for me to take it over to the pretty lady," she announced, producing one of my artistic friend's daintiest handkerchiefs, which she had evidently left at the new people's house.

As the two kiddies departed some time later, after having been duly feted with mother's best cookies, and having proven as angel-dispositioned as they were angel-faced, the artistic lady gazed after them thoughtfully.

"Well, I must admit one thing," she announced, gravely. "The new people may not have very good taste about houses, but they certainly have about kiddies."

METHODISTS HEAR REPORTS ON THE WORK

Yesterday Afternoon's Proceedings at Conference — Laymen's Missionary Association Re-elected J. N. Harvey of St. John, President

Sackville, N. B., June 15.—This afternoon's session of the Methodist conference opened at 2 o'clock, the newly elected president, Dr. Spence, presiding. After reading the minutes, a brief address was given by Dr. Borden, president of Mount Allison Ladies' College, on the work that has been accomplished during the past twenty-five years, particularly mentioning the work of the young men of Mount Allison.

Dr. Sprague made a feeling reference to the critical illness of the Rev. Dr. S. J. Dawson, general secretary of the missionary board, one of the foremost men in Canada. The Rev. Dr. Graham, general educational secretary, being called upon, spoke briefly, paying a high tribute to the missionary society. The speaker read a fitting tribute to the Rev. Dr. Paisley, who died last year. Reference was made to the Rev. Dr. Brecken, who had been elected to the position of general secretary of the missionary board.

D'ISRAELI MEETING CONTINUED TODAY

Exciting Tim: After Shareholders and Directors Got Down to Business Yesterday

The annual meeting of the D'Israeli Asbestos Company, which was held in the exhibition rooms yesterday afternoon, under protest, was exciting at times and resulted in charges of a grave nature being made by the shareholders against the directors. The shareholders asserted that the directors have appropriated 100,000 shares, equivalent to \$800,000, which should have remained in the treasury. This the shareholders say is a breach of trust and they are fighting for the restoration of this money in the treasury.

After the trouble over place of meeting was settled, William Banks arose and read the notice calling the meeting and outlining its objects. The first for us to do, said Mr. Banks, "is to appoint a chairman." Alexander Warrell's name was put in nomination and he was elected chairman.

Mr. Banks, who was present representing several Nova Scotia stockholders, arose and endeavored to point out the illegality of the meeting on the grounds of illegality. L. P. D. Tilley, who was also present in the interest of stockholders, endeavored to make the same objections. It was finally agreed to hold the meeting under protest and Mr. Warrell was elected chairman.

The names of the shareholders and amount of stock held was placed on record. The chairman, it is said, attempted to have certain resolutions passed which he said was one of the objects for which the meeting was called.

Several of the shareholders would not consent to the resolutions being brought before the meeting, however, until they were given some understanding as to how the affairs of the company stood. It is understood that a heated argument ensued, in which speeches of a very sensational nature were made.

It was announced after the meeting that those taking part in the discussion as to the affairs of the company stood. It is understood that a heated argument ensued, in which speeches of a very sensational nature were made.

CANADIAN NEWS NOTES

Eighteen Bodies From Montreal Herald Ruins Up to Last Night — Supreme Court at Fredericton

Fredericton, June 15.—In the supreme court this afternoon in the case of King vs. City of St. John, ex parte New Brunswick Cold Storage Company et al, C. N. Skinner, K. C., to show cause, Mr. Skinner requested that the entry be withdrawn as to the safety of the building. Mr. Skinner, K. C., the rule was made absolute.

In the case of Gibson vs. the Toronto Construction Company, F. B. Carvell moved to set aside a verdict for the plaintiff and enter a verdict for the defendant, or for a reduction of damages, or for non-suit, or for new trial. T. J. Carter, of Andover, contra. When the suit was tried in Andover the plaintiff, Gibson, obtained a verdict for \$1,088.75.

Corwall, Ont., June 15.—(Special).—Mrs. Alexander Ross, aged 104 years and seven months, died after a brief illness this morning at the home of her son-in-law, Thomas Murphy.

Ottawa, June 15.—The Canadian government steamer Stanley will start next week for Hudson Bay with two parties sent out to make hydrographic surveys at Port Nelson and Port Churchill. The report of these surveys will determine the choice of the port which is to be the deep water terminus of the Hudson Bay railway.

Montreal, June 15.—A dramatic scene was witnessed at the corner's request into the Herald building disaster, when Architect J. S. Archibald, who had testified as to the safety of the building to bear the fatal task, completely broke down while giving his evidence.

That thirty-two people were dug out today, making a total of eighteen, of whom sixteen so far have been identified, two remaining with nothing left by which even a guess at their identity could be had.

It has now been definitely ascertained that thirty-two people were killed in the disaster, all the missing having been either traced or found to be amongst the victims. There are therefore fourteen bodies still buried in the wreckage, and work is being actively carried on all night in search of these.

REPORTED RETIREMENT OF AMBASSADOR REID

Washington Has Report That Representative at Court of St. James is to Leave Post

Washington, June 15.—The days of service of Whitelaw Reid as ambassador to the court of St. James are numbered. This information comes from a source who has possession of both the American and British sides of the case.

The informant declares that King George and Mr. Reid, while on cordial terms, are not close to the degree of intimacy expected between the king and an ambassador.

In support of this it is pointed out that at all
