

FREE CLINICS CRITICIZED AT MEETING OF N. B. DOCTORS

Reorganization is Urged—Next Year's Meeting in Campbellton.

Re-organization of the New Brunswick Medical Society was the main topic under discussion at the opening meeting of the House took exception to the laudatory and unjustified attack that he made upon the medical men of the province.

"It was organized we would have better team work amongst the doctors which would be to the public interest. We could inaugurate and support an intensive health education and could educate the profession in the most modern methods of diagnosis and treatment by sectional meetings.

Speaking about need for reorganization the secretary said: "As remarked in circular letters that you have received during the past year, it seems to me that the growth, in fact even the very existence, of this society depends upon the formation of sectional societies that would be branches of this parent body. We need them greatly for we are year by year receiving less influential and the interest in the society is gradually lessening.

"Organization is necessary, not only to hold the confidence of the public and oppose the inflation upon it of the many worthless systems of cures that are being exploited. It is also necessary for us, if we are to do justice to ourselves in a financial way, if we are to protect ourselves from the serious inroads made upon the profitable part of our practice by the establishment of free clinics whose object is the treatment of a large number of patients, rather than the provision of necessary treatment to those in need. A case in point is the general clinic, where everyone, regardless of their capacity to pay, is treated—not only treated free, but the solutions, remedies and laboratory tests are furnished free, whereas our patients have to pay heavily for all these items.

"He referred to the loss sustained by the society through the deaths of Dr. A. B. Walter, Dr. H. B. Colving, Dr. W. R. Ross and Dr. H. H. Sharp. The registrar, Dr. J. S. Bentley, also was mentioned. The report of the following had registered through the medical council of Canada. Dr. H. S. Everett, Dr. M. A. Curry, Dr. O. H. Evans, Dr. J. F. Longley and Dr. H. H. Sharp. The registrar at present counts 270 names. Dr. G. A. B. Addy's report as treasurer of the council of the society also was received. This shows a balance of \$3,487.85 on hand.

"This afternoon, papers will be read by the president, Dr. Allingham, will deliver his annual address. Addresses also will be given by Dr. W. R. McCausland, Boston; Dr. W. C. Rowley, Dr. Kenneth MacKenzie, Halifax. At 10:30 o'clock tonight, the local medical society will tender united delegates a dinner at the Union Club.

Speaks of Hon. Mr. Magee. In his report, Dr. Ryan referred to criticism of the medical profession at the last session of the House by Hon. Fred Magee. Dr. Ryan was urging the need for revitalization of the society and said in part:

"Free clinics and traveling clinics should be closely watched and the desire for personal aggrandizement, political preferment should not be allowed to start unfair competition by treating cases well able to pay a doctor's fee.

"Had we a properly organized medical society no minister of the Crown would dare to sit in his place in the House and make the derogatory and insulting statements concerning our profession as did Hon. Mr. Magee.

THE REAL, RICH VIRGINIA OAK

The Real, Rich Virginia Oak

Tone, Atmosphere, Architecture, Carving, Polychromed, Retouching, Substance. Your sense of the beautiful is struck again and again by the expression of the Spanish Renaissance Dining Suite in our south window. You buy a good suite for its character and service. Here is more.

The pale picture outline fails to suggest the depth of tone in the solid Virginia Oak. It misses the Spanish leather chair seats, the refinements of carving along the lower mid-board of the long Buffet and at the cut corners of the Table. No sign of polychroming and just the merest hint of the fretworked wide windows of the China Cabinet.
