SLEEPING SICKNESS IN FREDERICTON

Fredricton, N. B., Dec. 27.—The illness from which S. D. Burns, a C. N. R. train dispatcher here, has been suffering for several weeks at his residence has been definitely diagnosed as "sleeping sickness." It is the second definite case of the disease ever reported in New Brunswick.

Members of various fraternal organizations of which Mr. Burns is a member have been staying with him at night, but a quarantine has now been established. There is no change in the patient's condition today.

INSURANCE CASE.
In the Supreme Court Chambers this morning hearing was begun in the case of John Journey versus the Railway Passenger Assurance Company, a claim for \$3,500 arising from a fire which in August, 1921, destroyed an automobile belonging to the plaintiff which was insured for that amount with the defendant company. The company objected to making full settlement as they claim misrepresentation, contending that they had not been notified that another company had refused to re-insure the car. They further contended that the plaintiff had represented the car as having been purchased from The Great Eastern Garage, whereas they say as a matter of fact it was bought from B. S. Buchanan.

The defence further alleges that the car was represented as being in use solely for purposes of pleasure, whereas they contend it was used also by the plaintiff for business purposes. The plaintiff was on the stand this morning.

SAY MORE GRAIN CONVEYORS WANTED
The Port Interests Committee of the Board of Trade is impressed with the need for more grain conveyors on the harbor front. Even with the limited conveyor on the west side of the harbor, the grain shipments through the C. P. R. elevators this winter have reached 3,186,972 bushels. If there had been additional conveyors at west side elevators say, this amount would have been greatly increased. Two steamers have taken grain cargoes from the C. P. R. elevator this winter. This elevator is again filled with grain and further shipments in the early future are anticipated.

The matter of shipments of Canadian goods through certain United States ports, the railway freight charges to which ports are practically the same as to Maritime Province ports, has been taken up with the Canadian Government, and the importance of utilizing Canadian ports for such shipments has been strongly impressed upon them.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

Remarkable Picture
Imperial Tomorrow

The Harold Lloyd five-reel comedy "Grandma's Boy," which marks the latter half of Christmas week at the Imperial tomorrow has been adjudged the finest film production of the year from all viewpoints of showmanship. That is to say, it is a prime box-office attraction, is an irresistibly funny story, is perfectly presented, is wholesome, clean and clever and contains the extraordinary merit of attracting the same people back to see it time and again. In a recent test applied to the pictures of 1922 by "Film"—the Broadway magazine in order to decide upon the best ten pictures of the year according to popular statistics this Harold Lloyd feature was placed 19th out of the list with a clear one hundred per cent. The next nearest was 98 per cent, and then came the scale of 79 per cent. When it is taken into consideration that this includes "Blood and Sand," "Smilin' Through," "Sherlock Holmes," "Prisoner of Zenda," "Rich Men's Wives" etc., the force of this testimonial can be appreciated. "Grandma's Boy" is the quintessence of film comedy, purity and humanly natural action. The Imperial extends its best compliments in presenting this feature, in spite of naturally good attendance at this festive season, it desires to give the people the absolutely best attraction on the market as a special Yuletide treat. Harold Lloyd and the Rosely Kiddies will make an unbeatable combination.

ARBUCKLE QUOTES BIBLE IN HIS DEFENCE

"As Ye Judge, So Shall Ye be Judged," He Writes in Plea to Public

Reasserts Innocence, Points to Jury's Verdict and Asks for Fair Play—Hays Says He Has Earned Right to a Chance.

Los Angeles, Dec. 27.—Roscoe C. (Patty) Arbuckle, motion picture actor, quoted the scriptures, "As Ye Judge, So Shall Ye be Judged," in his first official statement on the controversy which followed the Christmas "pardon" granted him by Will Hays, titular head of the motion picture industry.

At the same time, Joseph M. Schenck, producer, who will re-employ the comedian, announced he was seeking a scenario suitable for Arbuckle and that work on a picture would be begun as soon as it was found.

Arbuckle's statement follows: "All I ask is the rights of an American citizen—American fair play. I was tried on a charge of which I was absolutely innocent. A jury composed of eight men and four women, all of whom were of high character and excellent civic standing and all of whom were members of churches of various faiths, found me innocent. Not only that, but the same jury sent a message to the American people in this language:

"Acquittal is not enough for Roscoe Arbuckle. We feel that a great injustice has been done him. We would not like to see him in jail, but we feel that this exoneration under the law for there was not the slightest proof adduced to connect him in any way with the commission of the crime."

"Unlike the jury, these denouncing me heard no part of the evidence. They were without knowledge of the facts."

"The scriptures says that 'as ye judge, so shall ye be judged.' How would my accusers like to be judged as they are judging me?"

"The institutions of my country, the courts and surely the law of the land have declared me innocent and I am entitled to the benefit and protection of the law. Those who are unjustly, maliciously and venomously attacking me are refusing to abide by the established law of the land. I am not only wholly innocent, but more than that. There is a higher law which deals with the spiritual side of man, and surely this Christmas time should not be the season when the verdict of the Pharise is heard in the land."

"But even supposing that I had not been able to establish my innocence, I should not be judged as they are judging me. I am sure that the law of the land is not the law of the Pharise. I am sure that the law of the land is not the law of the Pharise. I am sure that the law of the land is not the law of the Pharise."

"I am sure that the law of the land is not the law of the Pharise. I am sure that the law of the land is not the law of the Pharise. I am sure that the law of the land is not the law of the Pharise."

HILTON WANTS MORE OF THEM ON THE ICE

Hilton Belyea is doing things in a big way for the school children of the city. He has placed aside certain hours for free skating on his rink in West St. John. Yesterday afternoon there were 200 and 300 kiddies on the ice, guests of Mr. Belyea, and they enjoyed skating from 2:30 until 5 o'clock. His only regret, he said this morning, was that there was not hundreds more there. It is his wish that the children from all over the city come and take advantage of this offer and enjoy for themselves the great winter pastime. The rink will be thrown open again on Thursday for free skating for the school children of the city from 2:30 until 5, as well as at the same hours for the same week at the same hours. With the opening of school and the passing of the Christmas holidays the rink will be given over to the school children, irrespective of age, between the hours of 8:30 and 5 on every week day of the one exception—Saturday afternoon.
