FARM FOR SALE, 18 MILES FROM the city, containing 875 acres. Inquire at 302 Brunswick street. 9916-6-7

SENATE RESOLUTION ON SUPERANNUATION IN CIVIL SERVICE LIST

Ottawa, June 6—Senator Power yesterday offered a resolution providing that the civil service committee of the senate be authorized to consider superannuation. He said that a bill was passed in 1910, but never came into effect. The result was that there had been no provision for civil servants whose incapacity disabled them from the service or for widows and orphans of civil servants. He argued that there was need for superannuation and similar provisions for civil servants and their dependents. He did not favor the contributory system now in force.

Sir James Lougheed expressed the hope that the resolution would not be pressed so late in the session as the government now has the matter under consideration. There was difference of opinion as to whether superannuation was desired or not.

Senator Power said that the govern-

SECOND READING FOR BILL TO REFORM INDIA'S CONSTITUTION

London, June 6—By a unanimous vote the government bill to reform the constitution of India passed second reading in the House of Commons last night. It was then referred to a joint committee of the Lords and Commons.

Mr. Montague, secretary of state for India announced in the House of Commons on May 22 that the bill for the reform of the constitution of India would "make of India what may very loosely be described as a union of great self-governing countries entrusted with the custody of their own well being as partners in the great freedom loving British Empire." Maintenance of the order will be the first object of the bill and the causes of discontent are to be removed.

The difference represents possibilities. The resolution was declared lost. The bankruptcy bill, with some amendments, was given third reading.

CAPTAIN COFFIN, ONE OF FIRST BRITISHERS IN BAGDAD AFTER CAPTURE, IS ON WAY HOME

Frederick, N. B., June 6—A cable from Captain Vernon Coffin of the Army Medical Corps announces that he was to sail for home on the steamer Cedric, now bound for Halifax. He went overseas early in the war and saw active service in Mesopotamia, Palestine and other theatres. He was one of the first to enter Bagdad after its capture from the Turks. Capt. Coffin is a son-in-law of George F. Burden, ex-M. P. of P. of P. of P.

Great Western Petroleum Corp.

CAPITAL STOCK \$5,000,000—SHARES \$5.25 ALL COMMON NON-ASSESSABLE

"A Producing, Refining, Marketing, and Transporting Company, owning 14 producing oil wells, a 5,000 barrel refinery, 114 all-steel tank cars, 70,000 acres of oil leases, storage warehouse, pipe line, and filling stations in seven different States. Investigated and licensed by the U. S. Capital Issues Committee. Rated in Bradstreet's 5000 Highest Credit, 3 dividends paid to date. An annual investment, offering a high degree of safety, with unlimited possibilities for profit. Its stock is backed by millions in tangible assets. In size, Great Western is about the fourth largest independent oil corporation in America. In production and earnings it is about fourth. The difference represents possibilities.

OIL IS THE MASTER-MONEY-MAKER OF THE AGE, 83% of the oil producing companies are successful according to statistics, \$200,000,000 has been invested in the Texas fields, and \$120,000,000 already returned, in profits. 72 Texas companies have paid dividends averaging 200% in eight months only. Bure-Wagoner Company paid \$88, for every \$1 invested. Fowler Company paid \$175,000 for every \$200 invested. Vancleave paid 688%. Marine Co. 1200%. Sunday New York Sun, feature article, stated that Texas Pacific Co. stock increased from \$125 to \$210 a share, and their property valuation increased in three years from \$8,000,000 to \$108,000,000. Drilling statistics show 247 wells drilled in April, 89 were dry and 208 were oil wells, producing 40,000 barrels, or about \$15,000 daily in oil. In March 127 wells were drilled in Burkhardt field alone with only 4 dry holes. The 123 oil wells paid for the four dry holes in TWO DAYS, producing 22,000 barrels daily, or \$15,000 in oil in two days. And some people still say that oil is a gamble! The oil industry shows 83% SUCCESSFUL WELLS, other lines of business show 60% FAILURES. Statistics prove it. A well yourself now—today—this opportunity to learn more of these real money-making securities. If you are "striking" for larger dividends—we hold the key.

Literature on Request.

MRS. MITCHELL STATES SHE HAD TO WALK FLOOR

After Spells of Indigestion She Could Hardly Breathe—Praises Tanlac For Overcoming Thirty Five Years of Trouble.

"I just feel so good over what Tanlac has done for me that I want to recommend it to everybody, because it is the only medicine that ever helped me and it deserves all the credit I can give it," said Mrs. Isabella Mitchell, of 11311 78th avenue, Edmonton, Alberta, to a Tanlac representative the other day. Mrs. Mitchell is the wife of a well-to-do retired farmer and for the past three years has been living in Edmonton, where the family is well-known. They are also well-known in Tofted, Alberta, where they formerly resided.

"I suffered from stomach trouble for thirty-five years," continued Mrs. Mitchell. "At times my stomach would be so sour that gas would form and I would have to get up and walk the floor in order to breathe. I was terribly nervous, too, and the least noise would upset me and I was so weak at times I could hardly do any of my housework and sometimes I'd be so dizzy I'd have to grab hold of something to keep from falling. I couldn't sleep good, either, and lots of times I'd just walk the floor so I'd get too tired not to sleep. I had tried everything I knew of to get relief, but nothing I ever took did me any good till I started taking Tanlac."

"I have only taken two bottles of it now and my appetite has come back to me and I can eat anything I want and nothing seems to hurt me in the least. I'm not troubled any more with sour stomach, gas, palpitation of the heart or shortness of breath and when I go to bed now I sleep just like a child and get up in the morning feeling rested and full of energy for my day's work, which I can do with ease now. My nerves are steady, too, and I'm not bothered with those dizzy spells any more; in fact, I just feel like a different person since I started taking Tanlac."

Tanlac is sold in St. John by Ross Drug Company and by W. Munro under the personal direction of a special Tanlac representative.—(Adv.)

HON. J. P. BYRNE'S ILLNESS

(Canadian Press) Frederick, N. B., June 6—Hon. James P. Byrne, attorney-general of New Brunswick, is seriously ill in the United States and Hon. C. W. Robinson, member of the government without portfolio, has been appointed acting attorney-general.

Attorney-General Byrne has been suffering from stomach trouble for a year or more and since the session of the legislature it became so acute that he has gone to a health resort in the United States for treatment. While he is reported to be making satisfactory progress, there is no definite word as to his condition.

F. THOMPSON, CREATOR OF LUNA PARK, IS DEAD

New York, June 6—Frederick Thompson, theatrical manager and famed throughout the country as the creator of Luna Park, Coney Island and Toy Land at the San Francisco exposition, died early today.

NEW TRANS-CANADA INTO VANCOUVER LAST NIGHT RIGHT ON DOT

Vancouver, June 6—Sharp at 10 o'clock last night the first C. P. R. trans-Canada train came into the Vancouver station, ninety-three hours and thirty minutes running time from Montreal. Passengers interviewed here expressed extreme satisfaction with the train and especially with the dining car service. One experienced traveler, who has been crossing the continent on C. P. R. trains since 1868, declared that the service on this train was superior to that on any on which he had traveled.

Nearly \$6,000,000 were expended in equipment for the train. It requires in the cross continent fifty-nine sleeping cars, twelve observation cars, five compartment cars, twelve baggage cars and twenty-four locomotives. The train absorbs twelve train crews and twenty-four engine crews.

George Han said that the journey was one of the most pleasant he had experienced in his many trips on the line. The train was never behind time and at some points was exceeding itself. Had it not been scheduled to arrive at Vancouver at 10 o'clock, this morning it could have comfortably reached here long before.

The time schedule of the trans-Canada Limited shows running time of ninety-three hours thirty minutes west of Montreal and ninety-two hours fifteen minutes east. From Toronto to Vancouver eighty-nine hours forty-five minutes are required west and eighty-eight hours east.

"The new train cuts twenty-four hours off the run from Montreal to Vancouver. Its average speed across the continent was forty-five miles an hour.

WHITE SHOES

There's nothing daintier nor prettier than White Shoes for warm summer days and the comfort derived from their wearing is almost indescribable. We are showing some very natty styles in High Laced, O
