

TORIES IN WARD MEETINGS HAD LIVELY TIMES

(Daily Telegraph)

Lack of harmony was the distinguishing feature of many of the meetings which were held last evening for the election of district chairman, vice-chairman and secretaries of the Conservative Association. In more than half of the city wards there were bitterly fought contests, and as a result of the elections many of the supporters of the party left the hall in a most indignant frame of mind.

Disatisfaction over the division of the party spoils was at the bottom of much of the trouble, and in addition to this there was the rivalry of individuals and the jealousy of various cliques.

One of the most interesting fights and one which was watched with close attention, was that between F. C. Macneil and Dr. James Manning in Queens ward. Mr. Macneil has been chairman of this ward for the last two years, and has also occupied the position of chairman of the patronage committee. Overing to patronage trouble there was a fair sized revolt against him, but the machine was on his side, and after a carefully conducted ballot he was declared elected by a vote of 77 to 62. The re-elected chairman then made a brief speech in which he denied the charges of unfairness in the dispensation of patronage. The fight was regarded as somewhat important because it was felt that if Mr. Macneil could not carry his own ward he would have to give up his other more desirable job as well.

In Sydney ward, James Lewis, who has been chairman for years, was defeated by a single vote. The balloting was marked by many challenges on both sides, and at the close the right of two voters was still in question. Finally they were allowed to cast their ballots, and it is understood that it was these two votes which effected the change.

The friends of Frank L. Potts received an unpleasant surprise when the returns in Duke's ward were made known, and it was found that their candidate had polled only twenty-three votes against eighty-six for C. M. Lingrey.

Dufferin ward furnished the longest and most exciting contest. The meeting started with a fast fight between a couple of partisans, and others followed at intervals. There were many verbal encounters and wrangling and disputes delayed the proceedings all the way through. Philip Grannan acted as chairman, and in his efforts to see fair play had a large share of the fighting on his hands. George Maxwell, J. Herbert Crockett and Mr. McLean were all nominated for the office of chairman, and each had vigorous supporters. After many trials and tribulations the balloting was completed and results were announced. Maxwell 52, Crockett 34, and McLean 31. This was followed by a wild outburst of enthusiasm on the part of Maxwell's friends, but this was quickly damped by the announcement of the temporary chairman that, as the high man had not secured a majority of the votes cast, the low man would be dropped and another ballot taken to decide the issue between the two remaining in the field. There were many objections of the most vigorous nature, and E. J. Tupper took the platform to make a fervent appeal for fair play and insisted that the high man should be declared elected. Mr. Grannan insisted with equal vigor that he was running the meeting, and his decision finally prevailed. The second ballot was taken and resulted in the choice of Mr. Maxwell by a majority of three votes. The selectors had another contest over the office of secretary which resulted in the triumph of William Dennings over Harry Sellen.

Lorne ward enjoyed a three-cornered fight for the main offices between S. A. Payne, F. H. Elliott and H. C. Green, in which Mr. Payne won out.

One of the surprises of the evening was supplied by Guy's ward where W. W. Donohue was elected chairman by a majority of forty over James E. Cowan.

The complete results in the city and those from the county, which were available last night are as follows:

Queens.
F. C. Macneil, chairman.
Dr. James Manning, vice-chairman.
Frank R. Fairweather, secretary.

Kings.
Dr. H. C. Wetmore, chairman.
Thomas Dean, vice-chairman.
R. W. Wignome, secretary.

Prince.
F. W. Noble, chairman.
Christopher Splan, vice-chairman.
R. D. Martin, secretary.

Dukes.
C. M. Lingrey, chairman.
Thomas Ingraham, vice-chairman.
Benjamin L. Sheppard, secretary.

Wellington.
Charles Nevins, chairman.
Thomas Kichman, vice-chairman.
Benjamin L. Sheppard, secretary.

Sydney.
Hamilton C. Martin, chairman.
S. B. Bustin, vice-chairman.
Jeremiah McCarthy, secretary.

Dufferin.
George Maxwell, chairman.
Frank Shannon, vice-chairman.
William Dennings, secretary.

Victoria.
Hugh H. McLellan, chairman.
Thomas Ingraham, vice-chairman.
Joseph Cameron, secretary.

Landdowne.
John C. Chesley, chairman.
Walter Logan, vice-chairman.
William Brown, secretary.

Lorne.
Stephen A. Payne, chairman.
Gilbert McMullen, vice-chairman.
R. J. Adams, secretary.

Stanley.
William D. Quigley, chairman.
James S. Porter, vice-chairman.
Samuel Kirk, secretary.

Guy's.
W. W. Donohue, chairman.
Walter Allingham, vice-chairman.
Roy Baskin, secretary.

Brooks.
W. J. Smith, chairman.
Edwin L. Ralston, vice-chairman.
R. J. Anderson, secretary.

ST. JOHN COUNTY.

Parish of Simonds, Crouville.
Frank E. Joseph, chairman.
Fred Foley, vice-chairman.
Harold G. S. Adams, secretary.

Parish of Simonds, Mayfair's.
C. Fred Stephenson, chairman.
Parish of Lancaster, Beaconsfield.
H. Colby Smith, chairman.
Charles O. Morris, vice-chairman.
George M. Bullis, secretary.
William Riddick, treasurer.

Parish of Lancaster, Fairville and Millford.
William Golding, chairman.
Walter Ross, vice-chairman.
Robert Carner, secretary.

MORNING NEWS OVER THE WIRES

More than 8,000 persons assembled in Dublin, Ire., last night and organized a force of volunteers to oppose Sir Edward Carson and his followers, and "to uphold the authority of the crown and government of Ireland."

A special committee was yesterday appointed at Fredericton to take up the matter of an appeal for help to the U. N. B. The senate will ask contributions from old graduates and friends.

Oyster beds are being prepared at Straight Bay, Me., for planting 200 barrels of oyster seed from Richmond Bay, P. E. I., as an experiment. Capitalists mostly from Bangor are interested.

Sir Frederick Williams Taylor, general manager of the Bank of Montreal, has been asked to be the guest of the Canada Club, London, on Dec. 8, prior to his departure for Canada.

Fred Legere was sentenced to two years in Dorchester yesterday. He pleaded guilty to escaping from the Dorchester reformatory jail some weeks ago.

Newcastle, N. B., Nov. 25.—County court opened today, Judge McLachly presiding. The grand jury found no bill against Warren Cowie and Joseph and James Collins, recently sent up, charged with attempt to wreck an I. C. R. train last month.

Beauty of the Skin

Cleanliness the Essential—Cheap Soaps and Powders to be Avoided

Cheap, inferior soaps and pore-clogging powders are the greatest enemies to the health and beauty of the skin. Skin powders are in reality only white dirt. They absorb the perspiration and form a sort of paste, which seals up the pores and positively stops the natural eliminating action of the skin.

To have a beautiful skin, you should use only the best of soap, and when roughness or irritation of the skin arises the application of Dr. Chase's Ointment will soon restore the natural smoothness and beauty of the skin.

The almost magical effect this ointment has in the cure of eczema, salt rheum, blackheads, pimples and all forms of itching skin eruptions is the wonder of all who use it. It acts as a food for the skin, and is consequently a beautifier of most remarkable effectiveness.

Dr. Chase's Ointment cleans out the pores of the skin and increases the natural activity of the skin as an eliminating agent. If you would have a clear, healthy, beautiful skin, Dr. Chase's Ointment will help you to realize your wish as nothing else can. 60 cents a box, all dealers. Sample box free, if you mention this paper. Edmanson, Bates & Co., Limited, Toronto.

Dr. Chase's Ointment

Listen!

Have you heard about Peps? Peps is a new scientific preparation put up into tablet or pastille form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles.

There is no connection between the lungs and the stomach.

Suppose something were wrong with your stomach—say indigestion, or ulceration—would you think of taking some medicine which went not to your stomach, but to your lungs? Certainly not!

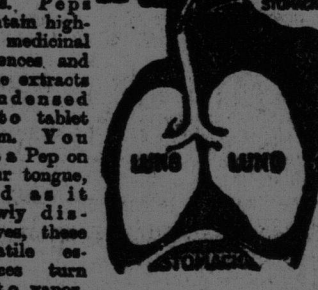

Why then, when your lungs and chest are affected, should you take medicine? Is it not far better to treat the ailing organ direct?

Peps provides a direct and powerful remedy for coughs, colds, bronchitis, and all lung and throat troubles. Peps contains highly medicinal essence and pure extracts condensed into tablet form. Peps is a Peps on your tongue, and it slowly dissolves, these valuable essences turn into Peps.

You breathe the remedy to your sore ailing lungs direct—no waiting to your stomach, which is not ailing. (See diagram.) The healing forces, then, reach the diseased, inflamed membrane of your lungs, and pass right on to the tiny passages of the lungs—a common and old medicine could possibly take.

Peps forces are healing and anti-septic. They heal sore throats, kill disease germs. Peps being pure-forever, it will never harm you. It is the only Peps for the lungs!

For that cold, that night cough, that trouble in your stomach! The trouble lies in your lungs. Peps goes to the lungs direct and will cure you. All druggists and stores 50c box. Write for free literature to: W. J. Smith, Co., Toronto, 27 St. Patrick St., Winnipeg. Send only 10c stamp for postage and enclosed this advertisement.

ALBERT JOHNSON DROWNED IN HARBOR FROM A DREDGE SCOW

Albert Johnson, of 280 Winslow street, a stepson of G. S. Mayne on a dredge scow, was drowned about 7:30 last evening in the harbor just above where the old Beacon light was situated, after falling in the attempt to board the tug Alice R. from a scow. His body has not yet been recovered.

When the accident occurred the crew of the dredge and scow had stopped working for the day. A motor boat which is used to take the deckhands ashore, had drawn alongside. Most of the other men had boarded the launch and they called to Johnson to follow, but the latter shouted that he was going with Captain Dunlop in the tug Alice R. He had crossed from the bridge to the scow but was told that the tug had cast off. Captain Dunlop had gone to the wheelhouse, ignorant of Johnson's intentions. As the bow of the tug swung off, her stern swung nearer the scow, and Johnson ran along to where the distance between the two vessels seemed least. He misjudged either his powers or the distance and fell in the water in his attempt to jump to the tug. The tide was ebbing fast.

Those aboard the tug noticed the accident immediately and a line was thrown towards the man in distress, with cries of "Man overboard!" The rope did not reach him, but with little delay a boat was launched with Captain Tibbett, from the dredge, F. Moore, E. W. Wynman and Fred Doucet to man her. Despite their efforts to reach Johnson, who was struggling for his life against the current and shouting in despair, the boat was thirty yards away when her rescue crew saw the last of the drowning man.

Johnson was twenty-two years old and a native of Germany. He was a good workman and was well liked by his fellow workers. He boarded with Thos. Treacrin on the West Side. This is the first fatal accident to one of Mr. Mayne's employees since he has been in the dredging business.

ACKNOWLEDGMENT.

WILL ASK ASSISTANCE OF THE SCHOOL BOARD

At a meeting of the Free Kindergarten Association held yesterday for the election of the executive for the coming year, discussion arose as to the best steps to be taken for having the kindergartens brought under the control of the public school board.

It was decided that the executive committee should wait upon the board of school trustees on the earliest possible occasion to request the board to urge the government at Fredericton to include in the programme of the provincial normal school. Comment was made on the fact that Nova Scotia is ahead of New Brunswick in this respect, while instruction in kindergarten teaching is considered necessary in the normal schools throughout the United States and in England.

Routine business was also transacted and the following officers were elected: Honorary president, Mrs. W. F. Hatheway; president, Mrs. F. E. Holman; vice-presidents, Mrs. J. S. Flagg, Mrs. T. N. Vincent, Mrs. Manning Doherty and Mrs. Louis Green; recording secretary, Miss Mary Gunn; corresponding secretary, Mrs. Field; treasurer, Mrs. C. F. Woodhouse.

Some misapprehension as to the exact state of the association at the end of the year closing August 31, 1913, was caused by a printer's error in the report of Monday's meeting. Though it was distinctly and correctly stated that the balance on hand at the end of the year was \$1,109.24, comparison between receipts and expenditures according to the report would have shown a deficit and not a balance. The expenditure was given as \$2,142.77, a misprint for \$2,154.37.

ANNOYING DANDRUFF

M. Pasteur, the great French Physician of Paris, once said: "I believe we shall one day rid the world of all diseases caused by germs."

Dandruff is caused by germs, a fact accepted by all physicians. That it is the root of all hair evils. If it were not for the little destructive germs which cause a persistency worthy a better cause, there would be no baldness.

Dr. Sage will kill the dandruff germs and remove dandruff in two weeks or money back.

It will stop itching scalp, falling hair and make the hair grow thick and abundant.

It puts life and lustre into the hair and prevents it from turning gray.

It is the hair dressing par excellence, dandruff, itching and free from grease and stickiness. It is the favorite with women of taste and culture who know the social value of fascinating hair.

Comes in large 50c bottle at all druggists, and leading druggists and toilet goods counters everywhere. "The Girl with the Auburn Hair" is on every package.

Made in Canada by The R. T. Booth Co., Ltd., Port Envy, Ont.

DR. MURRAY MACLAREN IS ELECTED PRESIDENT

At the annual meeting of the St. John Association for the Prevention of Tuberculosis yesterday afternoon Mrs. D. McLellan was in the chair.

The following officers were elected for the ensuing year:

President—Dr. Murray MacLaren.
Vice-president—Mrs. D. McLellan.
Second vice-president—J. A. Likely.
Secretary—Miss Helen Sideney Smith.

Committee—Mrs. J. H. Frank, Robert Thompson, Mrs. Blay, Mrs. E. E. Smith, Mrs. Louis Green, Mrs. Simeon Jones, Miss Bayard, Mrs. Stralton, Mrs. Edward Heaney, Mrs. R. O'Brien, Mrs. D. Mullin, Rev. Father Duke, Rev. Dr. J. H. McKean, Dr. McAvemy, E. L. Rising, Dr. Emery, T. Kichman, A. Belding, Hon. H. A. McKewen, Dr. Stewart.

Ex-officio members—Manning E. Doherty, chairman of the board of health; Dr. G. G. Melvin, medical officer of health.

Medical staff—Dr. A. E. Logie, Dr. F. L. Kenner, Dr. C. M. Pratt, Dr. T. H. Lumley, Dr. F. T. Dunlop, Dr. Margaret Parks.

In the course of the meeting Dr. McAvemy called attention to the decrease in the death rate in tuberculosis cases during the period that the association has been carrying on its work, remarking that, in his opinion, it will be still further reduced as a result of the efforts being made to stamp out the disease. The figures are: 1909, 118 cases; 1910, 107; 1911, 94; 1912, 85; 1913, 79.

FREDERICTON WEDDING
George E. Cranley and Miss Mary A. McGahey were married in Fredericton by Rev. Father Carney yesterday morning. Bert Hayes was groomsmen and Miss Gertrude McGahey, sister of the bride, was bridesmaid. Mr. and Mrs. Cranley will reside in Fredericton.

Was Confined To His Bed For Four Months With Rheumatism.

Mr. W. H. Riley, Ruddell, Sask., writes: "It was with the greatest pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after finishing two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am strong and active since taking your valuable medicine."

Doan's Kidney Pills help the kidneys to flush out the acid and poisonous impurities which have collected, and then clean out the kidneys, and dispel the rheumatism from the system.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by P. Nae & Son, Ltd., Fredericton, Ont.

If ordering direct specify "Doan's."

SCHENECTADY CONDITIONS COMPARED WITH ST. JOHN

Local Man Writes After Visit and Tells Labor Friends How He Found Things

Editor Times:

Sir—Permit me to place before my labor friends how I found conditions in a New York city about the same size as St. John.

The City of Schenectady, N. Y., is situated on the Mohawk River, and is very old, in historical facts covering the early settlement of the country, while the land was ruled by the fierce Mohawk Indians. Many of the old tablets placed about the city commemorate events happening about the old Queen Forts in the year 1785, making it an interesting study for the visitor.

The principal industry carried on in the city is the General Electric Co. The plant covers 865 acres and employs about 15,000 people. At five o'clock when this crowd leaves the works one would think Barnum's circus had struck town and was giving a free show.

It is very clean and bright about the streets. Every street is of concrete and is flushed down at night. The men who do this work know how to do it. It is not a joke as in some cities I know of. The people are well dressed and look prosperous. I looked about for slums or poverty districts, but could not locate any. It looks to me as if the city has solved the housing problem in a more practical manner than most cities or perhaps they had more active men, who were willing to risk their money in giving happiness to their fellow man, rather than free advice at Board of Trade meetings. Miles of streets lined with pretty cottages, well shaded by trees, the walks and streets all concreted. The cottages must be placed back twelve feet from street line, with twelve feet space between them. They are mostly double cottages, with verandah front and back, with garden and grape vines, fruit trees, etc. for each tenant.

The cottage may consist of parlor, dining room, kitchen, bath, three bedrooms and front porch. For this they pay about \$15.00 per month. No soft coal is allowed to be burned in these cottages, and they are always open for inspection by the owner. An undesirable tenant soon leaves.

Very little smoke can be seen in this city. Laundry bills are cut in half, and wear and tear on clothing is brought to a minimum. As no soot falls from the chimneys, less washing is needed. When we consider that the working class who occupy these cottages pay no taxes on income or personal property, it must be an incentive to rise above the slum district as the man has no fear of the tax collector levying tribute as they would in St. John, or on the Congo and River Nile, as we are told these are the only large cities.

I called on some St. John people who lived there. They told me they were well satisfied with their move. They looked very comfortable, and while they looked for their old friends in St. John, the conditions were much better in Schenectady. They would not think of returning to present. One man told me he would not be able to pay it. He owed two years about 1908. The constables got after him and he left St. John. It was a good move for him, as he now owns two cottages. He worked at long shore work and coal shovelling when he was here. He now runs a stationary engine in Schenectady.

At the large factories for the first month all learners are paid one dollar per week. After that a girl will earn at piece work from \$9 to \$12 per week. Young men may run up to about \$20 per week. I found \$18 per week a good average pay for clerks. Many young men are working in stores in day time and attend the night courses of lectures at the large college. Even the young men

The bright, cheerful appearance free of dust and sediment in a draw, is in striking contrast many other Teas on sale

"SALADA"

THE FLAVOR IS DELICIOUS SEALED PACKETS OF THE PURITY ABSOLUTE

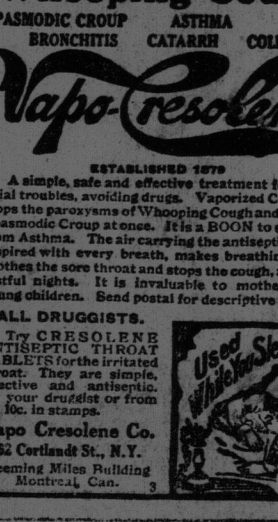

Black—Mixed or Natural Green.

places where this barbarous system exists.

I made a trip through the markets and found meats exhibited under glass, with refrigerators inside. All meat was cut up and priced—Lamb, 15c; round steak, 15c; sirloin, 15c; Porter House, 15c; rib roast, 12 and 14c; rough cuts, 8 and 10c; ham 12½c; sausages, 16c per lb. Groceries are cheaper than in St. John, with a very careful inspection of weights and measures, carried out; milk, 8c per quart; bread, Vienna quality, 5c per lb, true to weight.

I was shown some very nice cottages that could be bought for from \$2,500 to \$3,500, with land etc. I would be glad to be able to buy at the price here. Lots in the suburbs could be had for \$150 in plenty. They must have a very honest class of real estate pirates there.

The rate of taxation is 2 per cent, and you can see something for it, a smart clean up to date city. The street railway system is good, and extends to all cities and large towns within a radius of thirty miles; charges 1c per mile outside of city limits.

After the services were over the congregation turned to his wife and said: "On my way to church I picked a button and put it in my pocket, where I had a quarter. Anonymous, my dear, anticipate wife, very much horrified. 'And dropped it into the collection basket.' 'N. confound it!' replied her husband, 'I put it in the quarter.'"

Pure Beer A builder of Health

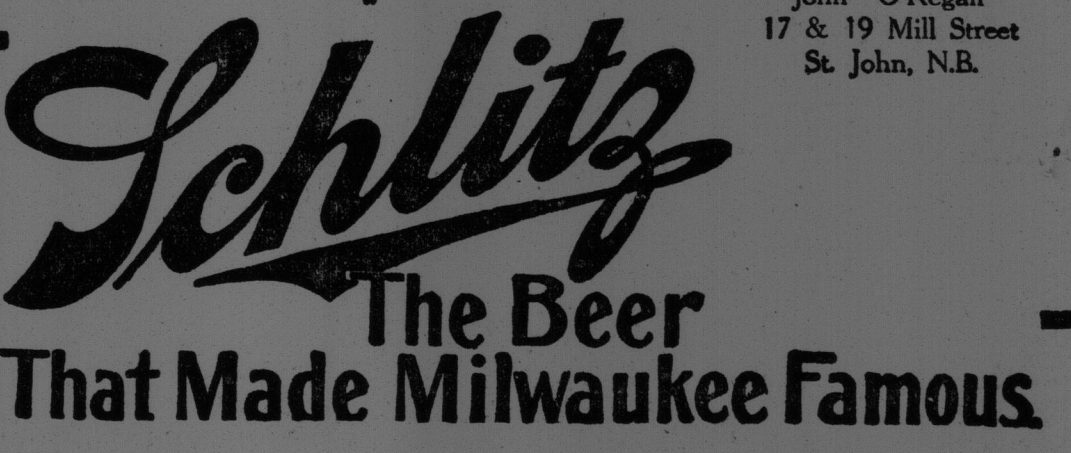

The malted barley is a predigested food—hops a tonic of proven efficiency—the trifle of alcohol, only 4 1-2%, an aid to digestion.

But be sure you get pure beer.

Get Schlitz in Brown Bottles

To insure absolute purity, we double the necessary cost of our brewing. Schlitz is brewed in the dark—cooled in filtered air—perfectly aged—every bottle Pasteurized.

See that crown or cork is branded "Schlitz."
