# TELEGRAPHIC NEWS

Montreal, Sept. 21.—The mail contract with the Dominion and Alkan lines expires with the close of navigation on the St. Lawrence, and speculation is now rife as to what is to be done.

Mr. Torrance of the Dominion line states that if his line does not get their share of the contract they will not call at Halifax at all this winter, and moreover that if it is offered with a stipulation that their boats must call at St. John, they will refuse the

The Allans will not commit them-selves by any statements. T. G. Shaughnessy said today that so far as the C. P. R. was concerned the idea of subsidizing another line if the Alian and Dominion lines withdrew from Halifax would suit them very well, seeing they had heavy in terests at St. John, which they wished to conserve. Asked how it would effect the company if the threatened withdrawal took place and Canadian ports were deserted for five months, he said: "The C. P. R. is a Canadian railway; it does business through Can-adian territory. Now, if it cannot have Canadian ports through which to do its business during a consider-able portion of the year, it must do one of two things: It must look out for other ports, or it must suffer the loss of business."

Mr. Hays declined to talk, but it is whispered here there is concerted ac-tion between the Grand Trunk and the steamship lines.
