FATE

It is very convenient to attribute the disasters which befall us to fate. But for the most part man is the architect of his own fortunes. Business men are struck down suddenly as by lightning.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When these organs are cured, diseases of heart, liver, lungs and kidneys, caused by the diseased stomach, are cured also.

Dr. Pierce's Pleasant Pellets cure biliousness. "In the fall of 1897 I was taken with another of these attacks of the bowels, and a distressing feeling in my stomach," writes Mr. E. W. Kinney, of Kansas, "and I consulted a doctor and he said I had organic heart trouble. He gave me some medicine, but it only made me feel worse. I was told that I had a disease of the stomach, and that I was to be cured by the use of Dr. Pierce's Golden Medical Discovery. Before the first bottle was gone I felt a change. When the second bottle was begun to work, I had not worked any for a year before I am well and can eat anything with the exception of pork and greasy food."

MAGICAL

is the effect produced on a big family wash by a single cake of SURPRISE soap.

The housewife's labor is reduced one half; the original snowy whiteness is restored to the linens without boiling or hard rubbing and the disagreeable odors so noticeable with other soaps is done away with entirely.

And yet it costs no more than ordinary soaps.

Read the directions on the wrapper.

John S. Scott swore that he saw blood stains on George McLaughlin's shirt the morning after the accident. It was about ten or eleven o'clock. The stains were not fresh. They were dried in some. George was asked about it, and said he thought it was tobacco spit. It looked like blood, and it might have been there some hours. It was not damp.

Charles Ezra McLaughlin told of a conversation with the prisoner in May of last year, in which the prisoner complained of Harris McLaughlin, and said: "We want to get Harris out of here."

Talbot McLaughlin told of working in the bark woods with Harris and George McLaughlin seventeen years ago. One day on a log road the two had a quarrel and George knocked Harris down with a blow from a stick over the head. He said he would kill him, but the others separated them.

Detective Ring was sworn, and said that he saw Bella, the little girl, at Baillie. She told him that three or four days after her father was hurt her mother called her and said: "Bella, if anyone asks you when George came in that night, you tell them that he was in all evening."

ST. STEPHEN, N. B., June 26.—When the McLaughlin hearing was resumed this morning, the little girl, Isabelle McLaughlin, was re-called. She stated that she washed George McLaughlin's shirt the day her father died. She noticed a blood stain on it between the elbow and the shoulder. She had a conversation on the road with Detective Ring, and told him George was not out of the house that night. She said: "I remember telling the mamma to tell me if anyone asked me when George came in to say he was not out of the house that night. I don't remember telling him that George came in at eleven o'clock."

Dr. Chase's Nerve Food

Nearly everybody seems to complain more or less at this season of the year. You feel the need of some tonic to put new strength and energy into the system. You don't sleep well, and suffer more or less from headache and dyspepsia. It may be you are depressed and discouraged, and feel the affairs of everyday life a burden. Little things worry and irritate you. You are not sick, but lack the vitality that is necessary for health and happiness.

There is one preparation which is doing wonders these days as a restorative and nerve invigorator, and that is Dr. Chase's Nerve Food. It is different from any medicine you ever used, for instead of tearing down the tissues of the body it builds them up, and so thoroughly fills the system with new life and vigor as to overcome pains and aches, weaknesses and irregularities. It is surprising what a host of people are using this great food cure. A few weeks' trial will convince you of its singular merit.
