'Not a bit—et you only git that woman across the crick in time; but don't wait—jump quick, fer the Lord's sake, or you'll be too late.'

With a rude toss be threw her into the saddle as it he had been a child, and handed her the reins. As he did so he thrust a short, cruel rawhide into her hand.

'Don't hit him with that unless you have to—he's never been licked in his life; but he can outrun a cyclone. Ef you have ter hit him give it to him redhot!'

It is long, sometimes, before a horse and its rider become acquainted with one another; but it seemed but a few seconds to Alice be'ore she and the noble snimal were old friends. Jim was right, Prince Halcould run; and after the first tremedous jumps and Alice had steadied herself in the saddle the thrilling excitement stirred her blood like an intoxicant, and she realized that Jim had told the truth; it promised to be the race of her lile.

'Je ho-sa-phat'! exclaimed a man who

Observations regarding the growth of man have determined the following interesting facts; The most rapid growth takes place immediately after birth, the growth of an infant during the first year of its existence have the state of an infant during the first year of its existence being about 8in. The ratio of increase gradually lessens until the age of three is reached, at which time the size attainted is half that which the child is to become when tull grown. After five years the succeeding increase is very regular till the sixteenth year, being at the rate, for the average man, of 2in a year. Beyond sixteen the growth is feeble, being for the following two years about three fifths of

That Kidney Disease Could be

Privacy, et Pictou, M. S.

Protou, N. S., Mar. 6.—"At one time I had no taith in any medicine except such as was made up from dectors' prescriptons. I used to believe that all proprietary medicines were frauds, made and sold with the sole object of getting money from unsuspecting people."

"So said Mr. James Fraser, one of the most highly esteemed and justly popular residents of this city.

"My belief," he continued, "was based on my experience with many patent medicines I had tried.

"You know I was a great sufferer from Kideey Disease. Well, I tried these medicines which were guaranteed to cure, but which failed utterly to do me the least good.

which tailed utterly to do me the least good.

"Now, I know there is one proprietory medicine that will do all that is claimed for it. That medicine is Dodd's Kidney P.lls.

"After being belpless, bedfast for four months, I was persuaded to try Dodd's Kidney Pills. Although I was suffering terribly, I was unwilling to do ro, as I hed lost confidence in all but doctors' medicines.

The Saltest Lake in the World.

This is Lake Urumia, in Persia, situated more than 4.000it. above the level of the sea. It contains 22 per cent. of salt as against 85 per cent. in the Dead Sea. The lake is eighty-four miles long and twenty-four miles broad, and its northern coasts are increated with a border of salt glittering white in the sun. No living thing can survive in it except species of very small jelly-fish.
