## GOSSIP AROUND THE MARKETS

# Cotton Fabrics

(Copyright 1921, By Public Ledger.)
New York, April 1.—Most descriptions of finished cotton fabries are in fair-demand at rather firm prices, which are in most instances about on a parity with gray goods quotations. Distributors of Swisses and organies finished report better demands than were anticipated earlier in the year, and white dotted Swiss is especially popular. Volles with slik stripes are also good sellers.
Octon goods dealers throughout the country have nearly completed arrangements for gingham week, which begins next Wednesday, and will be national in scope. Retailers everywhere are arranging special window and counter displays, and wholesaiers are preparing for an influx of orders. The gray goods market is quie; although prices are somewhat firmer than they were a week ago, and even second-hand distributors hold out for 6 1-2 cents for 38 1-2-inch, 64 by 60 pounds, 50-33-yard prints.
Sheetings meet with limited request at about previously reported prices, which are 4 1-2 to 4 3-4 cents for 31-inch 5.00-yard stock and 4 cents for 31-inch 5.00-yard stock and

for the same width in 2.50s. For combediawas 10 cents is paid for 30-incl 76 by 72s, and other numbers go into consuming channels at quotations ranging up to 17 1-3 cents for 40-inch, 84 by 80, 10.50s.

Fortunate, indeed, is the business which has discounted all readjustment losses, continued operation, and is now taking substantial profits on the sound hasts of present day prices. Such a firm is that of Clark Bros. Ltd., St. Stephen, N. B., whose plant is running on full time with every day showing a handsome profit. One reason why this business is profitable when many other manufacturers are taking enormous losses, is because the product of their

other manufacturers are taking enormous losses, is because the product of their factory is moderately priced women's shoes which has come into much greater demand since the orgy of extravagance has passed.

The high class botels of this country are playing an important part in the development of the whole

Dominion.

With the expansion that has occurred in the automobile trade, high class hotels become an absolute necessity in every centre. This trade has also increased the demand for hotel accommodation very greafly, as compared with the requirements of a few years ago.

In addition, high class hotels are now becoming the permanent homes of an increasingly larger number of people.

These developments all make for permanence of business.
