

WATERLOO NEWS RECORD

UNITED LUTHERAN SUMMER SCHOOL

The first day of the School Wednesday 25th was begun. After breakfast we all gathered in the chapel of the Seminary for morning devotionals which was conducted by Rev. Zinck after which Dr. Little welcomed the Summer School to the Seminary and gave them the freedom of the building and Waterloo Hill. So far nearly 200 have registered which is to show the great interest and desire of our Lutheran people to inform themselves of the great problems of the United Lutheran Church of America and to study Canadian conditions. This great interest and number of registrations insures the committee in charge against any financial embarrassment for which they are very thankful. Those who are missing the first opportunity will be the losers. To listen to the message of the leaders of our church, of how to solve the problems confronting her is very inspiring. The forenoon was devoted to Round Table Talks by the Women's Missionary Society. It was "The Worth While Hour" which was it worth while to train Juniors in the Mission Work. An emphasis was placed to prevail the entire meeting because training meant leaders' which was always needed. Was it worth while to study Missions was also answered in the affirmative. Was it worth while to be a part of the United Missionary Society was discussed by Mrs. J. Bieber. But the greatest amount of interest was shown when the worth while work of the Seminary was discussed. Great praise is due the Seminary Auxiliary for the great work which they have done in supplying many needs of the Seminary and especially in ministering to the comforts of our boys and being practically a mother to those in the institution.

After Dinner and Recreation the afternoon session was opened by the first of three addresses to be given by Rev. J.R.E. Hunt, a leader in Sunday School Work. "The Child" was his first address. He traced the development of the child life up to the sixteenth year and showed the most successful ways in dealing with our Sunday School scholars during that age. He said in brief—know the child study the child life by outward observation and the Family Life. Look at them from the standpoint of our own childhood. Just as necessary to know the child as it was to know the Bible and the Lesson. Our Lutheran Sunday School differs from others in that it receives them as

Little Lambs being regenerated by the word in Baptism. It was not necessary to make little lambs out of them when they came to the Sunday School. The five years child was eager to learn. From 6-12 was the unfolding of the mind. Possesses unlimited faith therefore be sure and tell it the truth. Has absolute confidence in father and mother so do not betray it. Ages 12-16 most difficult time. A great physical change also a great mental change. Needs direction. At about 14 or 15, an upheaval of youth, passions developing. Age of defiance, recklessness and mental activity. Age of hero worship—See and teach them the Bible heroes and especially our Saviour age of emotions. A good time to develop the grace of giving. What a wonderful thing a child was and what a wonderful work to lead and direct children.

Rev. Luther Hoghead followed by an address on Home Missions and the Homeland. The varied conditions of our people made our problems wonderful. Our work was an opportune time an opportune land and an opportune church. The country of North America was the best land in which to be born, the best to live in the best to work in and the best to die in. He showed the great work of our church in this our Homeland.

After supper the ladies met in Mission Study Class at which Mrs. Kauffman of Chicago interested her audience with ways of Mission Study at 7:45 Rev. Sperling of Kitchener spoke on the care of the Confirmed Boy. He spoke first of the Great Necessity of caring for our boys after receiving them by confirmation, secondly the most convenient form of that care, thirdly the great blessings which come to the church and the individual in living and doing their utmost to care for the boy fourthly the Organization and rightly the difficulties which stood in the way of making the confirmed boy an earnest Christian and servant of Jesus Christ. So many ways had been tried but many had tended in the end to lead away from the church instead of making them steadfast. Love them and show our interest in them. Rev. Dunkelberger a returned missionary from India gave very educational address on "A World Missionary Survey" He spoke of the promising outlook for missionary activity the world over. The influence of the war when the thousands of soldiers, for instance in India who had thrown away all caste and went to war,

INDIGESTION AND CONSTIPATION

Quickly Relieved By "Fruit-a-lives"

Rochester, P.Q. "I suffered for many years with terrible indigestion and constipation. A neighbor advised me to try 'Fruit-a-lives'. I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-lives'."

I consider that I owe my life to 'Fruit-a-lives' and I want to say to those who suffer from indigestion, constipation or headaches—try 'Fruit-a-lives' and you will get well."

would return and bring new ideas to their country. South America offered an open door. A land where there was no open Bible. People vastly illiterate and grossly immoral because the people who went to that land went to exploit the country for gain not caring for anything else. Africa where men had sacrificed their lives for Christ should we let it be in vain. China which doubles its population in every 80 years. Japan who was at present leading the Orient leading the East but the question was where? because she had lost hold on religion and broke away from every restraint and had become the most immoral country in the world. The great menace was threatening. Should we draw us into her whirlpool or would we lift her up. Mr. H.B. Gerhard full of zeal and fire presented the work of the Lutheran Brotherhood. He in brief traced the origin of Brotherhood movements. Goal is to have a Brotherhood in every congregation of the United Lutheran Church. Three things explained what it is? A Brotherhood to promote greater service for Christ. 2nd What is its Mission? To lead men into fellowship of the church. Help men to let their light shine. To unite men for efficient work.

3rd. What is the field—Organized for service, implies servants. Individual service and personal touch. The evening session was interspersed with music by the choir of First English Church, Kitchener.

Mr. and Mrs. Herbert of Rochester, N.Y. are spending several days with friends in town.

Mr. H. Bell of Toronto was a business visitor in town yesterday.

Mr. F. Collins of Hamilton is in town this morning on business.

Mr. F. Rodhouse of Brantford was in town yesterday on business.

Miss Florence Anderson of Belleville is visiting friends in town for a few days.

LAWNS ARE NOT THOROUGHFARES

While dogs are still being allowed to run at large during the night and doing their usual damage to gardens other citizens are complaining by the continual use of them by pedestrians who make a short cut in going to their occupation. One citizen in particular voiced his resentment in no uncertain manner. His lawn is being used continually especially in the early hours of the morning and these same people have lawns of their own and take such pride in them that they would hardly let a cat cross them. Lawns if well kept are a beauty to the eye and nothing looks worse than to see a streak worn bare by continual use hereof from day to day.

Mr. R. Bannister of London was in town this morning on business.

Mr. and Mrs. F. Hopeman of Niagara Falls, N.Y. are spending several days with friends in town.

UNION CAUCUS FAVORS PERMANENT ORGANIZATION

UNDER PREMIER BORDEN'S LEADERSHIP

OTTAWA, June 26.—The government caucus, which was described by members as "enthusiastic" in character, this morning considered the question of the organization of a permanent Unionist party for Canada. The discussion was limited owing to the opening of the morning session of the house, but it is understood that the majority favored the proposal and arranged for a definite scheme to be presented at an early date.

Sir Robert Borden favored the move and expressed his willingness to retire from the leadership, if considered necessary, but the caucus warmly voiced its confidence in his leadership.

Tea and coffee drinkers should know how easily and healthfully **INSTANT POSTUM** takes the place of tea and coffee.

Is There An Equitable

(Continued from Page One)

possible income was being collected. They were working under special instructions to see that it was. The fact was that it was not the farmer who had so much income tax to pay. Very few farmers have their mortgages paid. It was the fellow who had the mortgage that should pay the tax.

Reeve Stumpf of Elmira said that all that he asked for was a fair deal. The idea of the Council, it should not be lost sight of was to equalize. He did not want the impression to prevail that any special grudge was being held or that any special privileges were being asked for. As to the amount that the urban and the rural municipalities have to bear he pointed out that in the same afternoon he had voted for the grant of \$2500 to a patriotic purpose and he did it without complaint although Elmira had paid many sums for various patriotic purposes. They did it without complaint, so there was no justified complaint anywhere that the urban municipalities were not bearing their share. In conclusion he said that he asked that the council consider the matter from the standpoint of equalizing.

Reeve Jensen could not see that equalizing the assessments was anything to do with the matter. This was simply a question of law. The fact that it was not put on in other years for county purposes, did not mean that it should not be put on this year. In past years when Berlin and Galt were still with the County the urban municipalities had the majority and always voted the proposal down to include the business and income tax.

Reeve Reidel also said that in bygone years the urban majority voted it down whenever it was brought at meetings of the Equalization Committee.

Denial that it ever Caused Differences.

Reeve Stumpf of Elmira took issue with this statement pointing out that it was never discussed.

Reeve Koeh of Woodville claimed that the assessor in this Township was working under directions to get a correct statement from all men suspected of having an income which should be assessed. He said that it was up to the municipalities to see to it that their assessors did their duty.

The trouble is that they are sometimes appointed by men who do not want the income tax to go up," Reeve Bohlander said.

Reeve Little of North Dumfries claimed that no evidence had been submitted which indicated that the assessors in some of the municipalities were not carrying out the law. Reeve Armstrong of Ayr said that in Ayr the assessor was compelled to enforce the law. It was up to the respective councils to see that he did so. He saw no use in further discussing the matter and he considered the report of the equalization committee as it stood all right.

Reeve Mathers of Preston said that since the custom of not having the income tax included for county purposes had been followed for so many years there must have been a good reason.

Reeve Koeh replied "when would you start making things right? Isn't the time to do it as soon as you find out that they have been wrong?"

Warden Pennbeker expressed the conviction that the council should try to work together. Some bases of cooperation between the urban and rural municipalities should be aimed at.

The rural members concurred. The amendment to exclude the income tax for the year was then put and it was declared lost on a vote of 8 to 5, the yeas being Deputy Reeve Stumpf of Waterloo, Deputy Reeve Mathers of Preston, Reeve Oaks of the same town, Reeve Stumpf of Elmira and Chairman D. Bohlander of Waterloo; against it were Reeve Jansen and Deputy Reeve Snider of Waterloo Township; Reeve Henry Walker and Deputy Reeve Lantz of Wilmet; Reeve Little of Ayr; Reeve Armstrong of Ayr; Reeve and Deputy Reeve Koeh of Woodville; Reeve Reidel and Deputy Reeve Bechtel of Wellesley. The warden did not vote. The motion to adopt the report of the by-law was then put and declared carried on the same division.

Linwood Now A Police Village

On the petition of the people of Linwood that village was declared and set apart as a police village, the first election to be held next January the tenth. Mr. Frank Schumacher was appointed returning officer.

The regular by-law was passed making the village a police village, \$2500 Grant to the Navy League.

The Council passed a motion and adopted the same for a grant of \$2500 to the navy league. Endorse the Application of the Committee.

The Council endorsed the application of the special committee asking the Provincial government to set aside the following roads as county roads.

From the northerly boundary of Waterloo County to the Wentworth border from Guelph through Hespeler to meet the other road at Galt; from Guelph through this city to Petersburg to New Hamburg and the Wilmet border. The Council urges that should any further pressure be needed to get these the co-operation of Wellington County be secured in the matter of having the two last mentioned set apart as provincial county roads, the first having already been designated as such by the provincial government who also gave the assurance that number two would be adopted as such provided Wellington would give its support to and endorsement of the idea.

Well Known Meat

(Continued from Page One)

meat will be brought up to the first floor in the holder, which will accommodate one hundred hogs, it goes to the slaughtering pen, then it is run up to the fourth floor on a hoist where it will be the slaughtering pen, besides the other rooms which have been mentioned; it will be dropped into the slaughtering tub on the third floor it will then be picked up by the derrick machine, then taken to the gainfrencher bench and to the dressing table, scraping and spraying follow. Here the offal will go into a waste chute and down to the floor of the building at the rear.

The animal will remain on the drip racks until the scaled killing operations are completed. Two coolers will be provided which will accommodate 300 hogs. The animal then automatically like in all the operations mentioned so far will be put on the block and the trimming table. Here anything that is used in nicking hogs and so forth will go into the chute which leads to the basement. Whatever is used in making sausage will go down to the second floor.

On the Second Floor

On the second floor there will be the sausage-making room for pork and beef. The pork and beef will go to the hatching and cutting and mixer. Then will follow the stuffing tables which work completely without the being at each; the product will go to the tracking and conveyors to the smoke house. Others will go from the smoke house into the cooking room and from the cooking room into the shipping room cooler on the first floor.

The First Floor

On the first floor there will be the cooling and shipping rooms; the three general and private offices; the three smoke houses will also go through this floor extending from the basement up to the second floor.

At the back separate from the main building there will be the ice machine, the boilers, and a continuation of the department where the offal will be treated; there will be the lard filling and lard receiver equipment. The offal will be first treated on the floor above and then will be divided into edible and inedible. These will go through the rendering tanks nearby. Underneath there will be a continuation of these tanks.

In the Basement

In the basement there will be the sweet pickle cooler which will connect with the third floor. Here the curing will be done. There will be a sharp freezer for cold storage purposes in the basement. The pits for the smoke houses will also be there. Underneath the leading platform at the rear of the building there will be room for the storage of salt, barrels and other things.

The Fertilizer Plant

Between the two buildings there will be a catch basin for the grease and so forth accumulating in the operations will be taken care of. All water with waste will enter there, it will leave clean. The sediment in the basin will be turned into the fertilizer plant. After the necessary operations in the rendering tanks it will go into the fertilizer storage. And the operations will be complete without there being any waste in the whole plant. The fertilizer operations will be carried on through the night. Whatever will be offal at night after killing will be offal the next morning.

The plan as outlined shows that the new plant will be the latest of its kind. But reviewing the growth of the industry which has been built up through the initiative of the members of the firm, all home boys, one comes to the conclusion that it is a necessary and profitable business for the community. The prospects for the firm's continued expansion are unlimited. They are to be congratulated for taking the steps that they have decided to take. Their progressiveness is an asset to the city.

Fourth Defense

(Continued from Page One)

as Nero. They are adding to the evils of the liquor traffic, the evils of sex ignorance, the degeneracy of the cigarette habit and the demoralization effect of sensational, paper-covered novels and the three-fold sensation of the present generation and showing every evidence of burning the children of the coming generation as well.

In touching upon the evils that are resulting from the liquor traffic Mr. Bale declared that a majority of the defective children born into the world are the result of parents who are addicted to the use of alcoholic beverages. He declared that alcohol does to the albumen of the human body what it does to the albumen of an egg. Aside from the moral reasons why the liquor traffic should be crushed, the physical reasons are of tremendous weight.

The next great flame consuming the children of the day is that of sex ignorance. As a result of not being properly taught in the home the sublime lesson of the origin of life, the children learn the great lesson of creation in a filthy surroundings so that for the rest of their lives, the most sacred of human relations is looked upon as a thing of evil.

If it is through the avenue of sex ignorance that the young girls of today are being led away from the paths of decency and are contributing to the ever-growing number of girls who are leading a life of shame in the big cities. Home influence and home teaching of the sex mysteries in a reverent way is the great solution to the problem.

Toucing the cigarette evil Mr. Bale declared that the American Tobacco Trust was behind the impetus that was given to the movement of sending cigarettes to the boys in the trenches. Out of this traffic, the tobacco trust made millions of dollars. Mr. Bale declared that the cigarette evil among the boys of the country has grown as a result of the campaign to send cigarettes to the boys in the trenches. The creation of a cigarette fiend out of a young boy is one of the greatest crimes imaginable. Once a young boy becomes a fiend he is in line for almost any line of crime or depravity.

Mr. Bale concluded with an attack on the sale of paper-covered novels and the showing of the sensational three-reel films that depict the success of the criminal type here. He declared that the women of the community should interest themselves in reading the hand of the paper-covered novels that McCullough, who died on the scaffold in Toronto, was led into his life of crime. Mr. Bale declared that out of the 6,000 in the juvenile court in the last four years a surprising number of crimes were directly traceable to the paper-covered novel and the three-reel film

JUNE NUPTIALS

PRETTY CHURCH WEDDING

CALLAHAN-LANG

A pretty nuptial event was the wedding at St. Mary's Church yesterday when Mr. John Callahan, of Toronto, was wedded to Miss Olivia Lang, daughter of Mr. and Mrs. John A. Lang, North Water Street. The event took place at ten o'clock, the ceremony being performed by Rev. Father Zinger.

The bride, who entered the church on the arm of her father to the strains of the wedding march, was prettily gowned in white satin chantilly lace, wearing a pink tulle hat and carried a bouquet of orchids and roses. The bridesmaids were Misses Mary and Kathleen Lang, who were dressed in French blue tulle and pink. They carried bouquets of roses and sweet peas.

Mrs. W. J. Swift, sister of the bride, was the matron of honor and wore pink georgette and a leghorn hat, carrying a bouquet of roses and sweet peas.

The best man was Mr. Morgan Callahan, of Toronto, a brother of the groom. The ushers were Dr. W. J. Swift and Mr. Frank Regan.

The bride's mother wore pink georgette and ermine cape. Mrs. T. H. Callahan, of Toronto, the bride's sister, was attired in turquoise blue georgette and a white hat.

The groom's gift to the bride was a handsome platinum diamond pin, to the ushers gold cufflinks and to the best man a scarf pin.

About two hundred guests were present in the church and at the buffet luncheon and reception which followed at the home on North Water Street. The bride was the recipient of showers of beautiful gifts including numerous handsome cheques. Many telegrams of congratulations were received from outside the city.

Mr. W. J. Moir presided at the luncheon as toastmaster and the guests responded to various toasts.

The out-of-town guests included Dr. and Mrs. W. J. Swift, Chicago, Mrs. Kaiser, Mount Clemens, Mr. and Mrs. Edward Stoddy, Mr. and Mrs. Tom Garvey, Mr. and Mrs. Gordon Geddes, and Mr. Leo McCarthy, of Seneca, Mrs. Harold Wurster, Detroit, Dr. and Mrs. T. H. Callahan, Mr. and Mrs. Gus Gough and the Misses Gough, Mr. and Mrs. Tom Griffin, Mr. Frank Regan and Miss St. Charles, of Toronto, the Misses Callahan, Wooler, Mrs. Loft and Mrs. McManus, of New York, and Mrs. Ryan of Toronto.

Mr. and Mrs. Callahan left on a honeymoon trip for New York and Atlantic City, after which they will reside in Toronto.

MERRIFIELD-MILLER

A quiet but very pretty June wedding took place Wednesday afternoon at 2:30 at the home of Mr. and Mrs. Arthur Zinken 119 Water St. S., when Miss Christina Miller, daughter of Mrs. Mary Miller city, formerly of Preston, became the bride of Mr. Harry Merrifield, of Port Hope in the presence of the immediate friends and relatives of the contracting parties. The Rev. John Schneider officiated, while Miss Bernice Hofflich played the wedding march and Miss Merrifield sang "Because."

The bride looked very pretty in a gown of ivory silk crepe-de-chene, wearing the customary wedding veil and carrying a bouquet of bridal roses, while the bridesmaid, Miss Rose, carried a bouquet of pink roses. The bride wore a pale pink crepe-de-chene and carried a bouquet of pink roses. Mr. Joe Miller of Windsor supported the groom.

The groom's gift to the bride was a diamond ring, to the bridesmaid a pearl necklace to the groom's man a signet ring, while Miss Hofflich received a pearl crescent.

The house decorations were ferns and peonies. After a dainty wedding repast and the extending of congratulations to the happy couple left for Toronto. After their return they will reside in Port Hope, where the groom conducts a tailoring business.

The bride's bridesmaid was of champagne serge with white picture hat.

Mr. and Mrs. Merrifield have the best wishes of their many friends for a long and happy married life. The out-of-town guests were Mrs. Merrifield and daughter Pearl of Port Hope, Mrs. Hamm of Toronto and Mrs. Geo. Ellison sister of the bride, Toronto.

MARQUETTE-GUENTHER

A quiet but very pretty wedding was celebrated this afternoon at the home of the bride's parents Mr. and Mrs. Rudolph Guenther, Allan street, when their daughter Mary was united in the bonds of holy matrimony to Mr. Richard Marquette, the nuptial knot being tied by Rev. S. E. Schaefer.

The bride was attended by her sister, Pauline, while the groom was assisted by his brother.

After receiving the congratulations of the assembled guests a wedding dinner was served.

The newly married couple have the best wishes of a large number of friends for a long and happy married life.

GATSCHE-SNIDERHAN

The marriage of Miss Matilda Elizabeth Sniderhan youngest daughter of Mr. and Mrs. Joseph Sniderhan to Mr. Oscar Michael Gatschene of Oberlin, Ohio son of Mr. and Mrs. Jacob Gatschene of Waterloo Ont. took place on June 17th at nine o'clock at Cayuga Ont. Rev. Father Murphy officiated, the bride was given away by her father and wore white georgette crepe over white satin meseline with the customary wreath and veil. Miss Winnie Sniderhan acted as bridesmaid while Mr. Cyril Sniderhan brother of the bride was bestman. The groom's

gift to the bride was a pin set in diamonds and pearls, to the bridesmaid a pin set in pearls and to the groomsmen a set of gold cuff links.

After the wedding ceremony a reception was held at the bride's home where the newly married couple received the best wishes of their many friends. The bride was the recipient of many handsome bouquets. Mr. and Mrs. Gatschene left on the 6:20 p.m. train for Waterloo St. Thomas, Ingersoll, Wyoming, and other points. The bride traveling in a navy blue suit with hat to match, on their return they will reside at Oberlin Ohio where the groom holds a position.

Tonight—300 extra chairs will be had so you will be happy at the Chautauque tent. Dr. Frank Bohn and the D.E. Mille Quartet.

GARTUNG-ERDMAN

Another pretty church event was solemnized in the city this afternoon. It was the marriage of Mr. Ernie Gartung, of Miss Barbara Erdman, Delany street. The event took place at two o'clock at the First English Lutheran Church the ceremony being performed by the Rev. J. Maurer. The attendants were Mr. Ernie Erdman and Miss Clara Gartung. Two little nieces of the bride were the flower girls. The event was witnessed by quite a number of friends.

HALL-REID

The marriage took place at two thirty o'clock yesterday afternoon at St. John's Anglican Church of Mr. Arthur Montehill Hall to Miss Rebecca Alice Reid. The ceremony was performed by the Rev. H. Langford. The attendants were Miss Violet Reid, sister of the bride and Mr. Charles W. Boettger of this city. A reception and luncheon followed at the groom's home at 126 East King street. About forty guests from this city and other places were in attendance principally relatives.

Do you realize that nowhere under the sun can you hear so much for about twelve cents as you are getting at the Chautauque! Go tonight and hear the finest quartette in Canada. The D.E. Mille Quartet of Toronto. Also Dr. Frank Bohn.
