**O YOU WEATHER.**  
Even the optimists are inclined to question the watery bill of fare. It has been so wet that few gardens have been prepared for planting. Careful householders find it necessary to keep the furnace going. Thus burning the fuel saved in January. It was seen on North Queen street at noon but it had been dropped by the ice-man. Is it to be one nice day and then two wet ones during the summer season? Wanted: a recipe for having the umbrella always at the right end of the journey between house and shop. **MADE SURVEYS.**  
Recently surveys of the property adjoining the Grand River Valley Railway in the South Ward were made. **Fair Prices as Suggested in Guelph.**  
On the suggestions of the Guelph Fair Price Committee the old "high cost of living" will be dealt such a body blow it will go down for the count.  
The Fair Price Committee composed of Ald. Brydon G.A. Fowke, and G.P. Ribby recommends to the City Council as follows, with the request that the recommendations be forwarded to Ottawa.  
(1) That the fair price for potatoes should not be more than \$1.25 per bag.  
(2) That 40c is a good price for butter.  
(3) Fresh eggs should not exceed 30c per dozen during this month.  
(4) That the present price of meat is too high considering the quantity in cold-storage.

**Daring Robberies in Thorold.**  
Thorold has had two robberies two nights in succession. On Friday night for the second time within six months Steadman's jewellery store which is less than a stone's throw from the Police Station was entered sometime in the early morning and between two and three hundred dollars worth of goods taken. An entrance was gained by inserting a jimmy between the front door and the casing and springing the door open. They must have become frightened as the haul was small considering the amount of goods which were available.  
In a number when the store was about fifteen hundred dollars worth. Some of this was found in their car when it became wrecked near St. Catharines.  
On Saturday night J. Stahl's house north Welland St. was entered by means of a ladder to an upstairs bedroom window. His daughter was awakened by the noise but was commanded to keep quiet with a revolver pointed to her head. The thieves got four hundred dollars in cash from under Mr. Stahl's pillow without disturbing him and made a clear getaway leaving no clue whatever.

**A Son's Good Fortune.**  
Mr. and Mrs. Henry Thorne 275 Huron street Stratford on Saturday received a message from Ottawa containing surprising news for it intimated that the estate of one Walter Saywell had been left to their son Harry who passed away during the "flu" epidemic of pneumonia.  
These two boys enlisted together in the 71st Battalion and were together in France and in hospital. When Harry was invalided home. Pte. Saywell kept up his correspondence with him, and it was arranged for Saywell to come here when he received his discharge. Instead of that however he went back to France and before going made this will in favor of Harry Thorne. When Harry died last fall Mr. Thorne wrote to Pte. Saywell apprising him of the fact and has since been hearing from him regularly though nothing was said of this will. It is not known how he met his death or how large the estate was.

**Thieves Busy.**  
Four farmers residing on the Paris Road near Brantford are mourning the loss of their entire stock of chickens. The thefts included some valuable White Wyandotte thoroughbreds from the Wallace farm near the second toll gate. The thieves had so many chickens in their conveyance when they went to make their escape that they were forced to discard six White Leghorns hens in Deserfield as they sped homeward. These chickens had their necks twisted. It is believed that an auto was used and the case has been reported to the county police.

The Grand Jury which at a previous sitting of the court had returned a true bill against the prisoner charging him with the murder of Alex. Dutki on the evening of March 30 last was present again and when his Lordship learned from the Crown Prosecutor that he had no further presentments for the jury, it was instructed by the Court to visit the two Public Hospitals in the city and also the county buildings.  
It is expected the murder trial will last two days owing to the fact that the majority of the witnesses will have to be examined through an interpreter.  
**EXPRESSION OF APPRECIATION**  
Mr. J. A. Lang, Former Fuel Controller Honored  
Fitting recognition of services was shown the city's former fuel controller at the council meeting last evening when Mr. John A. Lang was presented with a handsome gold-headed umbrella by Mayor Gross on behalf of the city. Just before the Council got down to business the Mayor requested Mr. Lang to step forward. "The members of the Council, myself and the citizens in general feel that they owe some mark of appreciation and thanks to you for your good services as fuel controller. They recognize the fact that during the period of the shortage of fuel you did much to relieve the situation. We, therefore, ask you to accept this token as an indication of this appreciation."  
The presentation was accompanied by applause on the part of the aldermen.  
Mr. Lang in expressing his acknowledgement and thanks replied: Gentlemen, I thank you very much. I am sure it will always remind me of your kindness and of the pleasure I found in doing something to relieve the fuel shortage. The work sometimes, you know was not very pleasant, but there
