

The Most Extensive Pure Bred Live Stock Establishment in the World.

New Importations Constantly Arriving.

Have Analyzed Excellence in Choice Breeding

Clydesdale Horses, Percheron-Norman Horses, English Draft Horses, Trotting-Bred Roadsters, Imported French Coachers, Cleveland Bays and Shetland Ponies, Holstein and Devon Cattle.

No further evidence is needed of the usual CARE with which our stock has been selected than the fact that the HUNDREDS of animals imported and sold by us during a career of ten years, every one, we believe, including all kinds and all breeds, is now alive and doing well, with the exception of only five. We feel safe in saying that no other establishment in America can approach such a showing for the length of time and the large number of animals.

No careful and judicious person will fail to well consider this important fact, in making his purchases. We invite critical inspection of our stock and careful comparison with that of any other establishment.
