**OPPORTUNITIES**

The vigorous development of the Canadian Northern Railway—now the second largest railway system in Canada—has thrown open immense new fields of activity to the business man and agriculturist. New enterprises have been made practicable in the six leading provinces, Ontario, Quebec, Nova Scotia, Manitoba, Alberta and Saskatchewan. Hundreds of new towns have been established—all prosperous and progressive communities—where opportunities wait for the enterprising. The story of this new birth of Canada as a first class commercial power in the world generally, and especially in North America, is well set forth in the interesting publication—

**O'Keefe's STAR BEER**

**Is In Tremendous Demand**

Everybody seems to be drinking "Star" Beer, these days. Everybody may drink it, too, because "Star" Beer contains less than 1 1/4% of alcohol, and is non-intoxicating.

That is why it is so popular—why orders are pouring in—why "Star" Beer is meeting with such unqualified success in the homes.

"Star" Beer has the delicious flavor and body of the finest lagers, but owing to the special method of brewing, it contains very much less alcohol.

Have your dealer send up a case.

**ELECTRICITY—**

—the light that's easy on the eyes. Thirty years ago glasses were a rarity on people under fifty years of age. But now-a-days there are so many more books, magazines, newspapers, etc., to read that most of the reading is done at night. It's reading by poor light that causes the eye-strain.
