

# Moscow Plants Dupes On Campus

Student activist Oscar Ammar relaxes and smiles thinly in spite of his patented Che Guevera get-up.

He looks past the bold red Soviet banner hanging from the ceiling and complains of "Red Baiting" in the recent student election.

But an *Enquirer* in-depth probe shows the "Red" infiltration is everywhere on the second floor of SUB, even after the disastrous Walker Executive defeat.

Don Millar, the new sexy strongman of the Federation of Alberta Students (FAS) ring-leads the circus of deceit and illusion out of the office of el-presidente of the Federation.

Mike Walker, props up the national component as treasurer of the Canadian Federation of Students (CFS).

On the radical fringe are several suspected card-carrying Communists and sometime FASists — Anne McGrath, Lorraine Mitchell, Chris Frazer, and Calgary operative Jim Stanford.

Mikey Walker,  
will try anything.

But the driving force behind the quiet conspiracy is Oscar Ammar, revealed as a Soviet-sponsored Cuban guerrilla posing as an estranged Lebanese-Arab nationalist.

With all that fire-power, the Walker Executive Orchestration failed to seize power in the last Students' Union election.

Sources report that the U of A "politburo" plans a massive counter-intelligence co-option scheme taken right out of Moscow's derivative revolutionary handbook *How to Subvert Friends and Influence Proletarians*.

Already SU President Robert Greenhill, who is not usually a boob, has been coerced to represent "student interests" prescribed by the FAS-Kremlin connection at the University's Board of Governors.

With Greenhill now out fighting for imperialist causes in the Falkland Islands, the Red Menace will move on vice president Teresa Gonzales, affectionately nicknamed "Gonzo".

"Gonzo" has been targetted as the stalwart of "superficial student interests," according to a confidential memo.

Meanwhile, special Alberta government envoy Rollie Cook is poised to strike back at the anti-establishmentarian mood raging on campus.

Sources say Cook will plant an "agent provocateur" in the Red midst to flush out the menace.

Recent patronage appointee Keith Krause, who will become a Legislative Intern next fall, could well be Cook's lackey.

Cook asked the *Enquirer* not to publish Krause's name.
