Medical School

EUGENE H. POOL '95

Business School

LIONEL C. PERERA, G. '31

Engineering School

J. BUCKLEY BRYAN '23

To Members of the Club:

The enclosed booklet, written by a non-member graduate following a brief visit to the Club, is sent to you with the thought that it may be of special interest at this time.

You probably know that, during the depression, there has been a considerable net decrease in the membership of the Club. This, of course, has materially affected the income. Fortunately, by careful management and strict economy, the cash position remains sound. Obviously, however, if membership continues to decline, it may become necessary to reduce the staff and curtail facilities. To prevent this, a quiet effort is being started, through a special committee of which Mr. Thomas W. Lamont, '92, is chairman, to interest alumni, who would make desirable additions to the Club, in becoming candidates for membership.

To assist the effort, the Board of Managers has authorized certain concessions with respect to candidates proposed during the next few months. Details of these concessions and the schedule of membership dues will be found on the back of this letter.

Among your classmates and friends there are undoubtedly a number of men who would make desirable additions to the Club. It would be a service to the Club if you would get in touch with them and, if they are willing, have them proposed and seconded for membership.

Very sincerely yours,

LANGDON P. MARVIN
President
