

August 23rd, 1916.

Dear Sir -

I have your communication of the 19th instant, expressing the wish to have your children attend the day classes at the Norway House Boarding School, and in reply I would state that, provided there is accommodation and the teachers have no objection, the Department is quite willing that your children should have the benefit of instruction in these classes. The Principal is being written to accordingly.

Yours very truly,

Deputy Superintendent General.
