CHAPPELLE'S P. E. ISLAND

[1881.

ESDALE FOUNDRY & MACHINE SHOP.

McKinnon & McLean.

It is a conceded fact that a country to become prosperous, must protect and encourage HOME MANUFACTURE.

Ours is a *Home Institution*, where we make STEAM ENGINES and BOILERS, Lobster Factory Supplies, Mill Gear of every description, Threshing Mills and Fanners, Ploughs, Pulverizers and Ships' work of all kinds, in IRON and BRASS.

As Agents for the LEFFEL & VULCAN WATER WHEELS, we would direct the attention of Mill owners and others, who use Water power, to the foregoing cut of the Water Wheel we are supplying. It is the original design, combining the latest improvements of Leffel's Patent, manufactured by Paxton, Tate & Co., Ontario, which we can furnish at lowest prices and most reasonable terms.

We also furnish BURR STONES, Improved EUREKA SMUTTERS, BOLTING CLOTH, cut to order and ready to put on Reel, and all MILL FURNISHINGS, cheaper than ever.

We would ask the special attention of Millers to our SILVER STEEL MILL PICKS, for Burrs,—Carbon edged, and warranted. Give them a trial.
