A. E. MCKENZIE & Co.  
Brandon, Manitoba.

## An Extract From Her Letter

"If you could only be here this winter morning and see for yourself, you would no longer doubt me. Roses are blooming in our front yard, and all nature is as far advanced in this lovely American summerland as it will be in your cold eastern home by June.

We made the trip to California via the Union Pacific to avoid the detour routes. As a new line is commenced on the Union Pacific in reaching your destination, there are fewer accidental expenses en route.

"If you want to reach California without suffering any of the inconveniences of winter travel, be sure that your ticket reads over the Union Pacific. We rode on that great California train, The Overland Limited, which surpasses any train traversing the American continent."

## WALTER WOODS & CO.

WHOLESALE WOODENWARE

147 Bannatyne Ave., Winnipeg.

An increasing number of retailers are taking their cash discounts this season. This is the result of the improved conditions of retail trade. The circulation of ready money through the country is the result of good prices for farm produce and the steady demand for labor at comparative wages.—Toronto Globe.

W. F. Maclean has introduced a bill in the Dominion House in regard to telephones and telephone companies. The bill provides for government control of telephones and telephone companies and for not only the control of rates but that they might be raised from time to time by the government. Provision is also made for taking them over by the government. The bill has already had its first reading.

It is known as the Manitoba Act and is applied to Ontario. The question will be decided by a majority of the electorate, but to validate the act that majority must be equal to a majority of the total number of voters polled at the general provincial election, which will take place earlier in the year. The question of compensation will be left over for subsequent settlement. Should the referendum result in the enactment of the act, compensation must be faced by the legislature then existing. Finally, the bill becomes law, if made valid, May 1, 1904.
