

John Deere Engine Plows

JOHN DEERE LITTLE ENGINE PLOW,
4 and 6 Bottoms.

JOHN DEERE JUNIOR ENGINE PLOW,
6 and 8 Bottoms.

JOHN DEERE BIG ENGINE PLOW,
10, 12 and 14 Bottoms.

The ENGINE GANG is the plow for all day and all night work, all the year round, without fatigue. One medium-sized outfit will do what several teams and many hired men could never accomplish.

QUICK DETACHABLE SHARES.

On the ordinary Engine Plow many hours of valuable time are wasted in changing shares. By our new quick detachable arrangement provided on all plows they can be changed in one-fifth of the time taken on other makes.
