

Paterson's Red Star Brand

Patent Wire-Edged Ready Roofing
and Heavy-Tarred Felt Paper

ECONOMICAL
DURABLE
FIRE-PROOF

A shows method of laying Red Star Brand Wire-Edged Ready Roofing, with 2 inch laps secured by nailing two inches apart. B shows wires running through the edges of the roofing, giving it great strength at the joints or laps—a very desirable feature, especially in localities where high winds prevail.

LEAKY
SHINGLE
ROOFS
MADE
TIGHT

Leaky roofs may be made **WATERTIGHT** and **DURABLE**, without removing the shingles, by covering the roof with Red Star Brand Ready Roofing as shown in above cut.

Poultry Pays Progressive People. The Farmer can make more money by applying himself to Poultry than his neighbor can make raising grain on 100 acres of choice land. With a flock of 500 hens a man can make \$1,000 to \$1,500 a year. *Farm Imp. News* of Jan. 7 is authority for this statement. Poultry raising cannot be carried on successfully without proper Poultry houses. By using Paterson's Ready Roofing (which is much cheaper and far better than shingles) and by lining the house with tarred felt paper, which makes it warm, rainproof and vermin-proof, you make the right start to success in the Poultry department. Write us and you will receive samples. The best hardware stores handle our goods.

The Paterson Manufacturing Co., Limited, Toronto, Montreal, St. John, Halifax

The Books Are Free

Spavin
Kine Bone
Knee Sprain
Fistula
Poll Evil
Lamp Jaw

If you have a horse that is lamed or bloated by any kind of a growth or enlargement, that is Bone Spruing or has Fistula, Poll Evil or Swinson, or if there is a case of Lump Jaw among your cattle, write us at once. We will send you two big booklets. One tells you just how to cure these diseases and bleedings. The other proves that you can cure them, and we guarantee you success besides these medicines employed by over 100,000 far and short owners. Write for the books and tell us what kind of a case you have to treat.
