Little children, Jesus calls you, Mid your work and 'mid your play, Day by day His sweet voice calleth. Listen, you will hear Him say:

THE SHEPHERD'S CALL.

"Come to Me, My son, My daughter, Give to Me thy youthful heart; Come, for I alone can bless you, And true happiness impart."

Jesus is your loving Shepherd, And, when sheltered in His fold, He will keep you from all danger, Shield you from the bitter cold.

Little lambs, your early childhood He will fondly watch and tend; And through little joys and sorrows He will be your faithful Friend.

He will love you, guard you, keep you, He will be your constant guide; And not death itself shall harm you While He standeth by your side.

Listen, then, for now He calls you; Listen to His voice to-day. Will you give your hearts to Jesus? Sure, you will not say Him "Nay?"

ARE YOU WATCHING?

A young lady whose parents had died while she was an infant, had been kindly cared for by a dear friend of the family. Before she was old enough to know him, his business took him to Europe. Regularly he wrote to her less dissipation? through all the years of his absence, and never failed to send her money for all her wants. Finally word came that during a certain week he would return and visit her. He did not fix the day nor hour. She received several invitations to take pleasure trips with her friends during that week. One of these was of so pleasant a nature that she could not resist accepting it. During her trip he came, inquired as to her absence, and left. Returning, she found this note:

" My life has been a struggle for you; might you not have waited one week for me?" More she never heard, and her life of plenty became one of want.

American Missionary

Letter From a Minister's Wife in India-How She Keeps Well Through the Long Summer.

The following is from Mrs. P. H. Moore, the wife of a Baptist minister in Nowgong, Assam, India:

"I have been in Assam since January, 1880, with the exception of one year in America. After being here for several years I found the climate was weakening me and my blood was altogether too thin. I began taking Hood's Sarsaparilla every summer. This I found so beneficial that since my return to Assam in 1891 I have taken one dose of Hood's Sarsaparilla every day, the first thing in the morning, for 9 months in the year, that is, through the hot weather. My weight does not vary more than one pound throughout the year. My general health has been excellent and my blood is in good condition." Mrs. P. H. Moore. Remember

hour of his return, but he has said, "Watch!" and shou'd he come to-day would he find us absorbed in thought-

SEVERE BRONCHITIS YIELDS PROMPTLY TO DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE.

I used your Dr. Chase's Syrup of Linseed and Turpentine for a severe attack of Bronchitis. I got better from the time of taking the first dose. Having a family of young children, my doctor's bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially. W. R. AN INCIDENT.

On a railway train the writer noticed the entrance of a mother and little son who were unexpectedly greeted by a friend of the mother. The friend was only going from one way station to the next, while the others were on a long journey. There happened to be but one vacant double-seat in the car and into this the boy slipped, taking the seat next to the window. His mother, eager to improve the ten minutes with her friend, asked her son to give up his seat and take another for that little time, so that she could sit with her friend: "No, I won't; because I want to sit by the window, and all the other seats have people already at the windows."

"But darling, only ten minutes, and then you can sit by the window

"No, I won't go. I want to sit by the window now.

"But, dear, not to give mamma

" No."

"Not for just ten little minutes,

insisting on the right and courteous thing, but murmuring gently that " Bobby did so enjoy looking out of the window.'

When seven-year-old Bobby becomes Robert, the husband, his sad little wife will wonder, "Why is it that men have so little tenderness for their wives?"

A CLOUD OF WITNESSES

Proclaim in no Uncertain Sound the Pain Annihilating Properties of South American Rheumatic Cure.

Here's evidence enough to convince the nost skeptical that South American Rheunatic Cure does all that is claimed for it. Mrs. Parkin, of Binbrook, completely cured of sciatica with four bottles. W. McFarlane, of Hamilton, laid up several weeks with acute rheumatism. Three bottles cured him. Mr. Sinclair, of Hamilton, over 70 years old, could not raise his hand to his head from rheumatism. Three bottles cured him. Mr. Adams, of Hamilton-sciatica so bad could not walk-cured in four days—and thousands more.

PENITENT CROW.

This is the story of a tame crow named Richie, who once showed a feelof penitence, or at least a disposition to "make up." He was in the habit of receiving cracker and water from his mistress' window, but sometimes deposited it with all solemnity on the requited the kindness by seizing the tumbler in his bill and hurling it to in his most captivating manner, evidthe ground.

At other times he would enter the room unobserved and commit such havoc as only crows are capable of removing the corks from bottles and emptying the contents in perfect torrents over the floor, plucking the pins from the pin cushions and scattering writing materials, letters and bric-abrac in every direction.

One day he entered the window, marvellous. eized an unused lead-pencil, and, befor the indignant servant could snatch it away from him, flew off with it to a neighbouring tree.

Coughs and colds need not be endured; they can be cured, and that quickly.

Many mixtures are temporary in effect, but Scott's Emulsion of Cod-liver Oil with Hypophosphites is a permanent remedy.

The oil feeds the blood and warms the body; the hypophosphites tone up the nerves; the glycerine soothes the inflamed throat and lungs.

The combination cures. This may prevent serious lung troubles.

refused to recognize him in any way and pushed him away from her window when he came for his food. He flew off, and within five minutes appeared again bearing in his bill the stolen pencil, bereft of its rubber end piece, but otherwise uninjured. He window sill, and then bowed and cooed ently begging for a restoration to favor.

PILES CURED WITHOUT THE USE OF KNIFE BY DR. CHASE.

I was troubled for years with Piles and tried everything I could buy, without any benefit, until I tried Dr. Chase's Ointment. The result was Two boxes completely Jas. Stewart,
