TO SAY THAT YOU SAW THE ADVERTISEMENT IN THE FARMER'S ADVOCATE IS BUSINESSLIKE.

YOU BUILD YOUR FENCE TO SUIT YOURSELF

The above cut shows our five strand Anchor Fence, 40 inch uprights, 5 to the rod

You Require no Complicated Fence Machine; No Expert Labor

Anchor Fence is made of No. 9 Coiled Spring Steel Wire, with No. 9 or No. 7 uprights. The Anchor Clamp, at the crossing of the wires, holds them absolutely rigid.

Anchor Fence provides doubly for contraction and expansion, by its coiled wire and the use of automatic ratchets. With a few simple tools, you build it yourself.

If You Want a Woven Fence

you find it in our Majestic Woven Wire Fence, the most elastic and durable of woven wire fences. Made exclusively of best imported galvanized steel wire.

Notice the reverse twist; this gives you the desired elasticity, and locks the running cables firmly to the deeply crimped uprights. The heaviest and strongest woven wire fencing on the market.

If you want fence write for our catalog F., which gives a lot of valuable information regarding fencing.

Barn and Elevator Paints

For preserving all exposed surfaces against the ravages of a climate which, on account of its great extremes of temperature, no ordinary paint can withstand.

The big Milling and Railroad Companies recognize us as The Paint Specialists of the West. For the same reason it will be exceedingly wise for

G. F. Stephens & Co., Limited

Winnipeg - - - Canada

N. B.—The drop top of a paint can takes up space, therefore we make *Stephens* cans larger than regular size. You always get a full gallon when *Stephens* name is on the can.

The Maple Leaf Gold Sheaf Harvest Tools

These tools are tempered by the same process used in the tempering of the famous Maple Leaf Saws. They are the best goods of the kind ever offered to the Canadian public. Every tool is warranted. Handles made of best second-growth white ash. It pays to use the best. If your merchant has not got them, send to the
