you get the best family flour on market. It is a blend of the Manitoba and Ontario wheats. It is always uniform. There is no guesswork in making the blend.

Why use ordinary and uncertain flour when you can get "ENCOR" and thus be certain of your results?

**As Important as Buying Groceries.**

Nothing anywhere near as important except possibly to cook them.

Poor Groceries cannot be turned into good food, no matter how expert the cook may be.

A dollar saved by buying cheap groceries will probably turn out to be **TWO** wasted.

A loss of nourishment.

A waste of eatables

A lack of relish.

We invite all particular housewives to test the goodness of our groceries—then to act as they find them—that's all.

We take especial care to provide nothing but the best ingredients for that Christmas cake.

**New Fruits**  
**New Nuts**  
**Pure Spices**  
**Best Flour**

Quality never sacrificed to give quantity.

We invite you to visit us in our new store. You will see lots of things to interest you.
