F-BROTHER AND SISTER MARRIED

People Were Loved They Were Cousins—Fell in Love, Elop

and Wed.

ELAS, Texas, Feb. 3.—M. E. Burdette and Nora Henderson were married on April 10, 1908. Three years later they learned that they had a half brother and sister. Today the young woman fled from her father in order to have the marriage annulled. The mother of the couple was twice married. After the death of the first husband, named Burton, the boy, named Burton, was sent to live with his mother and never left her. The second marriage of the girl was to a man named Henderson. As they grew up together, manhood and womanhood relatives taught them that they were cousins. They fell in love, eloped, and were married three months before the fact was known.

HERST, N. S., Feb. 2.—A very serious accident occurred today at a coal mines about three miles from Maccan station, when Peter Maccan, underground manager, and a cutter, Charles Ackles, were killed. Two men were working at the new slope which has just been opened, when a car loaded coal broke away from its chain and back crushing them beneath it. Ackles received some bad cuts and is badly fractured, while Ackles rushed about the hips and internal injuries and cuts about the chest.

They were brought to Amherst and Highland View Hospital. He is married and belongs to London. He is resting very easy but the doctors have little hope of recovery.

SCHOONER GEORGIA, BOUND HERE, GROUNDS ON ISLAND

Captain and Crew Marooned on Monro Island, Maine. Vessel Starts to Assist-ance of Wrecked Schr. but Fails to Reach Her. Crew Escape by Climbing from End of Jibboom to Surf.

ROCKLAND, Me., Feb. 10.—While trying to get in Fairport Bay to seek shelter the three-masted schooner Georgia of New York, Captain Smith, master and ran her forefoot on the break headland of Monro Island, off Owl's Head, during the heavy snow squall early today. Although the captain and crew have been unable to communicate with the mainland and are virtually marooned on the island by heavy seas, it is believed that all made their escape from the schooner by climbing from the end of the jibboom through the surf.

Unable to Reach Her. A fishing schooner belonging to M. T. Jameson & Co. of Owl's Head was sent out to the assistance of the wrecked vessel, but was unable to go close in shore upon reaching the island. By the time the fishermen reached the scene the masts of the stranded schooner had fallen and the vessel was being blown to pieces on the rocks. The fishermen could see a fire on the island and could see some men near the masts of lobster fishermen on another part of the island. It was reported that the captain and crew of the Georgia, after making their escape perilously from their doomed craft, landed on the island and then discovered the masts of the fishermen found shelter there.

After running in close enough to make out the name of the schooner as the Georgia, the fishermen from Owl's Head returned and reported. It will be impossible for any boat to make a landing at the island before tomorrow. The place where the Georgia went ashore is on the southwest part of Monro Island, which is a bleak and barren rock unattended except by a few fishermen. It is only a few miles from Owl's Head.

The Georgia was built in 1873 at Harrington, Maine, and was rebuilt completely about five years ago. Her net registered tonnage was 201, and she was valued at about \$3,000. She carried ordinarily a crew of six men. The Georgia was bound light from Portland for St. John, N. B., to take on a load of lumber.

ONE KILLED AS RESULT OF WIND

NEWARK, N. J., Feb. 10.—One person was killed, another injured, possibly fatally, and serious material damage was done late today when a wind of great force struck this city. Roofs were torn off buildings, signs were blown down and the telegraph and telephone systems were temporarily paralyzed. David H. Bowditch, 65 years

THREE MORE FINED FOR SELLING LIQUOR

L. P. Farris Keeps Busy on Construction Line. N. B. Exhibit for the Sportsmen's Show—Little Dog in McArthur & McVey Suit Against St. John.

FREDERICTON, N. B., Feb. 11.—At Edmundston yesterday Hon. L. P. Farris, commissioner of police for the Transcontinental R. R., heard charges of illegal liquor selling against Emile Albert and M. Albert, of St. Hilaire, and Thomas Pournier, of St. Anns, all three being fined \$50 and costs. Mr. Farris tomorrow at Boiestown will try a case against Charles Labelle who is charged with selling liquor at McVey's siding. Plans for a daily mail delivery between this city and Manguerville to replace the present tri-weekly service, are maturing and it will be commenced in the spring. New Brunswick guides are loading a car today with their proposed exhibit at the New York Sportsmen's Show which opens the last week in February. Not much progress was made in the McArthur-McVey lawsuit against St. John in the circuit court this forenoon, Judge White granting an early adjournment to enable Judge George J. Colter to attend a relative's funeral at Kenwick. The supreme court meets tomorrow, when judgment is expected in the Carleton election appeal. David Nelson is dead at Ruskgomts at the advanced age of 83 years.

FOUND GUILTY OF KILLING HIS WIFE

Sectionman Beat His Wife to Death With a Poker.

TORONTO, Feb. 10.—Walter Bythe, the Canadian Pacific sectionman, who on Sunday, January 3, killed his wife at Agincourt by beating her to death with a stove poker, was found guilty of murder by the jury, before Mr. Justice Hildell last night in the criminal sittings. The jurors were out 56 minutes. The judge after pronouncing their conclusion as a righteous one deferred sentence. Bythe was then taken back to jail. He is seemingly a narrow wreck and never uttered a word throughout the proceedings. Arthur Folkes shot himself in the mouth on Lansdowne avenue last night. He was found lying by the roadside and died on the way to the hospital. Folkes was a married man and had been out of work since last February.

of age, was driving a wagon which was blown over and he was hurried to the pavement. He died shortly after. Samuel Galtze, sixteen years old, another driver, was caught under his wagon as it was blown over. Both his legs were broken and he was otherwise injured.

ST. PIERRE SCHOOL QUESTION SETTLED; GOV'T GIVES IN

Will Grant Permission to Conduct Denominational Schools—Leaders of November Riots to be Prosecuted as Soon as Military Force is Increased.

NORTH SYDNEY, N. S., Feb. 10.—Private letters received here from D. Gauvin, attorney at St. Pierre, Quebec, and also from other parties in the colony, throw some light on the probable final settlement of the vexed school question at that place. It is stated that well grounded rumors are circulating to the effect that at last the home government in France has yielded to the demand of the people of the colony to grant the permission to re-open denominational schools, the refusal of which permission was the cause of the trouble in November last. The people are confident that the next issue of the official gazette will chronicle the decision of the home government.

The conference which M. Viellot, professor of Fort Christopher College (denominational school) announced would be held at the cafe Du Midi to further consider the school question was afterwards cancelled. The postponement of the intended conference indicated some radical changes in the situation, and some of the head partisans of the schools are authority for the statement that messages had been received from France from Louis Legasse, member of the Chamber of Deputies for St. Pierre, to the effect that the re-opening of the denominational schools would shortly be authorized. Further and more serious trouble would undoubtedly have followed the holding of M. Viellot's conference as a second and much larger demonstration was on foot to enforce on the government the request of the people. St. Christopher College had been closed since December 19th last, and proceedings against the professors have not yet ceased. The correctional court which met on January 15th, deferred judgment in these cases. It is further reported that a commission has been appointed by the Government to inspect and report on the premises of the denominational school. This decision has raised the hopes of the people who are now convinced that a satisfactory settlement is in sight.

An investigation will be held by one of the magistrates of the town inquiring into the trouble of the 16th and 17th of November last when a riot which took place culminated in the lowering the Tricolor and the raising of the Stars and Stripes in some of the places in town. It is also understood that the ringleaders of the demonstration will be prosecuted to the full extent of the law. The investigation is only withheld awaiting the arrival of an additional force of ten Gendarmes now on their way from France to augment the present force which is considered insufficient. In the event of trouble, this step is only being taken as a precaution as the fact that the warship Admiral Aube, which landed 150 sailors and which were to have remained at St. Pierre during the winter, has re-shipped the men and left the island, thus showing that serious troubles are no longer anticipated and that the home government will accede to the demands of the people.

SPAN AND FRASER QUIT THE GOVERNMENT SERVICE

MONCTON MEN OBJECT TO TELEPHONE RATES

Say They Will Use the Telegraph More in Future

St. John K. of P. Officers Tendered a Banquet—Five Young Men in Court for Stealing Liquor.

MONCTON, N. B., Feb. 11.—Last evening Col. Dodge and Adjutant Everett, of St. John, visited the local branch of Moulson's Co. No. 2 Uniform Rank Knights of Pythias, and inspected and installed officers for the ensuing year, after which in their honor, a tastefully arranged banquet, the work of the ladies of Central Methodist church was held. Speech making by visitors and others was indulged in and a general good time spent. Jack Bursick, Joe Thistle, Ben Lebiano, George Bowser and George Cameron were this morning brought before Magistrate Kay charged with breaking into and stealing from the bonded warehouses here a quantity of liquor, and were remanded until Monday morning at ten o'clock. Evidence against the suspected parties is very strong as liquor has been found in houses where accused lived. A number of prominent Moncton business men have been interviewed with respect to the increase in telephone rates recently made by the New Brunswick Telephone Company and the objection in the long distance time charges. All have spoken against the change and some have announced they will display the telegraph for their business messages for which the telephone heretofore was employed.

MANY FINE BIRDS IN POULTRY SHOW

Exhibition Opens at Hartland—Difficult to Choose Winners

HARTLAND, N. S., Feb. 10.—The second annual show of the Carleton and Victoria Poultry Association began this morning. There are five hundred entries or fifty percent more than at last year's show. The various coops are all pretty well up to the standard and Dr. Grant, the judge, finds it difficult to select prize winners. The gale that has prevailed all day kept down the attendance, but nevertheless there were more tickets sold today than on the first day a year ago. The chief features of attraction besides the birds are incubators in operation and some fine cooties and the great array of special prizes. The number of exhibits is a surprise to everyone. At a public meeting last evening George E. Baxter, of Andover, gave demonstration on killing and drying poultry. Dr. Grant gave a splendid address on poultry raising for farmers.

Hon. J. K. Flemming, B. F. Smith and Frank Hagerman were other speakers. The gathering was comparatively small on account of the severely inclement weather. Interest in the show is widespread and it tomorrow is the big attendance is certain. Today at Edmundston the postponed cases of Emile and Maxine Albert, liquor violators, were heard before Commissioner Farris. Each was fined fifty dollars and they paid up. Thorne Fowner, of St. Anns, was also fined fifty dollars by default. A warrant was issued for his arrest.

RUSSIA REPLIES RATHER SHARPLY

Veiled Threat in Words of Russian Turkish Ambassador

VIENNA, Feb. 10.—The Constantinople correspondent of the Freie Presse telegraphs that M. Zilovietz refused the Turkish counter proposal with the words: "That is no answer to our proposal. I hope tomorrow to hear a decision which will come within the sphere of the Russian proposal." The Allgemeine Zeitung, after discussing the extraordinary financial proposition by which Turkey seeks, or pretends to seek, to rid herself of the Russian war indemnity, says that the St. Petersburg cabinet is staggered by this arithmetical diplomacy and is no doubt painfully affected by it.

NO DICTATION," SAYS OPPOSITION IN JAPAN

Government Should Provide Proper Outlet for Emigration

YOKOHAMA, Feb. 10.—The opposition press criticizes Count Komura's references to the limitation of emigration in the Diet, made in his recent speech before the Diet, and insists that it is the duty of the government to find profitable outlets for the Japanese and not permit other powers to dictate its policy. The Yaraizu doubts the assurances that the California legislation is not likely to cause any serious questions, and thinks the position of the Japanese has become increasingly dangerous, irrespective of the passage of the bills. The Nichi Nichi compares the cry to expel the "unclean and immoral Japanese child" to the "voice of the devil and the madness of the savage."

MOSCOW, Feb. 10.—A wealthy old woman who committed suicide at Odessa, Russia, yesterday, left a letter saying she could not bear to spend her own money on keeping alive, and she knew that no one would give her charity.

Their Resignations are Now in the Hands of Mr. Brodeur

Step is the Result of the Findings of the Cassels' Inquiry. Admiral Kingsmill Named as Successor to Spain

OTTAWA, Feb. 10.—Following the report of Mr. Justice Cassels on the marine department Commander Spain, Dominion wreck commissioner, and J. J. Fraser, commissioner of Lights, will step out of the government service. Their resignations are now in the hands of Hon. Mr. Brodeur, Commander Spain will complete his reports with regard to several recent wreck investigations before he finally vacates his office. Mr. Fraser has been under suspension for nearly a year, and his retirement from service was a foregone conclusion as soon as Justice Cassels' report was presented. It will be remembered that in the case of both of these officials Justice Cassels found the charges made against them sustained. In the case of the other officials of the department affected by the report further action will be taken by the Minister of Marine in the near future. It is probable that Admiral Kingsmill, head of the fishery protection service, will succeed Commander Spain as wreck commissioner, combining both offices.

In connection with the vacancy on the supreme court bench, created by the death of Justice Macdougall, one of the Justices of the Ontario Court of Appeal, and of Hon. F. R. Sutherland, ex-speaker of Commons, are prominently mentioned as probable successors. His fitness as other gentleman for the position is unquestioned. Mr. Justice Ouler by reason of long and eminent services on Ontario high court bench, has earned the promotion and the position will probably be offered to him if he cares to accept it. Hon. Mr. Sutherland has a high standing as a member of the Ontario bar and is authorized on constitutional law. His appointment would be generally satisfactory to members of both sides of the house, all of whom were impressed with the dignified, careful and able manner in which he discharged the duties of speakership during the last four years. It is probable, however, that the appointment will not be definitely decided on by the government for some time yet.

GIRL, 15; MARRIED ON SIGHT; DIVORCE ASKED

Bread-Wagon Driver Repents of Hasty Wedding in Camden

PHILADELPHIA, Feb. 10.—A story of a boy teased into marrying a girl whom he had never met before was told by Frank W. Sautter of 1806 North Warnock street, before Judge Audenried yesterday, when Sautter petitioned the court to appoint a guardian ad litem for his wife, Edna Sautter, whom he is suing for divorce. Sautter said he was driving a bread wagon on October 10, 1908, and met a friend with two girls at Tenth and Jefferson streets. The friend introduced him, and asked him to go with the party to Camden to be a witness to his marriage. Reluctantly Sautter went, and he and one of the girls, Edna Whartenby, an orphan, 15 years old, "stood up" with the sipping pair. Then the newly married pair suggested that he and Edna Whartenby be married also. Sautter hung back, but Edna seemed "willing." Finally he agreed, he said, and he and Edna were married by the same minister who performed the first ceremony.

After the ceremony the four came to this city and engaged adjoining rooms, but as he had to work at night, Sautter said, he saw very little of his wife for the first three days, and after that she decided the marriage was only a joke and left him. Later, he said, he found she was traveling with a theatrical company under the name of Edna Barle. The company is now in Denver. The court appointed John J. Fryer of 314 Jefferson street, uncle of the youthful wife, as her guardian, to appear for her during the proceedings.
